I

G.O. No. 650, Educational, dated 15th September 1911.

ABSTRACT.—Sanctioning a grant not exceeding Rs. 5,467 towards the cost of constructing a building for a higher elementary training school which it is proposed to open at Nandyal.

II

Letter—from the Rev. A. F. R. BIRD, Correspondent, S.P.G. High school, Nandyal, R. S.

To—the Director of Public Instruction, Madras (through the Inspector of European and Training Schools, Madras and through the Superintending Engineer, III Circle).

Dated—the 20th May 1912.

I have the honour to enclose a supplemental estimate for providing ceiling tiles to the S.P.G. higher grade elementary training school, which is now under construction.

2. When the Superintending Engineer, III Circle, Bellary, was at Nandyal, in connection with the foundation ceremony, he drew my attention to the omission of ceiling from the estimate, but as I had not the necessary funds at my disposal at that time I was unable to address you on the subject at once. I am now in a position to guarantee on behalf of the management two-thirds of the increased cost.

3. The great heat of the plains during the summer months makes the ceiling absolutely necessary and especially in the Ceded districts where the thermometer sometimes rises to 112° F. Expert opinion also is in favour of a ceiling being provided. The Sub-Divisional officer of Nandyal makes the following remark in one of his inspection notes "The Headmaster represents that ceiling tiles are required for the roofing which is not provided for in the estimate. This is necessary in a hot place like Nandyal."

In these circumstances I respectfully request you to be so good as to sanction the inclusion of the ceiling in the estimate together with a grant of one-third of the extra cost resulting therefrom namely Rs. 561-10-8 (Rupees five hundred and sixty one, annas ten, pies eight).

N. No. 4229, dated 31st May 1912.

Forwarded. I consider the ceiling quite necessary.

P. R. ALLEN,
Superintending Engineer, III Circle.

Ref. on Cur. No. 4856/12, dated 22nd June 1912.

Submitted to Government with reference to G.O. No. 650, Educational, dated 15th September 1911 and recommended.

A. G. BOURNE,
Director of Public Instruction.

III

Note by the Chief Engineer, Public Works Department, dated 10th July 1912.

There is no objection to the provision of ceiling tiles in addition to Mangalore tiles, provided the scantlings are sufficient or are modified to take the extra weight that will be caused, in accordance with the instructions in the Chief Engineer's circular memorandum No. 234 C., dated 9th January 1908.

Order—No. 638, Educational, dated 16th July 1912.

Subject to the remarks of the Chief Engineer, Public Works Department, in his note read above, the Government approve the proposal of the Correspondent, S.P.G. higher elementary training school, Nandyal, to provide ceiling tiles at an estimated cost of Rs. 1,685 in the new school buildings now under construction.

2. The amount of the grant sanctioned in G.O. No. 650, Educational, dated 15th September 1911, towards the construction of these buildings, will be raised from Rs. 5,467 to Rs. 6,029, the conditions governing the original sanction applying to the enhanced grant also.
