G.O. No. 204, Educational, dated 2nd March 1912.

ABSTRACT.—Communicating to the Director of Public Instruction letter from the Government of India making a grant of eight lakhs of rupees towards the improvement of popular education in the Madras Presidency.

II

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 15th March 1912.

No.—Cur. 2173.

The number of trained teachers at present available for employment in elementary schools is insufficient and this is partly due to the difficulty of persuading men to undergo training with the small allowance which is now given as stipend upon which they and in some cases their families have to subsist during the training course. I need not dwell upon the fact that there is nothing more important at the present juncture than to improve the physical condition of those undergoing training and to induce as many others as possible to follow suit. For this purpose it is necessary that the rates of stipend for elementary grade teachers fixed in rule 118 of the Madras Educational Rules should be increased. I have the honour therefore to propose that in the case of stipends an increase of Rs. 2 may be given in each case.

2. As corollaries of the above proposals I would recommend an increase of rupee one to the scale of stipendiary grants sanctionable under rule 47 of the Grant-in-Aid Code to the teachers of the elementary grade undergoing training in aided training schools.

3. These changes are shown in the annexure to this letter.

4. With regard to Panchamas of the elementary lower grade, it will be observed that I have proposed a special rate of stipendiary grant of Rs. 6; but I have not suggested any increase in the rate of grant on behalf of Panchamas taking the higher elementary course, as this is already disproportionately high. It would not however be desirable to reduce it to Rs. 7 which would be the proportionate rate.

5. This opportunity may be taken to change the terms "upper secondary" and "second grade collegiate" appearing in rule 47 of the Grant-in-Aid Code into "secondary" and "stipendiaries of higher qualifications than matriculates, etc.," respectively, so that there may not be any conflict between the classification adopted in the Madras Educational rules and the Grant-in-Aid Code.

6. To give effect to the above proposals, the following amounts should be transferred from the provision of Rs. 4,00,000 (special additional grants) to the heads detailed below :—

	RS.
22-F. Education—Government schools—special—	
(i) Training schools for masters—supplies and services—stipends ..	40,000
(ii) Training schools for mistresses—supplies and services—stipends ..	2,500
22-G. Grants-in-aid—	
Grants-in-aid—Non-European schools—	
Stipendiary grants in Training schools—	
(i) Masters	6,200
(ii) Mistresses	2,600

7. The new rates might well come into operation at once so as to affect the stipends for the current month (payable in April) and give the present stipendiaries every opportunity of improving their physique.

8. The question of increasing the number of stipends and the special measures that may be taken to afford temporary facilities for training an extra large number of teachers at the present juncture will form the subjects of further communications.

ENCLOSURE.
