Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

No.—Ref. on Cur. 1044/11.

With reference to paragraph 4 of G.O. No. 99, Educational, dated 14th February 1911, I have the honour to submit copy of a letter from the correspondent of the St. Aloysius' Technical school, Vizagapatam, to the Superintendent of Industrial Education, No. 662, dated 15th May 1912, accepting the terms of aid for the enlargement and development of the school and to request that orders may be issued for the acquisition of the lands required for the school.

2. With reference to paragraph 6 of G.O. No. 2734, Revenue, dated 18th August 1910, I have the honour to state that the Government Solicitor has been requested to prepare a draft copy of the agreement to be executed.

ENCLOSURE.

Letter—from the Correspondent, St. Aloysius' Technical school, Vizagapatam.

To—the Director of Industries.

Dated—the 15th May 1912.

No.—662.

The reply to your letter No. 1033, dated 23rd April 1912, has been delayed owing to the absence of His Lordship Dr. J. M. Clerc from the station.

I have the honour to inform you of the conditions on which His Lordship as manager and Bro. Emile as superintendent are prepared to make the St. Aloysius' Technical school an aided technical institute under Government supervision—

(1) The management is prepared to allow Government to nominate twenty pupils of any caste or creed, when the accommodation referred to in paragraph (3) is completed.

(2) In order to provide additional accommodation, the Government are kindly requested to expropriate the sites adjoining the school, the cost of acquisition of which is estimated by the Collector of Vizagapatam at Rs. 2,167-2-9.

(3) Government should make a grant to the mission of Rs. 6,000 for the construction of the carpentry shop and a further grant of Rs. 3,000 for the provision of additional machinery.

(4) The annual grant of Rs. 100 for every student in the school subject to a maximum of Rs. 4,000 is accepted. The management takes note of the remark of Government in their G.O. No. 99, Educational, dated 14th February 1911: "Government will be prepared to increase the rate of grant during the first five years if the mission is able to show at the time when the grant becomes due that the amount admissible has materially been affected owing to defection or to students being sent away as unfit for mechanical training."

(5) The management is pleased that Government, in their Government Order above quoted, have accepted the condition that the disposal of the buildings and the site should rest with the mission subject to the condition that in the event of their ceasing to be used for the purpose of industrial education the cost of erecting the buildings and acquiring the site should be refunded to Government.

(6) The management is willing to entertain two assistants, one for the fitting shop and one for the carpentry shop, to look after the apprentices. We shall be pleased if you will kindly help us to find two good men. They should be able to teach geometrical and machine drawing as well.

(7) As suggested by you, the accounts of the workshop will be kept entirely separate from those of the school proper.

(8) Your suggestion that a refund of the original Government contribution towards machinery minus 10 per cent. *per annum*, in case the school should cease to exist as a school, is accepted. The conditions detailed above are those which have been accepted by Government before this or suggested by you in the letter to which I reply. I trust that the settlement of this question which has been delayed owing to the absence of the superintendent will now be arrived at soon.

Order—No. 728, Educational, dated 9th August 1912.

The authorities of the St. Aloysius' Industrial school, Vizagapatam, having accepted the terms of aid offered by Government in G.O. No. 2734, Revenue, dated 18th August 1910, as modified by G.O. No. 99, Educational, dated 14th February 1911, for the enlargement and development of the school, the Collector of Vizagapatam will be requested to proceed with the acquisition of the sites mentioned in the draft notification submitted with his letter R.C. No. 1139/B. & G., dated 2nd October 1910. The draft notification will be published in the *Fort St. George Gazette*.

2. The Director of Public Instruction will be requested to indicate the source from which the cost of acquisition of the sites as well as the grant of Rs. 6,000 required for the construction of the new carpentry shop and that of Rs. 3,000 required for the provision of additional machinery can be met.

3. The draft of the agreement to be entered into by the mission authorities will be awaited.

NOTES CONNECTED WITH G.O. No. 728, EDUCATIONAL,
DATED 9TH AUGUST 1912.

[SUBJECT.—*Acquisition of the sites required for the St. Aloysius' Technical school, Vizagapatam.*]

From the Director of Public Instruction, dated 3rd July 1912, No. 1044/11.

Please see G.O. No. 2734, Revenue, dated 18th August 1910, and G.O. No. 99, Educational, dated 14th February 1911. In those Government Orders the Government offered to the Salesian mission of Vizagapatam certain terms on which the Government were prepared to aid the mission for the enlargement and development of the St. Aloysius' Industrial school, Vizagapatam.

2. The mission having accepted those terms the Director of Public Instruction requests that orders may be issued for the acquisition of the sites required for the extension of the school.

3. The preliminary notification which should be published in the *Fort St. George Gazette* under section 6 (1) of the Land Acquisition Act, 1894, has already been received from the Collector of Vizagapatam—*vide* pages 2 and 3 of G.O. No. 99, Educational, dated 14th February 1911. The cost of the land to be acquired is

estimated at Rs. 2,167-2-9. There is no specific provision in the Civil Budget Estimate for 1912-13 for meeting this charge. The Director of Public Instruction may be requested to indicate the source from which the cost can be met and the draft notification may be published in the *Fort St. George Gazette*.

C.R.—18-7-12.

4. The intention of Government being to hand over the land and the building to be constructed thereon to the mission on condition that in the event of their ceasing to be used for the purposes of industrial education their cost should be refunded to Government by the mission, it is for consideration whether, in addition to the agreement which the mission has to execute under paragraph 6 of G.O. No. 2734, Revenue, dated 18th August 1910, and which is now under preparation by the Government Solicitor a separate deed of transfer of the land and buildings to the mission is necessary and should be called for from the Collector of Vizagapatam. Perhaps this question may lie over till the building is ready to be handed over to the mission with the site.

Pages 3 and 4 of notes to G.O. No. 99, Educational, dated 14th February 1911, and the Hon'ble Mr. Cardew's note on page 9 of notes to G.O. No. 2734, Revenue, dated 18th August 1910.

The agreement covers the acquisition by Government for the mission of the land and building in issue. If the alienation needs a separate deed, the Government Solicitor who is being consulted, will doubtless suggest it. The matter may be left to him.

C.R.—18-7-12.

5. In addition to the cost of site, namely, Rs. 2,167-2-9, the Government have to find money for—

(i) a grant of Rs. 6,000 for the construction of the new carpentry shop, and

(ii) a grant of Rs. 3,000 for the provision of additional machinery.

Submitted that the Director of Public Instruction may be requested to indicate the source from which these also can be met.

indicate the source from ^{which} the cost of acquisition of the sides as well as the grant of Rs 6,000 required for the construction of the new carpentry shop and that of Rs 3,000 required for the provision of additional machinery can be met.

3. The draft of the agreement to be entered into by the Mission authorities ^{with the awarded} ~~should be reported~~.
