Your Excellency,

I am requested by the British National Council of the Fund for the Improvement of European Schools in India to make a respectful appeal to Your Excellency, as Governor of Madras, for a Donation to the Fund and to point out to Your Excellency that European Schools in the Madras Presidency, in common with the schools in other Presidencies and Provinces, will participate in the benefits of the Fund, through its Joint Committee which was formed last year for the purposes of the appeal to Great Britain and for the subsequent administration of the Fund through the All-India Committee on which it is duly represented.

If we raise four lakhs of rupees in India, a lakh will be added to the Indian Section of the Fund by an Anglo-Indian. We shall be very grateful for any help towards securing that lakh which Your Excellency may be good enough to give us.

I have &c. &c.

All-India (Interim) Committee,

Calcutta,

22 April 1912.

Your Excellency,

In reply to Your Excellency's letter of 17th April, I beg to enclose a copy of the letter of 14th March which I sent to all the Governors and Lieutenant-Governors of Presidencies and Provinces in India.

May I add that, in addition to the donations (official and personal) from the Acting ~~xxx~~ Lieutenant-Governor of Bengal to which I referred in my letter to Your Excellency of 3rd. April, I have received Rs 200 as a personal donation from the Governor of Bombay and letters from him and the Lieutenant Governors of other Provinces which indicate that we are likely to receive favourable consideration of our request in those quarters?

I have the honour to be

Your Excellency's faithful Servant

Alex. Francis

Hon. Sec. of the British National Council and the All-India Committee.

Department of Education

17-5-12

The British National Council and the All India Committee of the Fund for the Improvement of European schools in India apply for a donation from the -- Government of Madras. Endeavours are being made both in England and India to raise a fund of not less than £250,000 with which

- (1) to improve the work of the existing European schools in India by the employment of better teachers,
- (2) to place educational facilities within the reach of all Anglo-Indians by providing scholarships for the assistance of those children whose education would otherwise be neglected, and

- (3) to promote the training of teachers in India.

The All-India Committee wants to raise a sum of at least four lakhs of rupees in India, as one who is indebted to European schools in India has made an offer of a lakh of rupees to the Indian section of the Fund on the condition that four lakhs more are contributed in India within a year. The Committee appears to have succeeded up to this in raising Rs.1,22,780. Please see para 2 of the "Occasional notes" in the Madras Mail dated 6th May 1912.

2. The object for which the fund is raised being avowedly educational there appears to be no -- objection to make a grant in aid of it. A grant however cannot be sanctioned under the Grant-in-Aid Code owing to the general character of the Fund which is for the benefit of ^{the} whole of India. A grant may however be given outside the Code and if it is decided to make such a grant it will have to be sanctioned by the Financial Department. For precedents please see G.O., No.857 Financial, dated 15th December 1905, and G.O., No.366 Financial, dated 8th August 1908.

3. The file may be transferred to the Financial Department for disposal.

2.3.12

The three objects for which the funds raised will be utilized are already recognized by the Code of Regulations for European schools. The expenditure from Provincial funds ^{on this object} is gradually increasing. The total expenditure on European schools during the three years ending 1910-11 were as follows:-

1908-09 — 260,593

1909-10 — 275,271

1910-11 — 290,801.

The amount provided for grants alone was Rs. 2,38,000 in 1911-12, and in the current year a sum of Rs. 2,63,000 under ordinary grants and a further one lakh for under special grants for buildings & equipment are budgeted. In addition to these, the Govt of India have assigned a sum of Rs. 52,000 out of the popular education grant of 8 lakhs for the education of Europeans & Anglo Indians.

The question then is while the Govt are doing what they could ~~do~~ in the matter directly, should they ^{if further} aid the cause indirectly by passing the Provincial funds through the hands of the Committee in question. The first objection to this course seems to be that the Committee has not its jurisdiction throughout India and does

not seem to have yet settled Provincial subcommittees and that there will be no present guarantee that ~~there~~ any grant that will be made will be utilized within the Presidency. The other is that the Committee has not yet settled ~~there~~ any definite line of action to carry out its objects and that it may consequently be premature to make any promise of grant at this stage.

At
18/5/12

The fund is an All India one & any part this Govt takes will be a small matter compared with the amount the Committee is likely to raise, & a fair share of which will no doubt come to Madras. But the S.P. I should see before it goes to Trial.

The request of the Committee is for a "donation to the fund." The D.P.I. is against making any grant at present. It is for consideration whether the Committee may be informed accordingly. The question of aiding the funds which are spent in Madras may apparently be acceptable to the D.P.I.; but to what extent and in what directions it should be are questions for consideration later on. Orders are solicited as to whether the Committee may be informed that the Govt. will consider the question of aiding the funds which will be spent in Madras.

CA

I agree with the D.P.I. & do not consider that there is sufficient ground for any Govt. grant, unless and until the administrator of the fund spends money on schools in his Presidency in circumstances warranting a grant from Provincial fund.

I agree. We are already giving substantial assistance to European schools and there is no case for a grant to this Fund, which must rely on private donations.
