To the Secretary to the Government of Madras,
Local and Municipal Department.

Sir,

I have the honour to forward herewith a copy
of Resolution No:6 dated 13-3-12 of the Municipal Coun-
cil of Salem and request that you will be pleased to
move the Government to sanction a grant of Rs.30,000
towards the improvement of Elementary education in
this Municipality out of the Imperial grants for 12-13

2. This Municipality has under its control 13 --
Elementary schools and all except 2 are accommodated
in rented buildings. Most of these are in the midst
of habitations and are not well suited for public --
schools. The strength of these schools has consider-
ably increased and the want of properly ventilated

buildings in healthy localities is keenly felt. A list of the buildings is herewith submitted.

3. None of these schools has a school garden worth the name. The Municipal Council have been supplying furniture, maps, and models as far as its resources would permit, but a good deal more has yet to be provided. The details are noted in the accompanying list.

4. A very large population of the Town consist of poor weavers and it is highly desirable that the education in the Elementary schools should be absolutely free.

5. With a view to secure the services of efficient teachers for the lowest classes, it is proposed to fix Rs10 as the minimum pay of teachers in these schools.

6. In this connection I beg to suggest to Government the desirability of issuing type design plans for the construction of Elementary Schools in Municipal Town, so that the Type design may be followed by those to whom grants are given towards the provision of suitable accommodation.

I have the honour to be,

Sir,

Your Most Obedient Servant.

SUBJECT.

Application for grant from
the Salem municipality

Please see question No 58 at the meeting of the Legislative Council held on the 24th May and the answer given thereto at ©. The Hon^{ble} Mr Sam-banda mudaliyar was informed that the resolution of the Salem municipal Council requesting Gov^t for a non-recurring grant of Rs 20,000 and a ^{recurring} grant of Rs 10,000 had not reached Gov^t and that when received, it would be considered.

2. The D.P.I. now submits the application of the Salem municipal Council in question. In doing so he invites attention to his proposal for the distribution of a sum of Rs 80,500 to 35 municipalities to enable them to begin constructing elementary schoolhouses which are dealt with in the linked file. The Municipal Council of Salem makes two requests
(1) for a non-recurring grant of Rs 20,000 for

Cn^o 1660.

(File No I)

for constructing and equipping eleven elementary school buildings, and,
(2) for a recurring grant of Rs. 10,000 for giving free education to the children of weavers ~~from~~ and for raising the minimum pay of teachers in municipal elementary schools to Rs. 10.

3. Non recurring grant for construction of school houses.— As regards this request, the D.P.I. has in his proposals above referred to provided for a grant of Rs. 8,500 as a first instalment and he further proposes to make similar grants in future years. It may be taken that the Director means to comply with the request of the municipal council gradually in succeeding years. His promised comprehensive report on the educational needs may give a clearer idea of his intentions.

4. Recurring grant of Rs. 10,000.— One of the ~~ex~~ objects for which this grant is applied for is the raising of the minimum pay of elementary school teachers to Rs. 10. This has already been sanctioned by Govt.

(2) in G.O. No. 445, Educational, of 22nd May 1912 and Chairmen of Municipal Councils have been informed that a contribution to meet the extra cost will be made from Provincial funds. No further action in this matter is necessary. The D.P.I. is not yet in a position to make a distribution of this grant.

As regards the question of giving free education to the children of weavers, the D.P.I. will apparently deal with the matter in his comprehensive report on the educational needs of the Presidency. This is no doubt one of the objects on which the Govt of India desire that the Imperial grant should be expended. If funds are available, a grant can be made to the Municipal Council when the D.P.I.'s report is received and dealt with.

5. The attention of the Municipal Council may accordingly be

(2) drawn to G.O. No. 445, Ed., of 22nd May 1912 and to the orders to be passed on the linked file and it may be further informed that the question of making a

a grant for free education will be considered in connection with the distribution of further subsidies in the course of the year.

The draft order on the Salem case may run as follows:-

With regard to the application for assistance towards the construction of school houses the Salem Municipal Council will be referred to G.O., No. 608 Ed dated 9th July 1912. The attention of the Council will at the same time be invited to G.O., No. 445 Educational, dated 22nd May 1912 sanctioning the -- Director's proposals for the improvement of the pay of teachers in elementary schools under public management. The question of issuing type designs for elementary school buildings is now engaging the consideration of the Director of Public Instruction and his attention will be drawn to the desire of the Council to make elementary education free as a question general question requiring examination in the case of other municipalities as well as Salem.
