The Honourable Rao Bahadur

From (Name) N. Krishnaswami Aiyangar A.M., B.A. B.L.,

(Designation) Chairman, Municipal Council,

Kumbakonam.

To the Secretary to the Government of Madras,

Local and Municipal Department.

Through the Director of Public Instruction, Madras.
Sir,

I have the honour to approach Government with a request for grant for constructing model Elementary -- school buildings for the Municipal schools. There are now 6 of these, 4 for boys and 2 for girls and the 4 schools on whose account the present application is made are at present located in poorly looking rented buildings. Education has been made free by the Council in their schools and while liberal grants are given by them for the aided schools year after year, they are unable to secure from the resources at their command the wherewithal to have model buildings of their own constructed for their schools. They have therefore fully endorsed

endorsed in their resolution No.1 dated 15-3-12 (copy enclosed) my proposals to move Government for a grant for the purpose which I trust the Government will be able to sanction at this opportunity when liberal grants are made by them for educational purposes.

2. One building is intended to be constructed for the Silk Weaver street school close to its present ---- locality by acquisition of an extent of 20 cents of land involving an outlay of Rs.4500 for acquisition and ---- Rs.7000 for construction, making up a total of Rs.11,500. This school has ^{been} pronounced to be the best of its -- kind and serves well the weavers community of the place for whose benefit it has been started. Another is ----- intended for both the Pettai Boys and Girls schools --- which are intended to be located in separate buildings constructed the one at one end and the other at the --- other end of a big plot of ground proposed to be ----- acquired very near the place where they are now located and leaving about 75 cents of ground between them for a model school garden to be made serviceable not only for the Municipal schools but for the aided schools in the neighbourhood as well. This is estimated to cost Rs.5000 for acquisition and Rs.7000 for construction, making up a total of Rs.12,000 for the 2 schools.

land 5000
girls 3500
boys 3500

3. A building has been recently acquired for the location of the Panchama school and its remodelling is estimated to cost Rs.1500. The grand total of the 3 distinct items above mentioned comes up to Rs.25,000 -- covered by the resolution of the Council.

4. The Educational ^{Sub} Committee of Municipal Councillors including Mr. J.A. Yates the Principal of the College and the Sub-Assistant Inspector of schools have seen the sites which have their full approval. It is requested that the Government may be pleased to ----

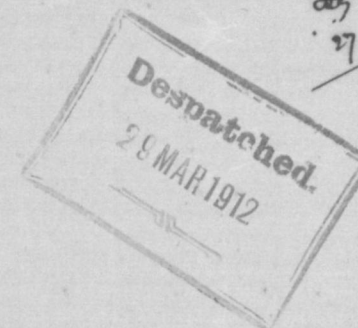

to accord a favourable consideration to these proposals
and sanction the total grant of Rs.25,000 asked for.

5. Necessary detailed plans and estimates are
under preparation and will be submitted to the Public
Works authorities for professional sanction as early
as possible.

I have the honour to be,
Sir,
Your most obedient servant,

S.S./27-3-12.

Chairman.

27.3.12

28.3.12

28372

dated 15-3-1912.

E D U C A T I O N .

I would also urge upon the Council to avail themselves of the present opportunity, when liberal --- grants are likely to be made for Educational purposes, to ~~xxx~~ approach the Government with a request for grant for model Elementary school buildings. The Council are aware that they are maintaining 4 Elementary schools for boys (one in Silk Weavers street, one in Pettai, one in Manikkara street and the 4th in Karuppur.) and 2 schools for girls (Kadalangudi street and Pettai). All these are now located in rented buildings. A building has recently been acquired for the Panchama school at ----- Karuppur but it requires considerable alterations and additions. The Council has made education free in their ^{and} schools/they are giving liberal grants for other ----- schools. It is highly desirable that the schools maintained by the Council should serve as models to other schools in the Municipality. The schools are reported to be generally efficient and the school in Silk Weavers street has been said to be the best. Unless each of these schools is located in a suitable building of our own, built and equipped in the best manner possible, any attempts to make them models or to improve their general condition must necessarily fail. It is beyond the ----- region of the finances of the Council to think of spending anything further than what we now allot for ----- education. The construction of buildings for these ----- schools from the ordinary revenues of the Municipality would be practically impossible. The Government is likely to allot liberal grants for construction and --- equipment of model Elementary school buildings by local bodies and I would strongly urge on the Council to take

