Station Coimbatore, Dated the 8 November 1912

From (Name) Col. W. M. Ellis, R.E.,

(Designation) Superintending Engineer, IV Circle.

To The Chief Engineer
The Secretary to the Government of Madras,
Public Works Department.

Sir,

I have the honour to state that, as you will see from the Fort Saint George Gazette of 22nd October 1912, applications have been published for passed Surveyors for work at Cochin and in Kollengode on the Cochin Harbour Investigation and Aliyar Projects.

For the former, 5 Surveyors and for the latter one Surveyor are required.

In reply to my advertisement of 16th October, I have received applications from 2 passed men only and of these one

2.
man stated he was about to resign his existing appointment in Calicut on the ground of ill-health and therefore is probably unsuitable. One application is from a suitable man who will be offered an appointment.

2. I have also received many applications from unpassed men 2 or 3 of whom are competent as shewn by the records of their previous services.

As time passes and most of the supervision establishment for the Cochin Investigation has already been posted, I would ask that authority be given me to appoint suitable unpassed surveyors in default of passed men without waiting for prior sanction of Government.

3. I would point out that waiting orders means great expense in the salary of the Assistant Engineer and Upper Subordinates who cannot shew good progress until a full survey staff is available. In the absence of passed men, unpassed men must be employed and I respectfully assert that I am a fit judge of the capacity and suitability of an unpassed man in this respect.

4. Very early orders by wire on this are requested.

I have the honour to be,

Sir,

Your most obedient servant.

Col.
Supg. Engineer, IV Circle.
