Building Grant.

Approving the proposal of the correspondent, S.P.G. high school, Nandyal, to provide ceiling tiles at an estimated cost of Rs. 735 for the extensions to the buildings under construction and sanctioning an additional grant for the purpose.

GOVERNMENT OF MADRAS.
EDUCATIONAL DEPARTMENT.

READ—the following papers:—

I

Letter—from the Rev. A. F. R. BIRD, Correspondent, S.P.G. High school, Nandyal R.S.

To—the Director of Public Instruction (through the Inspector of Schools, III Circle, and the Superintending Engineer, III Circle).

Dated—the 18th May 1912.

I have the honour to enclose a supplemental estimate for providing ceiling tiles to the S.P.G. high school extension at Nandyal, which is now under construction.

2. When the Superintending Engineer, III Circle, Bellary, was at Nandyal, in connection with the foundation ceremony, he drew my attention to the omission of ceiling from the estimate, but as I had not the necessary funds at my disposal at that time, I was unable to address you on the subject at once. I am now in a position to guarantee on behalf of the management two-thirds of the increased cost.

3. The great heat of the plains during the summer months makes ceiling absolutely necessary and especially in the Ceded districts where the thermometer sometimes rises to 112° F. Expert opinion is in favour of a ceiling being provided. The Sub-divisional Officer of Nandyal makes the following remark in one of his inspection notes: "The headmaster represents that ceiling tiles are required for the roofing which is not provided for in the estimate. This is necessary in a hot place like Nandyal."

Moreover one of the end rooms of the high school extension is to be fitted up for science teaching and if no ceiling is provided the heat is likely to interfere with the proper working of the scientific appliances and apparatus that will be used.

In these circumstances I respectfully request you to be so good as to sanction the inclusion of the ceiling in the estimate together with a grant of one-third of the extra cost resulting therefrom, namely, Rs. 245 (Rupees two hundred and forty-five).

4. As the masonry portion of the high school extension has been completed, the contractor is about to order the roofing tiles and it would save both time and money if both the roofing and ceiling tiles were ordered at the same time, in view of the fact that the building must, in accordance with your Proceedings No. 3270 of 1912, dated 1st May 1912, be completed before the 31st July 1912. I therefore request you to be good enough to accord early sanction.

No. 4148, dated 29th May 1912.

Forwarded.

The school rooms will be unendurably hot unless the ceiling tiles are provided.

P. R. ALLEN,
Superintending Engineer, III Circle.

Ref. on Cur. No. 4757 of 1912, dated 22nd June 1912.

Submitted to Government with reference to G.O. No. 425, Educational, dated 1st July 1911, and recommended.

A. G. BOURNE,
Director of Public Instruction.
