Station, M a d r a s, Dated the *18th* March 1912.

From / Name/ The Hon'ble Mr. A.G. Bourne, D.Sc., F.R.S., C.I.E.,

(Designation) Director of Public Instruction,

To The Secretary to the Government of Madras,
Educational Department,

Sir,

I have the honour to request that Government will be pleased to sanction a special scholarship of the monthly value of Rs. 50/- to T.K. Ramaswami Aiyangar, B.A., to enable him to undergo a postgraduate course of training in Electrical and Mechanical Engineering at the Indian Institute of Science at Bangalore.

The applicant passed the B.A. Degree Examination held in 1908 with Mathematics as his optional science and joined the Engineering Class of the College of Engineering, Madras. He is now in the third year course and will complete his studies in the College in April next. He was one of the applicants for the Government of India State Technical Scholarship to be awarded during the current year for the

study of Electrical Engineering and has been strongly recommended by the Professor of Mechanical Engineering of the Engineering College and by the Hon'ble Mr. P. Kesava Pillai as an industrious student who deserves encouragement. There was, however, a better qualified candidate for this scholarship and moreover this student's guardian has objected to his leaving the country. I recommend that the scholarship be given from 1st July 1912 for a period of three years provided the student submits at the end of each term a certificate from the Director of the Institute that his conduct and progress in study have been satisfactory during the term.

I have the honour to be,

S i r,

Your most obedient servant,

R. A. Arivu.

for Director of Public Instruction.

Eduel DEPARTMENT.

NOTE FILE.

C. No. 900 From the D.P.O. No 2297, dated 18-3-1912.

SUBJECT.

Scholarship for the study of electrical and mechanical engineering at the Indian Institute of Science, Bangalore.

The D.P.O. recommends that J.H. Ramaswami Aiyangar, B.A., an Engineer Student of the College of Eng. Madras, may be granted a special scholarship of Rs 50 p.m., for a period of three years from 1st July next, to enable him to undergo a postgraduate course of training in electrical and mechanical engineering at Indian Institute of Science in Bangalore.

2. The scholarship recommended does not come under any of the rules now in force. It is recommended mainly in the interest of the candidate but scholarship is a recognised item of educational expenditure and can be sanctioned by the Govt.

3. If it is decided to sanction the scholarship, it may be considered whether a scholarship of Rs 50 p.m. is necessary in this case. As Madras Students at the Indian Institute of Science (vide para 2 of Dr. Morris Travers's D.O. of 13-10-08 on page 1 of the notes with G.O. no. 51 Fintl of 2nd February 1909)

Page 1-2 CF

Page 1 CF.

V

are required to pay no fees & admitted free the scholarship is required solely for the maintenance of the student during the course and for this a scholarship of Rs 30 p.m. seems to be sufficient.

J.H.
21.4.12

page 107

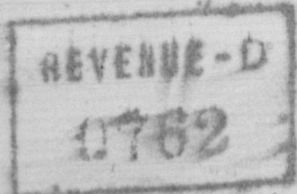

I do not think Rs 50 is excessive. The nominee is a graduate of 1908 & has put in a 3 years course at the College of Engineering. Bangalore is not a particularly cheap place to live in & he will have to provide himself with a certain number of books & possibly instruments. As to the proposal being in the nominee's interests I doubt if it is from the pecuniary point of view. It will be another three years before he can make a start in life whereas with his qualifications he could probably get employment on good terms now. I think we might well make use of the Institute of Science in this way. But I feel sure.

Res. } us.

D.P.I.'s letter
Page 1-2 CF.

The proposal is to grant a scholarship of Rs 50 per mensem for a period of 3 years from 1-7-12 to T.K. Ramaswami Aiyangar B.A., ^{Lately} a student in the College of Engineering, to enable him to undergo a postgraduate course of training in Electrical and Mechanical Engineering at the Indian Institute of Science, Bangalore.

2. A regular scheme of Scholarships for enabling students to prosecute studies in the Bangalore Institute has not been sanctioned. From the D.P.I.'s present letter it is apparent

Page 1-2 CF.

that the recommendation has been made mainly in the interests of the Candidate.

3. The Government ~~scholarships~~ Scholarships now granted to students preparing for the M. A. degree Examination are of the monthly value of Rs 20 each; while the Scholarship granted by the University out of ^a private endowment for those studying for the M. L. degree Examination is Rs 30 per ensem. It is for consideration, in case the grant of the Scholarship is approved, whether the amount may not be fixed at Rs 30 per ensem especially in view of the fact that no fees are to be paid at the ~~Bangalore~~ Indian Institute of Science, Bangalore, for instruction.

Education - Scholarships."
(Page 148 of B.E. 12-13)

Institute is a matter for consideration in the administrative dept. If it is thought desirable Finl. need raise no objection on Finl. grounds.

2. As regards this particular case it may be noted that Govt. scholarships for the M.A. are usually, it is understood, reserved for first and second class graduates. The individual under consideration is a third class Mathematics graduate. For an Indian, it is believed, Bangalore is no dearer than Madras, and the scholarship, if it is decided to grant one, may be limited to Rs 20/- as noted above ~~for~~ ~~as charged~~ Madras. ~~Students~~ ^{and charges} / no fees at the Institute.
