Station, Madras, Dated the 20th January 1912.

From (Name) The Honble Mr. A.G. Bourne, D.Sc., F.R.S., C.I.E.

(Designation) Director of Public Instruction,

To The Secretary to the Government of Madras,

Educational Department,

Sir,

M. In their order No. 789, Educational, dated 25th November 1908, Government sanctioned the acquisition of a site as an addition to the play ground attached to the Government College, Kumbakonam. But in G.O. No. 165, Educational, dated J 18th March 1909 it was ordered that this site should be reserved for the construction of quarters for the Principal, Mr. Hodges having considered it the better of the two sites selected for the purpose. An estimate amounting to Rs 14,050/- for constructing such quarters was next sanctioned in G.O. No. K. 195 W., dated 8th March 1910 and when a revised site plan shewing the position of the buildings and outhouses required for the Principal which was sent to the Director by the Superintending Engineer, 5th Circle, with reference to the concluding portion of paragraph 1 of the above G.O. was referred to

5/5/6

Mr. Yates, the acting Principal, he strongly objected to the site on sanitary grounds and declared it utterly unsuitable and unhealthy. At the suggestion of the Superintending Engineer, who after a personal visit to the site in September last, was satisfied as to the soundness of the objections raised by Mr. Yates, the Hon'ble Mr. Stone referred the matter under the provisions of G.O. No. 1319 W., dated 13th November 1909 to a committee consisting of the Collector of Tanjore, the District Medical and Sanitary Officer and the Executive Engineer, Cauvery Division. The Committee in their report (copy enclosed) are unanimous in their condemnation of the site in question and have gone even so far as to suggest that if it is desired to enforce the general policy of requiring Principals to live in the immediate vicinity of their Colleges, Kumbakonam should, in their opinion, be made an exception as there is no difficulty in obtaining accommodation for the Principal in a healthy and open quarter of the Municipality within 8 minutes' drive of the College. I have always understood that there was difficulty and that the only available house was in very bad repair, but on the strength of this Committee's report I cannot but request that the proposal to build a house for the Principal in the vicinity of the College at Kumbakonam may be abandoned at any rate for the present.

2. Mr. Yates further proposes that as the site in question has already been acquired it be given over to the College as more space is wanted for games and as it will enable the College authorities to keep it clean and tidy instead of being rendered insanitary by cattle and by passers by. I support this proposal.

3. As regards the progress of the work, the Superintending Engineer informs me that it has scarcely begun and that the materials collected for it can be used

with

in my opinion

6 6 / cp. 8000. 2347
10.1.1

with advantage on the extensions to the College now in progress.

X

I have the honour to be,

Sir,

Your most obedient servant,

G. H. Maxm

for Director of Public Instruction.

M. S. S.

Tanjore Collector's Office

R.C. 2145 Eng of 1911.

Dated 27th October 1911.

From

R. F. Austin Esquire, I.C.S.

Acting Collector of Tanjore.

To

The Director of Public Instruction,

Through

The District Medical and Sanitary Officer, Tanjore

The Executive Engineer, Cauvery Division.

Sir,

In reply to your R.C. 7659 of 1910, dated 14th October 1911, I have the honour to inform you that I have inspected the site selected for the erection of the Principal's quarters between the Hostel and College at Kumbakonam once in company with the Principal, Mr. Yates and once with the District Medical and Sanitary Officer and the Executive Engineer, who with me formed a committee for the purpose of reporting. I am of opinion and in this, I think the committee are unanimous that the site selected is most unsuitable for the purpose of erecting a bungalow. It lies immediately next to the Cauvery bank and is so low as to be almost a swamp for a considerable portion of the year. It has adjoining it on the east the College latrine and a drainage channel and on the west the Hostel latrine and a stagnant pool. It is also so narrow as to afford a very inconvenient compound. It appears to be most unhealthy and inconvenient. I also can find no site on the north of the Cauvery and east of the bridge which is open to the objection on the ground of its level. I may add that there are no habitations except a few small huts and the Hostel in that quarter, and that if it is desired to enforce the general rule of requiring Principals to live in the immediate vicinity of their College, Kumbakonam should in my opinion

2. 8 8 9
be made an exception. There is no difficulty in obtaining accommodation in a healthy and open quarter of the Municipality within 8 minutes' drive of the College. I am forwarding this through the District Medical and Sanitary Officer and the Executive Engineer.

I have the honour to be,

S i r,

Your most obedient servant,

/Sd/ K. V. Srinivasan,

For Collector.

R.C. No. 1631 dated 1st November 1911.

