Sir,

Wall Maps.

I have the honour to acknowledge the receipt of
your letter No. 798 dated 16th November, 1911, and beg
to inform you as follows:

It appears that I did not make myself quite clear
in my letter to you regarding these School Wall Maps. The
maps in question are those in use in the Egyptian Schools
and the writing of place-names is in the Arabic characters.

What I intended to suggest was that since a
comparatively large number of the maps are printed without
any writing whatever, with a view namely to bringing out
a corrected reprint from time to time, I was prepared to
consider the question of printing a small edition in some
other character, such as Hindustani, provided a sufficient
demand for such a map should present itself.

I am now sending you under *one* separate cover
the maps as per accompanying lists. In most cases I have
sent you two copies, one with and one without Arabic
writing.

The copies with Arabic writing are those now
supplied to the schools in this country; but in the event
of the Writing being unsuited for your purposes, you

To
The Hon'ble Mr L. Davidson, I.C.S.
Ag. Secretary to the Government of Madras,
Educational Department,
Fort St. George.

might if you desire it write the names in accordance with your own methods on one or two of the blank copies and thus judge for yourself of the value of the series.

Should you subsequently desire to have any of the maps printed with your system of writing names, it would be necessary to send me the copies written up as you wish them reproduced; I could then consider the question of printing the maps with your writing provided a sufficient number were required to warrant the expense of making the writing plates.

I do not propose to make any charge for these maps, but am sending them carriage forward.

I have not had the maps mounted as it is more convenient to pack them in single sheets.

I regret that your letter was not replied to earlier. Some of the maps were out of print at the time and I have waited until the series was completed.

I have the honour to be,

Sir,

Your obedient servant,

Emerson

(maps sent separately).

CA 12/6/12
D.P.D. no.

I propose to send the maps with Arabic "filling in" to the Madrassa-i-Azam where they are sure to be much appreciated in which case we might secure and present copies to the 3 other Muhammadan Secondary Schools:- Royaspettah, Vanigambadi and Richimopoly.

2. The maps which are not filled in I will send to the Teacher's College and thus take expert opinion.

If we have a number of secondary

(A)

When the scheme for model high schools is sanctioned
18/6/12

Schools under Government and the Teachers College approve we might secure sets not filled in for their use

3. In the meantime the Egyptian authorities may be informed that we shall not require any copies filled in with any Vernacular except the three copies in Arabic as above suggested. - We hardly require such maps for elementary schools

AJ 14.6.12

Educational Department

The maps have been retained by the D.P.G. A formal order transferring them to the D.P.G. is submitted. The D.G., Survey Dept., Egypt, may be requested to supply 3 additional copies of the maps as desired by the D.P.G. at (A) on the previous page.

2. A draft letter is also submitted for approval.

PP
20.6.12

The question of taking any of the unfilled maps is under consideration. Expert opinion is being obtained. The D.G. may also perhaps be told that a separate communication will be addressed in the matter if any of such maps are required.

The cost of the three sets of maps com

page 4 copy

$$3 \times 17 = 51 \times 9 = 459$$

sets maps sets

to Rs. 459. Apparently this can be met by the D.P. from his contingencies. The D.G. is being asked to send a bill of costs.
