Building grant.

Sanctioning a grant of Rs. 15,050 towards the construction of a new building for the St. Bede's European High School, San Thomé, Madras.

GOVERNMENT OF MADRAS.
EDUCATIONAL DEPARTMENT.

READ—the following papers :—

I

Letter—from the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 7th November 1912.

No.—Ref. on Cur. 8722.

I have the honour to submit herewith plans and estimates in duplicate, amounting to Rs. 28,790, towards the cost of constructing a new school building and a latrine for the St. Bede's European High School, Madras, and to recommend that, under article 57 of the Code of Regulations for European Schools, a grant not exceeding one half of the estimated cost may be sanctioned. The construction of a new building is essential as the present accommodation is very defective.

2. A copy of the Correspondent's letter, dated 25th September 1912, a short history of the institution and a statement showing the financial condition of the school are also herewith submitted.

ENCLOSURE.

Letter—from the Correspondent, St. Bede's European High School, San Thomé, Madras.

To—the Inspector of European and Training Schools, Madras.

Dated—the 25th September 1912.

In accordance with the order of the Director of Public Instruction, No. 6289, dated 16th September 1912, urging that early efforts should be made to improve the accommodation of St. Bede's High School, and the remarks you made in the last inspection report, I have the honour to submit for approval plans and estimates for a new building.

To improve the present one or to add to it is not possible as it does not belong to the Management, and its landlord is not willing to do even the repairs really required.

The site of the new building is a continuation of the San Thomé Orphanage ground and belongs to the Management. Provision for a new play-ground will be made in the Cathedral compound opposite the proposed building.

Considering that the Management is giving the grounds free, I beg to request you will treat the application as somewhat more than ordinary for purposes of grant.

As the need for the new building is so urgent, as you well know, and to improve the present one is not possible, I would ask you to be so good as to have the plans and estimates approved of and the grant sanctioned in the current year.

II

Note by the Chief Engineer, Public Works Department, dated 11th January 1913.

The Director of Public Instruction submits through the Educational Department estimates amounting to Rs. 28,790, the particulars of which are given below, and three plans for constructing the St. Bede's European High School building at San Thomé, Madras :—

(1) Main building	Rs.
(2) Latrine (12 seats)	27,720
	1,070
Total	28,790

II. The plans and estimates have been scrutinized in the Chief Engineer's office and the following alterations have been made :—

(1) Spacing the teak joists supporting the first floor at intervals of 1' 3" instead of 1' 6".

(2) Increasing where necessary the sections of rolled steel girders supporting the floors and roofs as figured in the plans and estimates.

(3) Making provision for cement mortar instead of lime mortar for constructing the walls of class rooms (marked (A) on the plan of the ground floor) supporting the girders of the first floor to the full height of the doors including the arches.

(4) Adding Rs. 600 for the stairs shown on plans for which there is no provision in the estimates submitted.

III. By these alterations the total amount of the estimates has been increased from Rs. 28,790 to Rs. 30,400.

IV. The Cuddapah slab floors may be laid on sand instead of 4" concrete. By this alteration there would be a saving of about Rs. 200.

V. It is recommended that the design C.A. 25/1913 should be adopted for the latrine instead of the plan submitted which has insufficient light and ventilation. This would entail a saving of about Rs. 100.

VI. With these remarks the estimates as altered by the Chief Engineer amounting to Rs. 30,400 are recommended for sanction.

Order—No. 111, Educational, dated 11th February 1913.

The plans and estimates submitted by the Management of the St. Bede's European High School, San Thomé, Madras, for the construction of a new building and latrine for the school have been scrutinized by the Chief Engineer and the amount of the estimates has been raised to Rs. 30,400. As the Government expect the Management to adopt the recommendations made by the Chief Engineer in paragraphs IV and V of his note, which will result in a saving of Rs. 300, the total amount of the estimates will be only Rs. 30,100. Towards this the Government are pleased to sanction a grant not exceeding one half of the actual expenditure nor exceeding Rs. 15,050 subject to the following conditions :—

() that in carrying out the work the suggestions of the Chief Engineer in his note read above are adopted ;

(ii) that all the conditions prescribed in the Code of Regulations for European Schools have been duly complied with.

2. On the above conditions being fulfilled the grant will be paid as funds become available.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b) For rules regarding printing of notes, see the rules in G.O., No. 1220, Public, dated 30th November 1900.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or reference concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Deputy Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Deputy Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.

* Copies distributed on.....*(Press Clerk.)