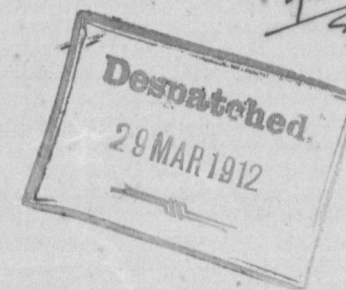

take this opportunity to provide proper buildings for our schools. I propose for the present to construct a suitable building for the Silk Weavers school, one for the Pettai schools - boys and girls and to remodel the building purchased for the Panchama school. A piece of land 120 feet east to west and with an average of 70 feet north to south has been selected at the western end of the southern row of Mummurti Vinayakar street and to the east of Arasilar Valinadappu. The locality is central and close to the existing school. The acquisition of the site which is about 20 cents with the buildings --- thereon may cost about Rs.4500 and a building to suit the requirements of the institution may cost Rs.7000. The total cost will be Rs.11,500. As regards the Pettai Boys and Girls schools-the former of which is held in a building kindly lent by Mr. R.C. Gurunatha Pillai - it is proposed to acquire the entire piece of land covered with a few huts lying to the north of the drainage ---- channel, to the west of Mr. Gurunatha Pillai's street, to the south of Kambatta Visvanathaswami South street and to the east of Pettai Police Station compound and Angalamman Kovil. The entire area is about 1 acre .25 cents and the cost is estimated about Rs.5000. It is proposed to put up a building at one end for the boys school and at another end for the girls school, leaving a big plot of ground about 70 cents in extent as a model school garden to be serviceable not only for the ----- Municipal schools but for all schools within the ----- Municipality. The Assistant Inspector of schools when he was here last emphasised the necessity for a common school garden. The cost of the buildings is estimated at Rs.3500 each. The total cost of the scheme will be Rs.12,000. The extensions and alterations to the ---- Panchama school may cost about Rs.1500. The total grant which the Council is advised to apply for will be ---- Rs.25,000. These proposals have been discussed with --

with Mr. Yates, M.R.Ry. Rao Bahadur S. Appu Sastrial and the Sub-Assistant Inspector of schools who have seen the sites and give their full support to them. Working --- plans for the buildings proposed will be ~~xxxx~~ soon ----- prepared and placed before the Council.

As applications for aid must be made as early as practicable, the Council may approve of the schemes and the working plans may be submitted to Government in due course.

S.S./27-3-12.

W. S. Sastrial
Chairman.

The Director of Public Instruction states that
he has received the application from the Kumbakonam
municipal council for a grant for the construction of
model elementary school buildings and that he
intends to submit proposals for a distribution of the
available funds. Submitted that the file may
continue to be over pending receipt of these proposals.

Educational may perhaps see this in the meantime

C. No. 1675 From the D.P.I. No 2729, dated 15-6-1912.

SUBJECT.

Application for a grant from the
Municipal Council of Kumbakonam.

The municipal Council of Kumbakonam applies
for a grant of Rs. 25,000 for constructing three elementary
school houses and altering a building recently bought
for the accommodation of the Panchayat school at Karuppur.

2. In his proposals for the distribution of a sum
of Rs. 80,500, as a first instalment, to certain municipalities,
for the construction of elementary school houses (which are
dealt with in the linked file), the D.P.I. has provided
for a grant of Rs. 9,000 to the Kumbakonam Muni. Council
and presumably ~~that~~ ^{he} will take into consideration
the balance required in submitting proposals for further
instalments of grants promised by him. The Council's
application may therefore be recorded with reference to
the order sanctioning the distribution of the sum of
Rs. 80,500 above mentioned.
