G.O. No. 794, Educational, dated 15th November 1911.

ABSTRACT.—Approving the proposals of the Director of Public Instruction to sanction the payment of building grant to certain European schools.

II

Note by the Chief Engineer, Public Works Department, dated
25th January 1912.

The Director of Public Instruction submits to Government for a grant-in-aid an estimate amounting to Rs. 20,000 and two plans for constructing an asylum for the St. Joseph's European Boys' school at Bellary.

2. The plans and estimates have been scrutinised in the Chief Engineer's office. The arrangement of roof timbers, sections and design for trusses, etc., should be in accordance with C.A. No. 268/1911.

3. The pressure on soil is 1.08 tons per square foot. The Superintending Engineer should satisfy himself that the foundations provided are suitable.

4. Cutstone templates have been provided under the trusses in the Chief Engineer's office.

5. The thickness of the reinforced slab floor proposed, viz., 4" is insufficient. It would have to be 7" thick reinforced longitudinally with $\frac{1}{2}$ " rods at 6" centres and laterally with $\frac{1}{4}$ " rods at 6" centres. Top reinforcement similar to the above would be required over the supports extending to $\frac{1}{4}$ the span on each side.

It will be found that an ordinary terraced floor will be cheaper and it is consequently recommended that such a floor should be adopted. The sections of the teakwood joists and rolled steel joists for this floor have been worked out in detail in the Chief Engineer's office and shown in green on pages attached to the estimate submitted.

6. The rates for concrete, rubble in mortar, burnt stone in mortar and archwork appear to be low and if Government propose to allot two-thirds of the actual cost of the work, it is recommended that these rates be reconsidered.

7. The time required for the completion of this work will be from 16 to 18 months.

8. With these remarks the estimate amounting to Rs. 22,770 as altered in the Chief Engineer's office is recommended for sanction.

C. A. SMITH,
Chief Engineer, P.W.D.

Order—No. 141, Educational, dated 19th February 1912.

Under article 57 of the Code of Regulations for European schools the Government are pleased to sanction a grant not exceeding two-thirds of the actual

expenditure, nor exceeding Rs. 15,180 towards the cost of construction of an asylum for the St. Joseph's European Boys' school, Bellary, subject to the following conditions :—

(1) That in carrying out the work the suggestions of the Chief Engineer in his note read above are adopted ;

(2) that the work is completed before the 30th September 1913 ;

(3) that a certificate of the actual expenditure incurred on the work is submitted before the 31st October 1913 ;

(4) that all other conditions prescribed in the Code of Regulations for European schools have been duly complied with.

2. On the above conditions being fulfilled the grant will be paid as funds become available.

PUBLIC WORKS DEPARTMENT.

Note by the Chief Engineer, Public Works Department, dated 25th January 1912.

The Director of Public Instruction has submitted an estimate amounting to Rs. 20,000 for constructing an asylum for the St. Joseph's European Boys' school at Bellary. The estimate has been scrutinized in the Chief Engineer's office and as the result of certain alterations in structural details the amount of the estimate has been increased to Rs. 22,770, and the estimate is recommended by the Chief Engineer for sanction.

2. The file may now be returned to the Educational Department for disposal.

EDUCATIONAL DEPARTMENT.

Please see the list on page 4 of G.O. No. 794, Educational, dated 15th November 1911. The cost of constructing an asylum for the St. Joseph's European Boys' school, Bellary, was estimated at Rs. 20,000 and the Director of Public Instruction recommended a two-thirds grant, namely, Rs. 13,333. As a result of certain alterations made by the Chief Engineer in structural details, the amount of the estimate has been raised to Rs. 22,770. Submitted that the amount of the grant may be correspondingly raised to two-thirds of Rs. 22,770 or to Rs. 15,180.

2. The amount of the grant thus arrived at is rather a big sum, and that is the

Materially in excess of the old Rs. 10,000 limit, but for a precedent see G.O. No. 483, dated 17th July 1911.

maximum admissible under article 57 of the Code of Regulations for European Schools. The payment of two-thirds grant to all the schools mentioned in the list on page 4 of G.O. No. 794, Educational, dated 15th November 1911, has been approved by the Honourable Member—please see his note on page 10 of that Government Order. It does not therefore appear that a distinction can be made in the case of this school and the grant reduced to one-half instead of two-thirds.

3. A draft order is submitted for approval. The amount of the grant is put in as Rs. 15,180 subject to approval.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular paper to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b¹) For rules regarding printing of notes, see the rules in G.O., No. 1220, Public, dated 30th November 1900.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Deputy Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Deputy Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.
