## State Technical Scholarship.

Recommending T. Sakharama Rao for the — to be awarded during the current year and  
D. Sadasivam for a second scholarship.

## GOVERNMENT OF MADRAS.

## EDUCATIONAL DEPARTMENT.

READ—the following papers:—

## I

*Letter*—from the Educational Advisor.  
*To*—the Director of Public Instruction, Madras.  
*Dated*—the 9th February 1912.

I enclose herewith an application from Mr. D. Sadasivam for a Government of India technical scholarship. This student was sent to England in 1910 by the South Indian Industrial Association in order to study applied chemistry and the manufacture of textiles at the Municipal School of Technology, Manchester, and was placed by that association under my guardianship. While I feel that I am precluded from making recommendations for the grant of Government of India scholarships, I have pleasure in stating that while he has been under my guardianship Mr. Sadasivam's conduct has been entirely satisfactory, and that the reports which I have seen about him from the Principal of the Municipal School in Manchester have been unanimously good.

## ENCLOSURE.

*Letter*—from Mr. D. SADASIVAM, Third year Chemist, School of Technology, Manchester.  
*To*—the Chief Secretary to the Government of Madras.  
*Dated*—the 5th February 1912.

I am a non-Brahmin graduate of the Madras University and a native of Mannārgudi, Tanjore district. I took a first class in physical science in the B.A. degree examination. I have also been awarded the Pearce gold medal of the S.P.G. College, Trichinopoly. I have been studying applied chemistry including bleaching, dyeing printing and finishing of textile fabrics in the School of Technology.

I stood first in the "Dyers' Section" in the last mid-session examination, and was placed in the first division in the sessional examination. I hope to be able to take B.Sc. Technical degree of the Victoria University this June.

Since the course of studies for the degree examination is specially adapted for the working conditions of Lancashire district, it would be necessary for me to spend about two years more to do some practical work to fit myself thoroughly for work amidst the different surroundings and conditions that obtain in Madras.

I intend, after my return to India, to throw in my lot with the dyeing industry of Madras just now reviving. With this end in view I have made up the following rough plan of work:—

- (1) Dyeing trials of Madura red, blue and combination of both.
- (2) Commercial valuation of dyers' tannings and other material.
- (3) Dyeing and hand printing trials on fabrics made partly or wholly of plantain
- (4) Turkey red dyeing on yarn and piece-goods.

I hope to be able to fill up the details and modifications of the scheme within the next few months.

I expect also to be able to get some experience in a dyeworks after finishing my work at the school.

I shall be deeply indebted to the Government if it will help me on with a two years' scholarship from September next.

It will also be of great help to me if the dyeing expert to the Madras Government will favour me with some practical suggestions on the above or similar scheme.

## II

*Letter*—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., C.I.E., Director of Public Instruction, Madras.  
*To*—the Secretary to Government, Educational Department.  
*Dated*—the 9th March 1912.  
*No.*—Ref. on Cur. 873.

With reference to paragraph 3 of G.O. No. 77, Educational, dated 30th January 1912, I have the honour to submit the applications for the State Technical Scholarship received from the following persons:—

(1) T. Sakharāma Rao, B.A., who passed the B.A. degree examination of 1911 with Physics as his optional science in which he was first in the first class. He has had a six months' post-graduate course in Physics at the Presidency College Laboratory and has been working as an apprentice in the Public Works Department Workshops at Bezvada.

(2) V. Ganesa Aiyar, B.A., who passed the B.A. degree examination with Physics as his optional science. He has undergone the three years' course of training for Mechanical and Electrical Engineers at the College of Engineering, Madras, and is now undergoing his practical course at the Public Works Workshops, Madras.

(3) T. K. Ramaswami Aiyangar, B.A., who passed the B.A. degree examination in 1908 with Mathematics as his optional science. He is now in his third year course in the Engineer class of the College of Engineering, Madras.

