To The Secretary to the Government of Madras,
Local and Municipal Department.

Fort St. George.

I have the honour to report that, out of the
savings in the special grant sanctioned in G.O. No. 708
Educational, dated 9th October 1911, three girls' schools
at Ambur, Sathia Vijianagaram and Kannamangalam were
opened with reference to letter R.C. No. 933 of 1911 dated
21st December 1911 (Copy Enclosed) from the Inspectress
of Girls' Schools, Central Circle, Madras. Audit objection
is however now raised to the utilization of any part of this
grant on girls' schools on the ground that the grant was,
according to the distribution statement annexed to the
Government Order quoted above, made for boys' schools only.

It

It was understood in this office that girls' schools in this district were not referred to in the distribution statement in question merely because proposals for girls' schools had not at that time been made and not because it was intended by Government that no part of the money should, in this district, be spent on girls' schools. I accordingly request that the Government will be pleased to sanction the expenditure of the grant on the girls' schools opened.

I have the honour to be

Copy of letter from the Inspectress of Girls' Schools, Central Circle, R.C. No. 933 of 1911, dated 21st December

1 9 1 1.

I have the honour to invite your kind attention to copy of my letter R.C.No. 933 of 1911 dated 21st July 1911 from which you will observe that proposals were sent up in time to you and to the Director of Public Instruction for the opening of 1 new elementary school for girls during the current year out of the provincial subsidy of one lakh pointing out therein at the same time the reasons for taking such a step. Since forwarding the above proposal, I have received a statement from the Assistant Inspector of Boys' schools showing the names of villages wherein schools under the management of local boards exclusively intended for girls may, with advantage, be opened.

It may be seen from the document (Copy Enclosed) that a small number of girls is attending the Board or aided boys' school in the locality where no provision can be made for the teaching of needlework, health and house management and drill and as the chief aim of elementary education is to fit the pupils for their future positions in life, it need hardly be said that such training can best be given to girls in girls' schools staffed by women teachers.

2. Only one school was recommended to be opened during the current year. No money has been allotted for the opening of any school - vide annexure to G.O. No. 708 Educational of 9th October 1911. As you will, however, be pleased to observe, from paragraphs 1 and 2 of the Director's letter embodied in the Government Order referred to above that he expects that not less than one-third of the amount allotted for each District Board will be left unutilized, as there will also be saving in the provision in consequence of the fact that the new schools cannot under the present circumstances, be opened earlier than November

and as Government have in a way undertaken to give a sub-
ventions in perpetuity, I request you will be so good as
to arrange for the opening of all the schools appearing in
the list furnished by the Assistant Inspector out of the
anticipated savings. Should, however, the balance in the
subsidy granted be not adequate to provide for all of them
I would suggest that as many schools as may be possible be
opened during the current year, arrangements for starting
the rest being postponed for the next year. I may state
in this connection that the Director of Public Instruc-
tion may also be again addressed whether he can find out
money during the current year for the opening of the
schools from any other source.

3. Having regard to the importance of the subject, I trust
that the matter will receive your best consideration and I
solicit the favour of an early reply so as to enable me to
instruct my subordinate inspecting officers to hold them-
selves in readiness to take immediate steps for opening the
schools, if my proposals are approved.