REAPPROPRIATION OF GRANTS UNDER 45 CIVIL
WORKS PROVINCIAL. 11

C.No. 13524. From the Superintending Engineer, Seventh Circle, No. 112-W, dated 20th November 1911.

C.No. 13528. From the Superintending Engineer, Sixth Circle, No. 55 C.E., Camp, dated 17th November 1911.

D.W.

The currents read above relate to certain modifications of grants proposed by the Superintending Engineers Sixth and Seventh Circles, under 45 Civil Works Provincial. The several items brought forward are noted on below :--

(1) Constructing a residence for the Principal, Kumbakonam College, Cauvery Division. In G.O., No. 195-W, dated 8th March 1910 an estimate amounting to Rs. 13,760 was sanctioned for the work. The existing grant for the work in the current year is Rs. 12,000 against which an expenditure of Rs. 904 was incurred to end of September 1911. The Superintending Engineer now surrenders a sum of Rs. 10,300 with the following remarks. The suitability of the present site being objected to by the Principal it is referred to the Committee~~xxx~~ for report. It is not likely that the work will be carried out this year. In this connection attention is invited to G.O., No. 165 Educational, dated 18th March 1909 in which the site already pitched upon was approved by Government on the recommendation of the then Principal (Mr. Hodges) and the Director of Public Instruction. The present Principal (Mr. Yates) wants to have the building on a different site and the work has consequently been stopped by the Superintending Engineer. The

Superintending

Superintending Engineer ought not, it is submitted, to have stopped work merely at the request of local officers, vide G.O., No. 224-W, dated 15th March 1910. However, as the grant for the work cannot be spent during the current year, *it* is submitted that the surrender of Rs. 10,300 may be accepted but the special attention of Educational may be invited to the matter for such action as may be considered necessary with a view to expedite the commencement of the work.

A draft order is submitted. If approved, it may be sent to Educational, Judicial and Financial Departments U.O. for acceptance.

S.K.
4-1-12

CNO. 205. From the S.P.D. Rec No. 7609 / 10 dt 20th January 1912

Please see the S.P.D.'s letter on pages 4 to 8 of current file which explains the circumstances under which the proposal to build a house for the Principal of the Govt. College, Kumbakonam in the vicinity of the College has to be given up.

2. The general policy of requiring Principals of Colleges to live in the immediate vicinity of their Colleges to which reference is made in the S.P.D.'s letter is enunciated in para. 3 of the resolution of the Govt. of India No. 819-331 dt 16.5.06 printed in G.O.

D. 392 Etdy 5th June 1906. How far this policy has ~~been~~ been carried out in this Presidency will be seen from the letter to the Govt. of India No. 441 Etdy

B. 6th July 1911. The resolution of the Govt. of India referred to above does not insist on the provision of quarters for the principals of ^{all} colleges to which hostels are attached. It is ~~entirely~~ in the discretion of the local Govt. to decide whether quarters are needed or not in individual cases.

G. 499 Etdy 27-8-09 the Principal of the College is the Warden of the hostel (Victoria Jubilee hostel) and he is assisted by a Sub-Warden who should be a Hindu member of the staff of the College. The latter is residing in the hostel premises. The ^{the} ~~some~~ and discipline of the hostel are maintained by

para. 8 of report on p. 3 of G.O. 505 Etdy 25.7.11

the Sub-Warden under the immediate supervision of the Warden. If the Warden can, as reported by the side Committee, obtain accommodation in a healthy and open quarter of the Municipality within 8 minutes' drive of the College the Govt need not perhaps insist on the construction of quarters for him near the College.

4. If it is decided to give up the construction of the Principal's quarters the land acquired for the purpose may be added to the existing play ground in fact the acquisition of this plot of ground as an addition to the play ground was sanctioned

M. in G.O. 789 Etdy 25-11-08 which was subsequently
J. modified by G.O. 165 Etdy 18-3-09.

5. The outlay already incurred on the work and the liabilities are estimated at Rs 1,700. The Supt Engineer states that the materials collected for the work can be used with advantage on the extensions of the College sanctioned in G.O. 234 Etdy 10-1-11 and which are now in progress.

b. It is for consideration whether the proposal of the S.P.G may be accepted and the file transferred to the P.W.D. for issue of orders.

Circd in Bx M-36.

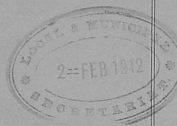

PR
30.1.12 H.M. The proposal to abandon the construction of a bungalow for the Principal may be considered abandoned & the S.P.G. requested to report his final views after his next visit to Kumbakonam. Meanwhile

P.W.D. may use the materials collected in
College extensions now in progress