(4) P. K. Ittyerah, B.A., whose qualifications are similar to those of No. 3 *supra*.

(5) M. K. George, B.A., who graduated in 1902 with Physics as his optional science and is at present a teacher in the U.F.C.M. High School, Conjeeveram.

(6) Irtiza Hussain, B.A., who graduated in 1910 with Physics as his optional science. He is the only Muhammadan applicant.

(7) L. S. Pereira, B.A., who is a Eurasian graduate with Physics as his optional science and is at present a student of the Law College, Trivandrum.

(8) V. R. Halasya Nadhan who passed the Language branches of the B.A. degree examination of 1906. He has undergone a three years' course in Electrical Engineering at the Victoria Jubilee Technical Institute, Bombay, and is now in his fourth and final year course as an apprentice in the Electrical Works of the Royal Indian Marine Dockyards, Bombay.

(9) P. K. Pillai who has passed the language branches of the B.A. degree examination.

(10) J. M. Nataraja Pillai who is now undergoing his second year course in Electrical Engineering at the Victoria Jubilee Technical Institute, Bombay.

(11) T. Raghaviah who has passed the Matriculation Examination and is a student of Mechanical Engineering at the Victoria Technical Institute, Bombay.

(12) A. K. Subramanya Aiyar who has studied up to the Matriculation standard. He is now undergoing the third year's course in Mechanical Engineering at the Victoria Technical Institute, Bombay.

(13) R. Krishnaswami Rao who passed the Intermediate Examination of the Madras University in 1911. He is now a student of Electrical Engineering at the Victoria Technical Institute, Bombay.

(14) S. David who has passed the Matriculation Examination of the University of Bristol and has been awarded the junior diploma in Engineering by that University.

(15) V. Govinda Rao who passed the Matriculation Examination in 1903 and is at present a teacher in the Government Training School, Rajahmundry.

(16) John W. Mathew who passed the Intermediate Examination in 1911 and is at present a student of the Junior B.A. class in the Madras Christian College.

(17) J. D. Fonceca who has studied up to the Matriculation standard and was for some time employed in the Madras Glass Works as a bottle blower.

(18) S. A. Jesudasan who completed the school final course in 1911.

- (19) P. Ramachandran who has passed the Matriculation examination.  
 (20) K. S. Ranganatha Row who has studied up to the Matriculation standard.  
 (21) Ernest S. Verana who has studied up to the IX standard in St. Andrew's European High School, Bangalore.  
 (22) T. N. Narayanaswami Aiyar who has studied up to the Matriculation standard.  
 (23) T. V. Subbarayaloo who has studied up to the Matriculation standard.  
 (24) P. R. Natesan who has studied up to the V form.

2. Of all the applicants No. (1) T. Sakharama Rao seems to me to be most deserving of the scholarship and I therefore recommend him for the same. He is a native of Mangalore, has the consent of his guardian to proceed abroad and is certified by Lieutenant-Colonel G. G. Giffard to be in perfect health and of good physique capable of standing a European climate. He has much the best educational record and is recommended for the scholarship by the Madras Students' Advisory Committee.

3. I herein enclose a recommendation roll on his behalf in accordance with G.O. No. 585, Educational, dated 23rd August 1911.

## ENCLOSURES.

(1)

RECOMMENDATION roll for the award of the State Technical Scholarship.

| Number. | Name of candidate and place of origin.                                     | Age.      | Parentage (father's name, occupation, etc.)                                                                                                | Academic and practical qualifications of the candidate.                                                                                                                                                                                                                                                                                       | Subject chosen for study. | Whether physically fit to undergo the necessary training.                         | Prospects of employment on return. | Remarks.                                                                                                                                                                                                 |

Giffard, I.M.S. | .                                  | Testimonials given to the applicant by his Professors as well as by the Superintendent of the Public Works Workshops at Bezwada are attached. He has also the consent of his guardian to proceed abroad. |

(2)

Letter—from TOMBAT SAKHARAMA RAO, Park Town, Madras.  
 To—the Director of Public Instruction, Madras.  
 Dated—the 22nd February 1912.

