No. 1. From H. H. Panda B.A. Secretary, Uriya Samaj, Ganjam, Aska Regd 6.1.12
To The Secretary to the Government of Madras,
Educational Department,
Madras.

Dated Aska, 4th January 1912

Sir, I, Secretary, Uriya Samaj, on behalf of the inhabitants of Northern Ganjam in general and those of Goomsur Division in particular, most respectfully beg leave to represent the following for your favourable consideration.

From the comparative statement enclosed, it will be observed that the Goomsur Division with its vast area of 1642 sq. miles and population of 334,902, and the adjacent populous zamindari of Atagada covering an area of 294 square miles with a population of 102,396, have not been favoured with a High School and are entirely devoid of any of the brightening influences of education and enlightenment. As a consequence of this drawback the Uriyas of this Presidency have been kept too much in the background.

For purposes of reference the District may be said to be divided into two parts:- (1) the Northern comprising the whole of Goomsur Division & a portion of Berhampore Division i.e. Atagada zemindari adjoining Goomsur Division. (2) the Southern comprising Chicacole and the remaining portion of Berhampore Division, the former being purely Uriya-speaking.

Though there are Colleges and High Schools in the southern parts of the District, they are too far away from the Northern portion. Thus, the distance, added to this the general poverty of the people of Northern Ganjam place them at a great disadvantage in the race of learning.

Now, there are three incomplete Secondary schools, each teaching up to the third form in the northern portion; but the boys who complete their education in these institutions are disabled from going in for higher education for reasons adverted to above. Out of the many qualified for promotion to the High School Department the average number that availed itself of the advantage has been comparatively small and a fair proportion of boys lagged behind. The want of a complete secondary school or High school has brought about the educational starvation of the Uriyas leading to their perpetual backwardness. On this subject specially the people of Goomsur Division presented a petition to His Excellency, the Governor during His Excellency's tour in Ganjam in 1909, which was referred to the Collector of Ganjam who has, it is understood recommended the desirability of establishing a High school at Russelkonda vide G.O.P. No 2957 Revenue. Dated 29th October 1909.

The Uriya Samaj deputation that waited upon His Excellency, the Governor at Chatrapur on 2-2-1909 specially urged the desirability of opening a High school at Russelkonda and was favored with a sympathetic reply.

In his annual report for the year 1908-09, the Inspector of Schools 1 Circle suggesting the desirability of opening a High school for the Uriyas has remarked "The Northern part of Ganjam, the fertile Rushikulya valley, needs a complete secondary school. The area is populous and I believe there is a growing demand for secondary education. The difficulties in the way of its spread are the unwillingness of parents to send their children to a distance to Berhampur and Parlakimidi".

The Uriya Samaj has long since prominently put forward the subject before the Educational Department.

The Honorable Mr. V. Kameswara Rao interpellated the Government on the same subject in March 1910.

The Provincial Conference held at Berhampore during 1909 specially dwelt on the Educational backwardness of Uriyas of Ganjam and the need for a High school for them in the Northern portion of the District.

It may not be out of place for us to state that there is no lack of qualified Uriyas at present to equip a High school.

In these circumstances we fervently pray that you will be pleased to move the Government for the opening of a High school at Russelkonda as a measure calculated to remove the perpetual backwardness of the Uriyas of this presidency and bound to secure their everlasting gratitude. We pray that to start with a 4th form may be added to the incomplete secondary school at Russelkonda on the 1st July next so that a fully equipped secondary school may be had there by the 1st July 1913.

Yours most obedient servants,
H. H. Panda
Secretary, Uriya Samaj, Ganjam

Sir,

In returning herewith the whole file of correspondence relating to the conversion of the present Incomplete secondary school at Russelkonda into a complete Secondary School, I have the honor to state that there is undoubtedly need for a secondary school at Russelkonda. Neither the Taluk Board nor District Board can finance it.

If Government are going to start model schools anywhere I think this is clearly a case where a Government school should be started.
