To The Secretary to the Government of Madras,

Through Educational Department,
The Accountant General

I have the honour to submit a copy of a letter from the Inspector of European and Training Schools, C. No. 23 E/17 dated 11th January 1912, and to request the sanction of Government to the scheme therein outlined for giving lectures on cookery to the European Women teachers employed in European Schools in the Madras and the Chingleput districts. The scheme may be tried this year as an experimental measure, and if the results justify expectations, the question of continuing the lectures may be considered.

2. A re-appropriation statement showing the source from which the estimated cost of Rs. 600 for the first course may be met is submitted herewith.

2.

3. I request the favour of early orders on the
proposal.

C. No. 23/E/12.

From

J. H. Melville Esq.,

Acting Inspector of European and Training Schools,

To

The Director of Public Instruction,

Madras.

Sir,

I have the honour to submit ^{herewith} a scheme for giving lectures on cookery to the European women teachers employed in European Schools in Madras and Chingleput Districts.

2. At present the subject of Domestic Science is not, I think, properly taught in European Schools for want of teachers competent to handle the subject. Mrs. Deighton residing in Pakala Salt Factory, Nellore district, who was for 9½ years a Domestic Economy Instructress and Hygiene Lecturer under the London County Council, is willing to come over to Madras, twice a year and deliver a series of lectures on cookery in two courses.

3. The first course consisting of about 20 lessons may be begun in February next and extend for a month and the second course in July or September following.

4. I am writing to the correspondents of European Schools in Madras and Chingleput Districts to find out how many teachers will be able to attend the courses, and on getting this information I shall be able to arrange the classes for the first course. The classes will be held before 9 A.M. or after 4 P.M. so as not to interfere with their school work. At the rate of 5 lessons a week each course will be finished in a month.

5. The classes for the present may be held in only one centre i.e., the Doveton Girls' High School, Vepery, where there are facilities for the purpose and which is in a central position.

6. Miss. Sampson, Headmistress, Doveton Girls' High School, Vepery represents that the school committee has no

4

objection to lend the school house, furniture, Kitchen utensils etc., for the use of the classes. A grant of Rs. 395 has been sanctioned in Proceedings Ref. on C. No. 7448/11 dated 2nd December 1911 for the purchase of certain cookery articles for the Doveton Girls' High School. Miss. Sampson has sent in a revised list of articles with ~~an~~ view to purchase such utensils as may be required by Mrs. Deighton for holding the cookery class within the amount sanctioned. I submit this list for favour of your approval in a separate communication.

Mrs. Deighton demands a salary of Rs. 150 a month. I think the salary claimed is not much in consideration of the fact that her services are to be engaged for temporary periods twice a year.

The approximate cost of the scheme for 1912 is estimated at Rs. 1200 as shown below:-

	Rs.
Expenses for two courses in Domestic Economy ..	
Ingredients for the 1st Course (Two classes) ..	200
Ingredients for II course (Two classes) ..	240
Mrs. Deighton's salary two courses ..	300
× Conveyance charges including Mrs. Deighton's carriage hire (two courses) ..	200
× Railway fare for Mrs. Deighton to and from Madras (two courses) ..	100
Implements over and above those to be purchased for the Doveton Girls' High School ..	100
× <u>Servants</u> ! ..	20
× Incidental charges ..	40
Total.	1200

The estimated cost for a course is thus only Rs. 600. I do not expect the actual cost to exceed this amount. I request that permission be granted for opening the classes in February. The cost for the Ist course may be met from the savings under the head "Vacation lectures".

Should the lectures this year prove successful and the results justify going further in the matter, *it* would probably be advisable to continue and extend them in subsequent years. I thought it better, however, to start them in a small way with

5
not too ambitious a scheme. I should add that the idea of holding these classes originated with Mr. Stone when acting Director who personally requested me to prepare a scheme.

I shall be glad to receive early orders on the matter so as to give me time to complete the arrangements this month.

I have the honour to be,

Sir,

Your most obedient servant,

/Sd/ J. H. Melville,

Acting Inspector of European and Training
Schools.

Forwarded to the Secretary to Government, Educational Department.

2. It has been ascertained from the Director of Public Instruction that Mrs. Deighton, whose services are proposed to be engaged for giving lectures on cookery, holds no permanent appointment under Government.

3. There is therefore no audit objection to the proposal being sanctioned by Government.

4. I would however request that Government will be pleased to declare to what class Mrs. Deighton should be considered to belong and to what daily allowance she will be entitled under article 1004 Civil Service Regulations. It would perhaps be simpler to sanction the payment of a lump sum to Mrs. Deighton for conveyance charges, railway fare, servants, and incidental charges.

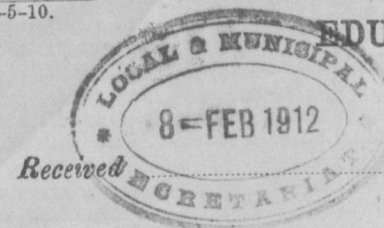

5. The extra expenditure can be met as indicated in the reappropriation statement.

6. It is presumed that the necessary ^{reappropriation} statement showing the source from which the estimated cost of Rs. 600/ for the second course can be met, will be submitted later on, before incurring the extra expenditure.
