II

Memorandum No. 130-2, Educational, dated 15th February 1912.

No. 8107/11, dated 11th January 1912, submitting an application for a grant-in-aid of providing additional accommodation for the Wesleyan Mission Girls' Boarding School, Royapettah, Madras, the Government observe that in the design submitted it is proposed to construct an upper storey over the existing building with a verandah on each side and that the verandah posts are placed over the existing terraced roof. But the sections of the timbers supporting the existing terrace and their condition are not given. The method proposed for carrying the verandah on the upper storey is quite unstructural. The Director of Public Instruction is requested to have the plans and estimates revised with reference to the foregoing remarks and to forward them to Government at an early date.

2. In this connection the attention of the Director of Public Instruction is drawn to paragraph 2 of G.O. No. 672, Educational, dated 21st September 1908.

Letter—from the Hon'ble Sir ALFRED GIBBS BOURNE, D.Sc., F.R.S., K.C.I.E., Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 8th January 1913.

No.—Ref. on Cur. 8107/11.

I have the honour to request that you will be good enough to favour me with the early orders of Government on this office letter R.O.C. No. 8107/11, dated 11th January 1912, submitting a building grant application on behalf of the Wesleyan Mission Girls' Boarding School, Royapettah, Madras.

V

Note by the Chief Engineer, Public Works Department, No. 1217 C, dated 5th February 1913.

The Director of Public Instruction submits for sanction through the Educational Department an estimate amounting to Rs. 6,427 and four plans for constructing an upper storey over the central room of the Wesleyan Mission Girls' Boarding School at Royapettah, Madras.

II. The plans and estimate have been scrutinised in the Chief Engineer's office and the following alterations have been made:—

(1) Increasing the sections of the rolled steel joists supporting the terrace floor of the main hall marked No. (7) on plan from 15" x 5" at 42 lb. to 14" x 6" at 57 lb.

(2) Inserting rolled steel joists 12" x 5" at 32 lb. in place of the existing teak wood beams supporting the terrace floors of rooms marked (1) to (6) on the plan of "basement" floor.

(3) Providing rolled steel girders 12" x 5" at 32 lb. at points marked X—X in "section through A.B." to carry the weights of the verandah roof, and the weight of a king post truss. The main roof to be made continuous over the verandahs so that the tie beam of the truss will rest on the rolled steel joist.

(4) Increasing the scantlings of the purlins and ridge piece supporting the roof of room No. (8) from 4" x 6" and 3" x 7" to 4" x 7" and 3" x 8" respectively.

III. By these alterations the estimate has been increased from Rs. 6,427 to Rs. 7,700.

IV. The estimate submitted should have been supported by a definite statement from a competent authority that the existing walls and foundations are capable of carrying the proposed upper storey.

V. With these remarks the estimate as altered by the Chief Engineer amounting to Rs. 7,700 is recommended for sanction.

Order—No. 121, Educational, dated 12th February 1913.

The Government are pleased to sanction a grant not exceeding one-half of the actual expenditure nor exceeding Rs. 3,850 towards the cost of providing additional accommodation for the Wesleyan Mission Girls' Boarding School, Royapettah, subject to the following conditions:—

(1) that in carrying out the work the suggestions of the Chief Engineer in his note read above are adopted;

(2) that a certificate signed by a competent authority to the effect that the existing walls and foundations can carry the proposed upper storey is submitted; and

(3) that all the conditions prescribed in the Grant-in-Aid Code have been duly complied with.

2. On the above conditions being fulfilled, the grant will be paid as funds become available.
