READ—the following paper :—

Question, dated 8th May 1912, asked in Parliament by Mr. Keir Hardie and the answer given thereto.

Question—Mr. Keir Hardie.—To ask the Under Secretary of State for India, whether he will state the regulations made by the Madras Education Department in regard to small-pox and vaccination for schools receiving grants-in-aid.

Answer—Mr. Montagu.—In the case of elementary schools, the amount of the grant-in-aid may be reduced by not more than 25 *per cent.* on account of certain specified defects, one of which is “the presence of pupils unprotected from small-pox.” In the case of secondary schools, no teacher who is not protected from small-pox may, without express sanction, be permanently employed in an aided institution, and in schools for boys and Native Christian girls no pupil who is not protected from small-pox by vaccination or otherwise may be admitted.

difficult for him to get about, obtained a pony and trap after previously mentioning his intention to four members of the visiting committee who were inspecting the establishment.

The pony and trap is, I understand, kept in a small portion of the old coachhouse at the workhouse, the greater portion of which has for the last nine or ten years been used as a store. The total cost of the slight alterations required was, it is stated, only a few pounds, and the master provided the manger, &c., at his own expense.

Some service is rendered by one of the inmates in looking after the pony and trap. I am informed that it is not a fact that one of the four guardians to whom the matter was mentioned by the master has at any time supplied forage for the pony.

The guardians, having considered the matter, have unanimously recommended that the master be allowed to keep the pony, as hitherto, at his own expense.

I do not think any action on my part is necessary. [8th May 1912.]

Q. Mr. Keir Hardie, — To ask the Under Secretary of State for India, whether he will state the regulations made by the Madras Education Department in regard to small-pox and vaccination for schools receiving grants in aid. [8th May 1912.]

A. *Mr. Montagu*.—In the case of elementary schools, the amount of the grant-in-aid may be reduced by not more than 25 per cent. on account of certain specified defects, one of which is “the presence of pupils unprotected from small-pox.” In the case of secondary schools, no teacher who is not protected from small-pox may, without express sanction, be permanently employed in an aided institution, and in schools for boys and Native Christian girls no pupil who is not protected from small-pox by vaccination or otherwise may be admitted. [8th May 1912.]

Q. Mr. Keir Hardie, — To ask the Under Secretary of State for India, whether, according to the regulations of the British Army in India, soldiers' wives are compelled to be re-vaccinated as well as the troops; and, if not, under what authority do officers order their re-vaccination, as the Reports of the Army Medical Department show to be the case. [8th May 1912.]

A. Mr. Montagu.—Up to the end of 1910 the wives of soldiers of the British Army in India were required to be vaccinated or re-vaccinated unless they showed marks of small-pox or of successful vaccination or re-vaccination. In January 1911 the regulations were altered so that the wives of soldiers were required to be vaccinated or re-vaccinated unless they showed marks of small-pox or of successful vaccination or re-vaccination.

In January 1911 the regulations were so amended as to forbid the vaccination or re-vaccination of the wives of soldiers of the British Army in India without their own consent.

The Reports referred to in the Question are presumably those of 1903 and 1906 when the older regulations were in force. [8th May 1912.]

Q. Mr. Guiney, — To ask the Chief Secretary to the Lord Lieutenant of Ireland, how much of the sum of £7,965,066, advances made for land purchase during the year ended 31st March last, was paid in Land Stock, and how much of this sum was advanced for holdings purchased under the Acts of 1903 and 1909, respectively.
