To

The Chief Secretary to the Government of Madras,
O o t y.

Sir,

I have the honour to communicate to you the follow-
ing resolutions passed at the Educational Conference held on
the 2nd, 3rd and the 4th of May 1912, at the Madura College
Madura:-

1. This conference re-affirms the view that the South
India Teachers' Union has expressed in the memorial already
submitted, and prays that the Government may be pleased to
start a Provident Fund for Teachers in Aided Schools on the
lines indicated in the report submitted by the Hon'ble - -
Mr. J. H. Stone.

2. This Conference submits it as its opinion that,
under the existing rules of the Grant-in-Aid Code, the aid now
given to Girls' Schools is not sufficient to give the needed
impetus to female education, and prays that the Grant-in-Aid
rules may be revised in a more liberal spirit so as to facili-
tate the starting and efficient maintenance of an increasing
number of Girls' Schools,

3. This Conference is of opinion that the Physics and
Chemistry syllabuses of the School Final Scheme are too high
for the Secondary Standard and not sufficiently definite and
detailed, and prays the Government that the Syllabuses be so
modified as to suit the age of the pupils and the time avail-
able for instruction in these subjects in Secondary Schools.

4. This conference regrets that the higher ranks of the Educational Service are not open to Indians to the extent desirable, and prays the Government to be pleased to admit into the ranks a greater proportion of Indians than they do at present.

5. This conference is of opinion that the position now given to Indian languages in the curricula of School and - - College studies is not satisfactory, and prays the Government to give them a more prominent position by making the study of the literatures of these languages in some way compulsory for the public and University Examinations.

6. This Conference in supporting the resolution lately passed at the Madras Legislative Council with reference to Teaching Grants, prays the Government that steps may be taken to give effect to it.

7. This Conference prays the Government that the contemplated revision of the Grant-in-Aid Code be taken as early as possible and the same be entrusted to a Committee composed of Officials and non-officials.

I have the honour to be,

Sir,

Your most obedient servant,

20th July 1912,

Mylapore.

Sir,

I have the honour to return endorsement No. 2145 - 1, dated 10th August 1912 together with its enclosure and to offer the following remarks:-

Resolution No. 1. A scheme for the establishment of a Provident Fund for the benefit of the teachers employed in aided schools is already under the consideration of Government.

Resolution No. 2. In the matter of payment of enhanced teaching grants to girls attending secondary schools under private management, the Director has, in his letter to Government, C. No. 6331 of 12, dated 6th August 1912, proposed to add to the allotment admissible under rule 32 of the Grant-in-Aid Code, half the amount of fee income foregone by --

Managers on account of girls with reference to rule 102 of the Madras Educational Rules, and the orders of Government are awaited. Special treatment under rule 16 of the Grant-in-Aid Code is given to elementary schools for girls.

Resolution No. 3. In view of the fact that Physics and Chemistry are C subjects which are only taken by boys who wish their certificates to show that they have, to some extent specialized in these subjects, I do not consider that the syllabuses are too high. The objection that they are not sufficiently definite and detailed will probably be met by a revision now in progress of the Hints and Suggestions to Managers and Teachers of Secondary Schools which should be read in connection with the syllabuses.

Resolution No. 5. The question of giving a more prominent position to the Indian Languages in the curricula of school and college studies is already before Government.

Apparently, they are awaiting the decision of the University who have appointed a Committee to report on the position of the languages in their general courses of study.

Resolution No. 6. The Resolution of the Madras Legislative Council recommending modifications of rules as to grants-in-aid to secondary schools, was recorded in G. O. No. 453 Educational, dated 21st May 1912. It may, however, be stated that Government are now being increasingly liberal in the payment of teaching grants to secondary schools, as in addition to the increased provision made in the current year's budget, Rs. 30,000/- has been sanctioned by the Government of India as a recurring grant for the improvement of secondary aided English schools - vide G. O. No. 293 Educational, dated 4th April 1912.

Resolution No. 7. The rules regulating the payment of building and stipendiary grants and some of the rules in Chapter III of the Grant-in-Aid Code, have already undergone modification. A recommendation has been made to Government

to

16. 7
G. O. No. 253 Educational, dated 12th May 1910. to alter rule 32 - Chapter IV. No further general revision need be contemplated at present.

2. I beg in this connection to invite the attention of Government to para 2 of my remarks in this office letter B. C. No. 1074/10, dated 18th April 1912, submitting with remarks the resolutions of the conference held in 1910. The communication was recorded in G. O. No. 253 Educational, dated 12th May 1910.
