From (Name) The Hon'ble Mr. A.G. Bourne, D.Sc., F.R.S.C.I.E.,

(Designation) Director of Public Instruction,

To The Secretary to the Government of Madras, Madras.

Educational Department,

Sir,

With reference to paragraph 2 of my letter R.C. No. 2433 / 11., dated 19th October 1911, I have the honour to submit a revised application for grant together with the necessary plan and estimates for the installation of an oil gas plant required for the laboratory of the A. M. College, Madura, and to recommend that a grant not exceeding Rs. 2,830 or one third of the actual cost of the work, whichever may be less, may be sanctioned to be paid as funds become available on submission of the necessary vouchers by the Correspondent of the College.

2. The Correspondent reports that in the supplement to the report of the University Inspection Commission it is stated that "The management are required to make early arrangement for a gas supply and an electric current supply".

As the College will not be able to arrange for both gas and electricity in one year he proposes to provide for a gas plant only during the current year. Although he applies for a half grant on the entire cost I recommend only a third grant as was done in the case of similar installations for other Colleges.

3. With reference to the sum of Rs. 2,552-3-0 shewn as the cost of the gas house I am asking the Correspondent to apply for a third grant under Chapter VIII of the Grant-in-Aid Code. This application, when received, will be dealt with by me as the amount of grant sanctionable for the purpose is within my sanctioning power.

4. As the Correspondent represents that the supply of gas is urgently needed for the science laboratory, I am permitting him to purchase the plant without prejudice to the question of grant.

5. I request that the enclosures may be returned when no longer required.

I have the honour to be,

S i r,

Your most obedient servant,

R. A. Arneve

for Director of Public Instruction.