Being desirous of prosecuting my studies in an English University, I beg to present myself as a candidate for the State Technical Scholarship for Electrical Engineering.

I belong to a highly respectable family well known in South Canara. I was born and bred up in Mangalore and am a British India-born subject in every sense.

As a student, I have won fair distinctions in all the University examinations, being second in the Presidency in the Matriculation, fifth in the Presidency in the F. A. Examination and first in the first class in the Physical Science Branch of the B.A. degree examination.

I have further undergone a six months' post-graduate course in Physics in the Presidency College Laboratory. After this purely theoretical training, I have been working as an apprentice in the Public Works Department Workshops, Bezwada, with a view to gain some practical knowledge of Mechanical Engineering.

All the necessary certificates are herein enclosed.

I beg that you will kindly grant me this scholarship.

## SUB-ENCLOSURES.

(a)

These lines are granted to Mr. Sakharama Rao to help him to procure the State Technical Scholarship for the study of Electrical Engineering. He has been attached to these shops for the purpose of obtaining a practical knowledge of Mechanical Engineering, which is more or less essential for a thorough course in Electrical Engineering. During his short stay here, he has shown himself to be most intelligent, hard working, and very keen to master all work that has been given him, and with opportunities and encouragement, there is no doubt he will succeed in mastering the profession he seeks.

P.W.D. WORKSHOPS, BEZWADA,  
 16th February 1912.

E. J. SOHUE,  
 Superintendent, Work shops.

A. G. RONALD,  
 Asst. Engr. in charge of Workshops.

(b)

CENTRAL COLLEGE, BANGALORE,  
 6th February 1912.

Mr. T. Sakharama Rao, B.A., was a student in my senior class during the session 1910-11. I considered him to be an exceptionally talented student, and was not surprised at his winning the Arni Gold Medal of the University of Madras for Physical science at the B.A. examination. From what I have seen of his work in Physics (both theoretical and practical) I am sure that he will make a successful Electrical Engineer. I can, with every confidence, recommend him strongly as most suitable for election to a State Engineering scholarship.

In addition to his mental equipment, I believe Mr. Sakharama Rao to possess a sound constitution and to be of a vigorous and self-reliant character. I may, perhaps, mention that Mr. Sakharama Rao, although he was a student of this College for a year, is British-Indian-born, being a native of South Canara.

E. P. METCALFE,  
 Professor of Physics.

(c)

CENTRAL COLLEGE, BANGALORE,  
 5th February 1912.

Mr. T. Sakharama Rao, B.A., was a student of this college during the academic year 1910-11. In the B.A. degree examination of April 1911, he carried off the Arni Medal for Physical science.

I formed a very high opinion of his character and ability when he was here.

He has an excellent knowledge of English and vigorous all round ability. He has great perseverance and very considerable ambition. I can recommend him with the utmost confidence as thoroughly worthy of the scholarship for which he is applying.

He is a native of South Canara, not a Mysorean.

J. S. TAIT,  
 Principal, Central College.

(d)

MADRAS CHRISTIAN COLLEGE,  
 21st February 1912.

Mr. T. Sakharama Rao, B.A., took the course for the B.A. degree at the Christian College in 1908 and 1909, with physics and chemistry as his science subjects. In these subjects he proved himself to be not only the most distinguished student in his classes, but by far the ablest student I have had for several years. He took very high marks in the various examinations, and in various ways showed that he had a special aptitude for science work. I have much pleasure in recommending him for the Technical Scholarship in Electrical Engineering.

A. MOFFAT, M.A., B.Sc.,  
 Professor of Physics.

(e)

CANARA HIGH SCHOOL,  
7th February 1912.

