G.O. No. 1004, Educational, dated 14th November 1912.

ABSTRACT.—Approving generally the proposals submitted by the Director of Public Instruction for the utilization of the recurring and non-recurring grants sanctioned by the Government of India for the improvement or erection of hostels in this Presidency.

II

Letter—from the Rev. POLLARD, M.A., Principal, Wesley College.
To—the Director of Public Instruction.
Dated—the 31st October 1912.

I have the honour to forward herewith an application for a grant in aid towards the erection of a hostel for Wesley College and for the erection of warden's quarters.

The hostel is urgently needed and I should be glad if sanction could be given speedily so that the hostel might be ready for occupation in July 1913.

The house for the warden is in course of construction. The site was marked out on 27th April 1912, that is, just a few days before we could know that Government were willing to give grants towards the erection of a house for a warden. In Wesley College (school and college departments), there are now 993 students and with the existing hostel and the proposed new hostel, it is essential that there should be quarters for a warden close at hand. The Principal of the College will be the warden. I have therefore the honour to request that a grant may be given toward the erection of a house for the warden, even though the work has been begun.

I forward herewith—

- two sets of blue prints of hostel plans,
- one detailed and abstract estimate with specification,
- one abstract only,
- one abstract only for the warden's house.

Ref. on Cur. No. 2935, dated 19th November 1912.

Submitted to Government with reference to G.O. No. 1004, Educational, dated 14th November 1912 and recommended.

A. G. BOURNE,
Director of Public Instruction.

Note by the Chief Engineer, Public Works Department, No. 1012-C,
dated 1st February 1913.

The Director of Public Instruction submits through the Educational department for sanction estimates amounting to Rs. 57,852 the particulars of which are given below for constructing a hostel and warden's quarters in connection with the Wesley College, Royapettah, Madras :—

A.—Hostel comprising—

	Rs.
(1) Main building including covered passage, latrines and bath rooms ..	18,000
(2) Manager's quarters	2,601
(3) Kitchen, godown and eating room for Brahmin students	2,138
(4) Kitchen, godown and eating room for Sudra students	2,138
(5) Boundary wall, gates, roads, drains, water-supply, etc.	3,547
(6) Site	9,000
Total	37,514

B.—Warden's quarters—

Main building and out-houses	18,338
Site	7,000
Total	20,338
Grand total	57,852

2. The plans and estimates have been scrutinized in the Chief Engineer's office and the following alterations have been made :—

(1) Providing rolled steel girders to support and bricknogged partitions in the first and second floors of the hostel.

(2) Increasing the sizes of rolled steel girders supporting the first floor of warden's quarters from 12"×5" at 32 lb. to 15"×5" at 42 lb.

(3) Substituting "brick in mortar" for "brick in mud" in foundations and basement of out-houses attached to the warden's quarters.

(4) Altering wherever necessary the sizes of roof and floor timbers as figured in the plans and estimates.

(5) Correcting deductions of brick in mortar from total of brick work in mud in superstructure in kitchen and godowns of warden's quarters.

3. By these alterations the estimate for the hostel block (A) has been increased from Rs. 37,514 to Rs. 37,600, and the estimate for the warden's quarters (B) has been increased from Rs. 20,338 to Rs. 20,400, so that the total amount of the estimates has been increased from Rs. 57,852 to Rs. 58,000.

4. It is recommended that the latrines of the hostel should be detached from the main building and constructed at a distance based on sanitary type-designs S. 112-A or 112-B issued with Proceedings of the Sanitary Board No. 338-S., dated 29th September 1911.

5. It is observed that a very low rate for terraced roofing has been entered in the estimate.

6. In the estimates submitted, Poonah wood has been proposed for the roof timbers of out-houses attached to the warden's quarters. It is important that great care should be taken when selecting scantlings of this kind of timber.

7. With these remarks the estimates as altered by the Chief Engineer aggregating Rs. 58,000 are recommended for sanction.

Chief Engineer, P.W.D.
