FROM

THE HON'BLE LIEUT.-COL. SIR HUGH DALY, K. C. I. E., C. S. I.,
RESIDENT IN MYSORE.

To

The secretary to the Government of Madras,
Educational Department.

Dated, Bangalore, 2nd October, 1912.

SIR,

X
with 6
spare
copies.

(H-2-3 mfm)

With reference to the Madras Government's
Proceedings No. 835, Educational, dated the 14th September 1912,
I have the honour to forward herewith, for the information of
His Excellency the Governor in Council, a copy of my letter No.
94 Camp, dated the 30th September 1912, to the address of the
Secretary to the Government of India, Department of Education,
regarding the inspection of schools in Coorg and the Civil and
Military Station of Bangalore.

I have the honour to be,

Sir,

Your most obedient servant,

H. Daly

Resident.

3
Camp No. 94, dated Ootacamund, the 30th September 1912.

From—The Hon'ble Lieut.-Col. Sir Hugh Daly, K. C. I. E., C. S. I.,
Resident in Mysore and Chief Commissioner of Coorg.

To—The Secretary to the Government of India, Department of Education.

With reference to the correspondence ending with endorsement No. 83, dated the 15th February 1899, from the Government of India in the Home Department, I have the honour to address you on the subject of the inspection of schools in the province of Coorg and the Civil and Military Station of Bangalore.

2. It is unnecessary for me to invite attention to the fact that educational problems are assuming an increasingly important aspect and that the Government of India have initiated a more active policy with a view to combating illiteracy and expanding educational facilities. In dealing with the various schemes which have been submitted for the advancement of this policy in the areas under my control, I have strongly felt the want of an educational officer of standing and experience, with Bangalore as his head-quarters, who could conveniently advise me in all matters connected with his department.

3. The arrangements for the inspection of the schools in the Civil and Military Station of Bangalore and Coorg are briefly as follows:—

- (i) For the Civil and Military Station three Inspectors from Madras are in respective charge of European schools, Indian schools and Girls' schools.
- (ii) All the schools in Coorg are inspected by an officer stationed at Cannanore.

- (iii) All correspondence on educational matters, even of the most routine nature, is conducted between my office and that of the Director of Public Instruction, Madras.

It will be seen that no less than 4 Inspectors are in charge of the schools within my Administrative control, and that not one of these resides within the areas concerned. Considerable delay and correspondence must necessarily arise out of references to the District Board of Coorg or the Municipal Commission of the Civil and Military Station, which might, in my opinion, be avoided if an educational officer were permanently appointed to Bangalore, and the opportunity thus afforded for personal discussion of matters, in regard to which the executive and educational officers may be at variance, presents obvious advantages. I have discussed the position with the Director of Public Instruction, Madras, and the Madras Government and I have the honour to submit the following proposal, which has their approval and support, for the sanction of the Government of India.

4. The Madras Presidency for educational purposes is divided into 8 circles and it is understood that the creation of a ninth circle would enable the Madras Government to reconstitute certain charges which have been found to be excessive. It is proposed therefore to appoint a separate Inspector, with head-quarters at Bangalore, who will be in charge of all the schools both for boys and girls, European and Indian, in the Civil and Military Station of Bangalore and in Coorg, with the addition of the South Canara District in the Madras Presidency. This officer will be a member of the Indian Educational Service and the appointment will be added to the Madras cadre. If this arrangement is carried out, from the point of view of my own administration, I would have the advantage of an educational officer almost permanently on the spot, who would be in charge of all the schools in the areas under my control. Secondly, this officer would be able to advise the Municipal Commission and to attend their meetings when educational matters were discussed. The Commission have entered on a scheme for developing Municipal schools for which the Government of India have given a sum of Rs. 86,000 to be spent on buildings during the current and coming years, and the advantage of having an experienced educational officer permanently at hand to advise requires no comment.

Thirdly, matters of pure routine and details of educational programmes could be discussed and settled on the spot before any reference need be made to the Director of Public Instruction in Madras.

5. I now come to an examination of the financial aspects of the proposal. At present, small educational establishments are maintained in the Civil and Military Station of Bangalore and in Coorg at an annual cost of Rs. 1,450 and Rs. 3,770, respectively. These sums, however, merely represent the cost of Sub-Assistant Inspectors and their establishment and have no bearing on the present proposals, which relate solely to superior inspection. As I have explained above, this latter work is performed at present by Inspectors of Madras Circles, and while no charge is debited to the Coorg budget in this respect, the Bangalore Assigned Tract Revenues are debited in the *pro-forma* accounts with the somewhat high charge of Rs. 7,000 annually. It is estimated that the scheme now submitted will cost approximately Rs. 14,559, as detailed below, and the Madras Government have expressed their readiness to meet one-third of this charge, *viz*:—Rs. 4,853.

			Average.
<i>Salary of Inspector</i> —Rs. 500-50-1000 per mensem			805 $\frac{5}{8}$
<i>Salary of Establishment</i> —			
Head Clerk	Rs. 50-2-60 per mensem	...	57 $\frac{1}{2}$
Second "	" 25-1-30 "	...	28 $\frac{3}{4}$
Third "	" 20-1-25 "	...	23 $\frac{3}{4}$
Fourth " (Typist)	" 20-1-25 "	...	23 $\frac{3}{4}$
Three peons at Rs. 8	...	...	24
			963 $\frac{11}{16}$ p. mensem

Annual Total..... Rs. 11,559 $\frac{2}{3}$

Travelling allowance—

	Rs.
(a) of Inspector	1,500
(b) of Establishment	350
Contingences	1,150
	3,000

Grand Total.....14,559

To this, however, must be added provision for the accommodation of the office. I have not yet ascertained the cost of a suitable building, but as the construction of an office would delay matters, I am of opinion that it would, at any rate for the first year or so, be simpler to rent a building at approximately Rs. 50 per mensem. An addition of Rs. 600 should therefore be made to the above estimate and out of this sum the Madras Government would, no doubt, be willing to pay a $\frac{1}{3}$ share. A small initial outlay will also be probably required for office furniture and equipment. It will be seen therefore that the total charges to be met on behalf of the Civil and Military Station and Coorg will amount to about Rs. 10,100. I am of opinion that this sum should be equally divided between the Assigned Tract Revenues and Imperial Revenues. The sum therefore to be provided in future budgets of the Assigned Tract and of Coorg will be Rs. 5,000 in each case, while in the *pro-forma* accounts of the former tract a small additional amount of Rs. 500 may, as now, be debited on account of the cost of supervision by the Director of Public Instruction in Madras.

6. I have the honour to request that the Government of India may be pleased to pass early orders on the above proposals. They appear to me to meet a need which is rendered the more urgent by the fact that the Government of India are annually placing large sums at the disposal of Local Governments and Administrations for the purpose of advancing the cause of education throughout India. A copy of this letter is being forwarded to the Madras Government for information.
