Station, Madras, Dated the 9th January 1912

From / Name/ The Hon'ble Mr. A.G. Bourne, D.Sc. F.R.S.C.

(Designation) Director of Public Instruction,

Madras.

To The Secretary to the Government of Madras,

Educational Department,

Su,

With reference to G.O. No. 563 Mis. Educational,
dated 12th August 1911, I have the honour to state that
on receipt of a reference from the Secretary to the
Commissioner of Revenue Settlement, Land Records and
Agriculture requesting me to inform the Board of the
possible demands of this Department for accommodation
in the present buildings of the College of Engineering
and the bungalow attached thereto at Chepauk, I con-
sulted the Curator of the Oriental Manuscripts Library
as to the expediency of utilizing a portion of the
above mentioned buildings for the combined offices and
Libraries of the Oriental Manuscripts Library and the
Registrar of Books. He reports that the new block of
building which forms the southern end of the College

and lies to the north of the workshop and which consists of two floors is specially suited to the requirements of the above libraries and that with slight alterations it can conveniently accommodate both the institutions one on each floor. I am therefore requesting the Secretary to the Commissioner of Revenue Settlement, Land Records and Agriculture to reserve this portion of the Engineering College buildings as well as the Bungalow at Chepauk and certain outhouses required for the use of the Presidency College. In these circumstances and in view of the fact that the Chepauk site is more central for these libraries than the old College compound, I have the honour to request the favour of early orders as to whether the submission of plans and estimates called for in G.O. No. 563, dated 12th August 1911 referred to above may be deferred for the present.

I have the honour to be,

S i r,

Your most obedient servant,

C. K. S. Iyengar

For Director of Public Instruction.

Note This will tend to economy as the cost of adapting the Engineering College buildings to suit the O. Mus. Library and the Office of the Registrar of Books will be less than that of constructing an entirely new building. From the D.O. received from Mr. Castleman Street this day, it is seen that the question of the future uses of the Eng^g College

Buildings will soon be decided.

2. Reference is solicited in this connection to H. M.'s remarks on page 42 of So. 40563 Wms of 12.8.11 in which he considered the proximity to the Museum & the Connemara library as a point in favour of the site in the Old College Compound. But the question of Cost would seem to give preference to the Eng^g College buildings which as the D.P.D. states, are also more
