Through

The Inspector of Schools,
VI Circle, Tanjore.

Sir,

I have the honour to propose for your consideration and sanction a slight alteration in the building of the High School, Srirangam, now in course of construction and sanctioned in your Proceedings No. 5381 dated 16--8--1911.

2. The accompanying sketch is the plan of the ground - floor of the building. The room marked A is intended for - Practical work in Science, B is the Science Laboratory, and while the regular science classes will be held in C. It is proposed to connect the three rooms by two doorways 3' X 6'6" at places - marked D and E. This inter-communication between the Science rooms will facilitate the carriage of apparatus from the central Laboratory ^{to} ~~in~~ the adjacent class rooms. Otherwise the apparatus will have to be carried round through the verandah, and the passing of boys up and down the verandah may interfere with the safety of the articles conveyed.

The

Detail of work	No.	Measure-ment.			Area or contents	Rate	Per.	Total cost.
		L.	B.	D.				
Brick in mortar	2	6' 6"	3'	1' 6"	59 c.ft.	Rs. 18	% c.ft.	Rs. as P. 10 8 0
Doors, Teak-wood	2	6' 6"	3'	...	39 s.ft.	1-4-0	s.ft.	49 0 0
Extra cost for teak doors								Rs. 38 8 0

2. The difference in the estimated cost between the masonry (as originally estimated) and the teak doors (as now proposed) is not very great as shown in the margin. The extra cost comes to about Rs. 38-8-0.

I therefore request that sanction may be accorded at an early date for the introduction of the two doors in the cross walls between the science rooms.

I have the honour to be,

Sir,

Your most obedient Servant,

Appelants.

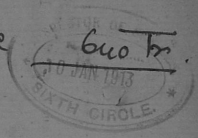

Correspondent.