Mr. T. Sakharama Rao was a student from the lowest class up to Form VI. He passed his Matric from this institution in the first class. I always found him a painstaking and very intelligent student, and I have no reason to change my opinion about him even now as I find him keeping up his standard in the several University Examinations. He is a very obedient student and bears a good character. He belongs to a respectable family well known in these parts but the boy lost his father at a very early age. The boy deserves every encouragement.

A. VASUDEVA RAO,  
Headmaster.

(f)

*Certificate of Physical Fitness.*

I do hereby certify that I have examined Tombat Sakharama Rao, a candidate for a Government scholarship, and cannot discover that he has any disease, constitutional affection or bodily infirmity. His age is according to his own statement 21 years and by appearance about 21 years. I further certify that he has marks of vaccination.

Personal marks—

A small mole in centre of back with two dark hairs on it. A small dark mole on each wrist. He is in perfect health and in good physique capable of standing a European climate.

MADRAS,  
20th February 1912.G. G. GIFFARD, *Lieut.-Col., I.M.S.*

(g)

I, as the natural guardian of my brother T. Sakharama Rao, do declare that I have not the least objection to his going abroad and that he applies for the State technical scholarship for electrical engineering with my full consent.

KISTNA,  
17th February 1912.TOMBAT KESHAVA RAO,  
Overseer, P.W.D., Kaikalur.

(3)

*Letter*—from the Acting Secretary, Madras Students' Advisory Committee.  
*To*—the Director of Public Instruction, Madras.  
*Dated*—the 1st March 1912.

With reference to your Official memorandum R.C. No. 7821/11, dated 5th November 1912, inviting applications for the State Technical Scholarship in electrical engineering, I have the honour to inform you that at the meeting of the Madras Students' Advisory Committee held on the 29th February 1912, it was resolved to recommend to you Mr. T. Sakharama Rao, B.A., who is now an apprentice in the Public Works Department at Bezwada. He has a brilliant university record—first in the first class in physics for the B.A., high rank in the first class for the F.A., and second in the first class for the Matriculation. He has good credentials from his Professors and has informed me that he has got a medical certificate from Lieut.-Col. Giffard. I understand that he has the consent of his guardian to proceed to Europe. He is 22 years of age.

I believe he has already sent in his application with testimonials to you. His address is: Tombat Sakharama Rao, c/o B. Raghavendra Rao, District Surgeon, Bezwada.

Order—No. 295, Educational, dated 4th April 1912.

The Government of India will be addressed.

(True Extract.)

L. DAVIDSON,  
Ag. Secretary to Government.

To the Director of Public Instruction.

## GOVERNMENT OF MADRAS.

## EDUCATIONAL DEPARTMENT.

No. 296.

From

THE HON'BLE MR. L. DAVIDSON, I.C.S.,

Acting Secretary to the Government of Madras,

Educational Department.

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,

EDUCATIONAL DEPARTMENT.

Dated Fort St. George, the 4th April 1912.

SIR,

In accordance with the instruction in your letter No. 1171, dated the 16th August 1911, I am directed to enclose a recommendation roll on behalf of T. Sakharama Rao for the State Technical Scholarship to be awarded during the current year.

2. With reference to paragraph 5 of the Home Department Letter No. 1000, Education, dated the 30th November 1907, I am directed also to submit the name of D. Sadasivam for the favourable consideration of the Government of India and to recommend that, if a second scholarship be available through the dearth of eligible candidates in other provinces, it may be granted to him. He is a first-class graduate of the Madras University and was sent to England in 1910 by the South Indian Industrial Association to study applied chemistry and the manufacture of textiles at the Municipal School of Technology, Manchester. He will complete his course in June next and desires to do some practical work in England for a further period of two years. His application and a forwarding letter from Mr. T. W. Arnold, Educational Adviser, are enclosed in original.

I have the honour to be,

Sir,

Your most obedient servant,

L. DAVIDSON,  
Ag. Secretary to Government.

[Annexure.]

