Letter—from the Hon'ble Mr. H. SHARP, C.I.E., Joint Secretary to the Government of India, Department of Education (Education).

To—the Secretary to the Government of Madras, Educational Department.

Dated—Calcutta, the 6th February 1912.

No.—323.

I am directed to address you in continuation of the Home Department letter No. 1000—1007, dated the 20th November 1907, and the Department of Education letter No. 1171—1178, dated the 16th August 1911, on the procedure to be adopted in the award of State scholarships tenable abroad.

2. In the former of these communications, it was requested that Local Governments should, in the autumn of each year, decide upon the industry to be studied, issue a notification inviting applications not later than December, select the candidates by the end of March, and forward recommendations so as to reach the Government of India by April 15th at latest. Owing to the difficulties which are now experienced in arranging suitable courses in certain subjects, the Secretary of State has requested that, where such difficulty is anticipated, he should be informed at a very early date of the course of study proposed, and that, before the scholar concerned is permitted to proceed to the United Kingdom, an assurance should be awaited that suitable provision can be made.

3. The Government of India think that the most convenient course for conforming with the request will be as follows :—

If the notification issued in December or earlier invites applications for a scholarship in any subject in arranging for which the Local Government anticipate there may be difficulty, or in the subjects of the extraction of alkalis, the extraction of vegetable oils, the study of fats, oils and soaps, glass-making, pottery or the manufacture of sugar (in all of which difficulty has already been experienced), a copy of the notification should at once be sent to the Government of India, who will communicate with the Secretary of State early in January. The procedure following will be as laid down in the Home Department letter of the 20th November 1907. But the Government of India will not make their final selections till they have ascertained from the Secretary of State that suitable arrangements can be made in such subjects. In case courses cannot be arranged in any subject, it may be found convenient to mention more than one industry in the notification, so that there may be a certain range of subjects and of candidates from which selection can be made.

4. The Secretary of State has further pointed out that students already resident in the United Kingdom are occasionally nominated for State scholarships, and that the establishment of the Educational Adviser's Bureau in London has provided the India Office with sources of information concerning such students which may not always be within the reach of the Government of India. I am accordingly to request that if any such candidates are recommended for the State technical scholarships, the scholarships for domiciled Europeans and Anglo-Indians, the scholarships for the pursuit of research in oriental studies or the scholarships awarded by Universities (all of which are tenable abroad), the earliest possible intimation may be afforded to the Government of India regarding the circumstances of the student, the course of study he proposes to pursue and his address in the United Kingdom. The Government of India will then telegraph these particulars to the Secretary of State, and will await a communication from him before selecting the scholars or, in the case of the scholarships awarded by Universities, arranging for their passage to England.

5. I am to ask that, with the permission of the Governor in Council, the procedure indicated in the preceding paragraphs may be adopted in future. It is hoped that this modification may not cause delay in the selection of scholars and the arrangements for their departure. The despatch of early intimation on both points by local Governments to the Government of India will obviate delay. And the Government of India will transmit to local Governments the views or instructions received from the India Office at the earliest possible date and if necessary by telegram.

6. Finally, as regards State scholarships to be awarded during the current year, I am to ask that the Government of India may at once be favoured with copies of the notifications issued in December last and with the earliest possible intimation as to candidates for any kind of State scholarship who may be resident in the United Kingdom.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be written distinctly.

(c) For rules regarding printing of notes, see the rules in G.O., No. 1220, Public, dated 30th November 1900.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Deputy Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Deputy Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.
