To the Secretary to the Government of Madras,
Educational Department

Sir,

In continuation of my letter R. C. No. 2433/11, dated 4th March 1912, I have the honour to submit the enclosed application for an additional grant towards the installation of an oil gas plant for the laboratory of the A. M. College, Madura, and to recommend that an additional grant not exceeding Rs. 683/- or one third of the extra cost of the work, -- whichever may be less, may be sanctioned to be paid as funds become available on submission of the necessary vouchers by the correspondent of the College.

2. According to the correspondent's original estimate (herewith submitted for reference) the cost of the installation with a brick water tank was Rs. 8,490/- on which a third

grant

PR

grant of Rs. 2,830/- was sanctioned by Government in G. O. No. 231, Educational, dated 12th March 1912. The correspondent says that it has since been decided to supply a steel water tank for the gas holder and to lay an additional main gas pipe. The total cost of the installation with the above additions is estimated to be Rs. 10,438/- as can be seen from the revised estimate of The De Laitte Lighting Company Ltd., herewith submitted. It is also reported that an additional amount of Rs. 102/- is required for removing the plant from the railway station to the school premises.
