G.O. No. 204, Educational, dated 2nd March 1912.

ABSTRACT.—Communicating to the Director of Public Instruction letter from the Government of India making a grant of eight lakhs of rupees towards the improvement of popular education in the Madras Presidency.

II

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 14th May 1912.

No.—C. 4017.

I have the honour to request sanction for a considerable increase in the number of scholarships awarded in girls' schools in order to induce a larger number of the more promising pupils to remain longer at school. At present the number on the rolls in infant classes is reduced to about one-sixth by the time the third standard is reached.

We probably can make no better use of a portion of the extra funds available than in awarding for some years to come a number of small scholarships rising in value from Re. 1 to Rs. 3 a month. For this purpose I propose that a sum of Rs. 10,000 be allotted from the special additional recurring grant sanctioned by the Government of India.

2. As there will be considerable delay in reorganizing the staff of existing girls' schools and in making arrangements for opening new schools, I propose to take the opportunity of equipping the existing Government girls' schools and request that Rs. 22,000 may be allotted during the current year from the same source for the purpose. This is the amount estimated by the Inspectresses and works out at an average of about Rs. 120 per school.

Order—No. 505, Educational, dated 10th June 1912.

The Government approve the proposal of the Director of Public Instruction to appropriate Rs. 10,000 of the Imperial grant of eight lakhs for the award of scholarships to girls in schools. The Director will be requested to report, for the information of Government, the number and rate of the scholarships allotted to each standard and the probable expenditure during the current year.

2. Sanction is also accorded to an expenditure of Rs. 22,000 on the equipment of Government girls' schools from the lump grant of four lakhs in the current year's budget.

NOTES CONNECTED WITH G.O. No. 505, EDUCATIONAL, DATED 10TH JUNE 1912.

[SUBJECT.—*Scholarships for girls and the equipment of Government girls' schools.*]

From the Director of Public Instruction, dated 14th May 1912, No. 4017.

The Director of Public Instruction makes two requests—

(i) To appropriate Rs. 10,000 of the recurring grant of eight lakhs sanctioned by the Government of India to award a number of small scholarships of the monthly value of Re. 1 to Rs. 3 to girls in schools, and

(ii) to utilize a sum of Rs. 22,000 from the four lakhs shown in the current year's budget for equipping the existing Government girls' schools.

2. *Scholarships.*—Only 24 scholarships are at present awarded to girls in higher elementary schools. These scholarships are tenable in the fifth, sixth and seventh standards and are of the value of Rs. 2, 2½ and 3, respectively. No scholarships are at present awarded to girls in lower elementary schools, though backward classes like the Mappillas, Savaras, Khonds and Koyas are granted scholarships in schools of similar grade of the value of eight annas, one rupee and two rupees. The Director of Public Instruction apparently proposes to grant scholarships to girls from the first standard onwards, and the exact rate for each standard will apparently be determined by him. The proposal may be approved as one calculated to advance female education. It is for consideration whether any details should be called for showing the number and rate of scholarships in each standard.

3. Of the recurring grant of eight lakhs sanctioned by the Government of India, Rs. 87,000 are intended for the education of girls—*vide* paragraph 6 of India's letter on page 3 of G.O. No. 204, Educational, dated 2nd March 1912—and if Rs. 10,000 of this amount are appropriated for scholarships there will remain Rs. 77,000 to be devoted to other purposes connected with female education.

4. *Equipment of Government girls' schools.*—The proposal of the Director of Public Instruction in this regard may be approved. This is a non-recurring expenditure, and in future years will be re-placed by expenditure on new schools. There were 181 Government girls' schools on 31st March 1911. At the rate of Rs. 120 for each school, the expenditure will amount to Rs. 21,720 and with provision for schools since opened, the estimate of Rs. 22,000 may be accepted.

(The Director of Public Instruction does not indicate in what respects the existing equipment is defective, but there is doubtless ample scope for its improvement and Rs. 120 per school is no excessive demand.)

L. DAVIDSON.

5. Of the sum of four lakhs from the recurring grant of eight lakhs which has been allotted in the current year's budget it has already been proposed to appropriate Rs. 3,14,062 for the following purposes:—

	RS.
G.O. No. 378, Educational, dated 2nd May 1912.	Increased stipends to students under training and enhanced stipendiary grants 51,300
G.O. No. 445, Educational, dated 22nd May 1912.	Increase of pay to trained and approved teachers in schools under public management. 75,000
G.O. No. 455, Educational, dated 28th May 1912.	Increased grants to aided elementary schools which are efficient 1,00,000
G.O. No. 491, Educational, dated 1st June 1912.	New elementary schools in municipal areas ... 29,962
	Training additional students of the lower elementary grade 57,800
	Total ... 3,14,062

The balance available for further expenditure is Rs. 85,938. If Government approve the appropriation of Rs. 22,000 for equipping existing Government girls' schools, the balance still available will be Rs. 63,938. What will be the actual expenditure under scholarships for girls during the current year is not known. As the scholarships could be granted only from July next and the maximum rate of Rs. 3 will not be payable in the first year, the expenditure for this year cannot be much and probably may not exceed Rs. 3,000 or so. Deducting this amount, there will still remain Rs. 60,938 for further expenditure.

6. A draft is submitted for approval. If approved, it may be sent to the Financial Department for acceptance.

FINANCIAL DEPARTMENT.

The proposals are—

(a) To sanction a sum of Rs. 10,000 *per annum* for some years on account of extra scholarships in girls' schools—a recurring expenditure;

(b) to sanction a sum of Rs. 22,000 during 1912-13 for expenditure on equipping the existing Government girls' schools—a non-recurring expenditure.

2. Item (b).—The charge is to be met from the lump provision of four lakhs made in the current year's budget under the head "22. EDUCATION".

Item (a).—The expenditure in 1912-13 (about Rs. 3,000) will be met from the above provision of four lakhs, and that in future years from the provision that will be made each year out of the recurring annual grant of eight lakhs made by the Government of India (which eight lakhs includes a provision of Rs. 87,000 on account of education of girls).

Paragraph 6 of Government of India letter on page 3 of G.O. No. 204, Educational, dated 2nd March 1912.

3. Government have separately approved or about to approve proposals for utilizing a sum of Rs. 3,14,062 from the current year's provision of four lakhs. Including the expenditure now proposed during 1912-13, the total comes to about (3,14,062 + 3,000 + 22,000) or

* There will be a balance of Rs. 60,938.

Rs. 3,39,062*.

4. The draft order may, it is submitted, be accepted in Financial.