## ANNEXURES.

(1)

## RECOMMENDATION roll for the award of the State Technical Scholarship.

From the Director of Public Instruction, dated 9th March 1912, No. 873.

Please see G.O. No. 77, Educational, dated 30th January 1912, and the notes therewith.

L. DAVIDSON—1-3-12.

2. The candidate recommended by the Director of Public Instruction, namely, T. Sakharama Rao, appears to be the best of the applicants for the scholarship and his name may, it is submitted, be sent up to the Government of India. Sakharama Rao has also been recommended by the Madras Students Advisory Committee. No. 2, Ganesa Aiyar, seems to be also a deserving candidate.

3. In the linked file there are two applications for a State technical scholarship, one is from D. Sathasivam, a student of the Municipal School of Technology, Manchester, where he is studying Applied Chemistry, including bleaching, dyeing, printing and finishing of textile fabrics. He is a first-class graduate of the Madras University and was sent to England in 1910 by the South Indian Industrial Association. He appears to have made good progress in his studies and hopes to be able to take the B.Sc. degree in June next. He is well spoken of by Mr. Arnold, Educational Adviser, London. He applies for a scholarship for two years from September next in order to do some practical work on the completion of his school course to fit himself thoroughly for work in Madras.

4. It is for consideration whether D. Sathasivam's name may also be submitted to the Government of India for consideration. Under paragraph 5 of the Home Department letter No. 1000, Education, dated 30th November 1907, two or more names may be submitted to the Government of India and if there are no eligible candidates in other provinces an additional scholarship or two might be given to this Presidency. Two names were sent up last year and the Government of India allotted two scholarships to this Presidency. Sathasivam's case is similar to that of Sakharama Rao to whom the additional scholarship was given last year—*vide* G.O. Nos. 178-79, Educational, dated 28th March 1911, and G.O. No. 371, Educational, dated 14th June 1911.

5. The other applicant is one Duraiswami who is at present studying textile manufacture in the Victoria Jubilee Technical Institute, Bombay. He is a member of the Sourashtra community (Pattunulkars) and wishes apparently to study weaving in Europe. His case does not appear to deserve any special consideration.

T.K.—16-3-12.

R. SUNDARAM AIYAR—18-3-12.

Will the Director of Public Instruction kindly note his opinion about D. Sathasivam whose case is dealt with in the linked file.

L. DAVIDSON—19-3-12.

To the Director of Public Instruction.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

I know nothing of Sathasivam beyond what appears in the record. But I think that his name might be submitted along with Sakharama Rao's.

J. H. STONE—21-3-12.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

A draft letter to India is submitted for approval. A draft is also put up in the linked file.

T.K.—26-3-12.

C. RAMANUJA CHARI—29-3-12.

His Excellency the Governor.

L. DAVIDSON—30-3-12.

Approved.

M. H[AMMICK]—2-4-12.

C. No. 798 From the Director of Public Instruction, No. 873, dated 9th March 1912.

ORDER:- no 295 d 4-4-12  
Press

The Govt. of India will be addressed.

To the Secretary to the Govt. of India,  
Department of Education.

Sir,

In accordance with the instruction in your letter No. 1171, dated the 16th August 1911 I am directed to enclose a recommendation roll on behalf of T. Sakharama Rao for the State Technical scholarship to be awarded during the current year.

2. With ref. to para 5 of the Home dept. letter No. 1000, Education, dated the 30th November 1907, I am directed also to submit the name of Sadasivam for the favourable consideration of the Govt. of India and to recommend that, if a second scholarship be available through the dearth of eligible candidates in other provinces, it may be granted to him. He is a first class graduate of the Madras University and was sent to England in 1910 by the South Indian Industrial Association to study applied chemistry and the

INSTRUCTIONS FOR THE  
SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b) For rules regarding printing of notes, see the rules in G.O., No. 1220, Public, dated 30th November 1900.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

## INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Deputy Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Deputy Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.
