I have the honour to apply for an education grant of Rs. 16,000 for expenditure on the construction of elementary school buildings during 1913-14.

2. In my letter E.C.R. No. 78 of 1912, dated 26th March 1912, I submitted a similar application for the current year for a grant of Rs. 25,000, enclosing copy of the Council's resolution No. 1, dated 15th March 1912. In consultation with the Assistant Inspector of schools, I have selected the sites for the Pettai boys' and girls' schools and the silk-weavers' school, and I am sending up land plans and schedules for their acquisition. I am awaiting the type-design from the Sub-Assistant Inspector and, on its receipt, detailed plans and estimates will be forwarded. It is requested that the Government may be pleased to note this municipality for an educational grant of Rs. 16,000 for the next year.

In my two letters of the 8th October 1912, R.C. No. 2729 of 1912, I proposed the distribution of subsidies amounting to Rs. 1,46,000 to district boards and Rs. 1,73,200 to municipalities, for expenditure on the construction of elementary school buildings.

I now have proposals involving a further sum of Rs. 2,11,162 in the case of District Boards and of Rs. 1,68,205 in the case of municipalities. I submit herewith two consolidated detailed statements—one for district boards and the other for municipalities, for the consideration of Government if or when funds are available.

*From the Chairman, Municipal Council, Kumbakonam, dated 22nd September 1912,
No. 78 E.C.R.*

The proposals for the grant of additional subsidies to certain municipalities submitted with the Director's letter R.O.C. No. 2729-12, dated 8th October 1912, which is referred to in the Director's endorsement have been referred to him u.o. for further information. It is submitted that the present communication may lie over pending the issue of orders on that file.

III

[SUBJECT.—*Additional subsidies to district boards and municipalities.*]

*From the Director of Public Instruction, dated 29th November 1912,
R.O.C. No. 2729.*

The Director of Public Instruction states that he has received applications from district boards and municipalities for subsidies amounting to Rs. 3,57,162 and Rs. 3,41,405, respectively, for the construction of elementary school buildings. Of these, he has, in his two letters, dated 8th October 1912, applied for the sanction of Government for the distribution of a sum of Rs. 1,46,000 to district boards and of Rs. 1,73,200 to municipalities. He now submits "for the consideration of Government if or when funds are available," two statements showing the proposed detailed distribution of the balance of 3.79 lakhs—Rs. 2,11,162 for district boards and Rs. 1,68,205 for municipalities.

2. Besides the two letters of the 8th October, the Director of Public Instruction has in his letter, dated 18th October 1912, applied for sanction to the payment of a subsidy of Rs. 12,047 to the district board of Kistna. Of this amount, a sum of Rs. 11,870 is stated to be intended for the construction and equipment of elementary school buildings. It does not appear that the Director of Public Instruction has taken this amount into account in his present proposals. If this amount is deducted from the balance of Rs. 15,450 now proposed for payment to the Kistna district board the amount still due to this board will be only Rs. 3,580, and the total amount required for all district boards together will amount to Rs. 1,90,292. The Director of Public Instruction's letter of the 18th October is being dealt with along with his letters of the 8th *idem* and the file connected with these letters has been sent u.o. to the Hon'ble Dr. Bourne on the 7th instant for the perusal of the remarks of the Honourable Member in charge of Financial and for personal discussion with him on the question of these subsidies to local bodies. This file may also perhaps be sent to the Director of Public Instruction in continuation of the original file, as it may be useful in arriving at a decision on the general question of further subsidies for buildings.

S.K.—9-12-12.

C. RAMANUJACHARI—10-12-12.

I have shown the case to the Director of Public Instruction. These applications have been scrutinized by the Inspectors and in the Director of Public Instruction's office, and may be taken as furnishing a means of spending 3-79 lakhs on non-recurring outlay "if and when funds become available." If there is any risk of lapse under the Educational budget, here is a way of preventing it.

Please send u.o. to Financial for perusal and favour of return.

EDUCATIONAL DEPARTMENT.

Please see the list of applications from district boards and municipalities for funds for the construction of elementary school buildings forwarded with the Director of Public Instruction's letter R.C. No. 2729/12, dated 29th November 1912. Had the Director of Public Instruction received this application from the Bezvada municipality before he submitted his list to Government he would have included it in that list. It may now be added to that list and lie over till a reply is received from the Government of India who have been requested by telegram on the 31st December 1912 to sanction further grants to meet the additional demands.

It is not known why the Director of Public Instruction left out of account Bezvada altogether, if as he now says, the grant might be given.

C.R.—5-1-13.

Please refer to Director of Public Instruction u.o. for remarks then.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION

I am sorry to say that the application for Rs. 8,000 for Bezvada having been submitted separately was not mentioned in my letter No. 2729/12, dated 29th November 1912. We ought to have stated that the Rs. 1,63,205 was exclusive of the Rs. 8,000 for Bezvada.

EDUCATIONAL DEPARTMENT.

Submitted that pending the actual allotment of funds for these works, Financial may see this file as containing an additional demand for school buildings. Demands to the extent of nearly 11-7 lakhs have already been received:—

Please first make certain that these do not overlap. The point was referred u.o. to the Director of Public Instruction a day or two ago and I believe he is replying today.	4-60	} included in the proposals for the utilization of surpluses.

	11-70	} included in supplementary proposals for additional subsidies to local bodies.
L. DAVIDSON—16-1-13.		

The last two figures have been mentioned to the Government of India and enquiry has been made whether any Imperial grant could be made for the whole of 7-1 lakhs or the more pressing demand of 3-81.

Extract from the notes connected with G.O. No. 58, Educational, dated 22nd January 1913, relating to additional subsidies to district boards and municipalities.

2. Please let Financial know *separately* exactly how much Educational wants for elementary school buildings. Of the 4-71 originally looked on as available for hostels a considerable proportion has since been resumed, I fancy, but there will be no difficulty about re-allotting and Financial have no "sinister" intentions to hinder Educational from spending up to the full amount of the budget.

L. DAVIDSON—22-1-13.

The following is the schedule of demands for the construction of elementary school buildings in local areas:—

	Rs.
(i) Amount proposed by the Director of Public Instruction in connection with the utilization of probable surpluses (both local and municipal).	4,60,000
(ii) Separate proposals for additional subsidies to local bodies for the construction of elementary school buildings (Rupees 3,31,000—municipalities Rs. 1,73,200 and local boards Rs. 1,57,800) and equipment of school buildings in Kistna Rs. 70.	3,31,070
(iii) Further proposals for subsidies for construction of elementary school buildings to be disbursed when funds become available, forwarded with Director of Public Instruction's letter No. 2729, dated 29th November 1912—Municipalities Rs. 1,68,205 and local boards Rs. 2,11,162.	3,79,367
(iv) Separate application from the Bezawada Municipal Council for grants for elementary school buildings not included in the above—Director of Public Instruction's Endorsement No. 2729, dated 5th November 1912.	8,000
(v) Similar application from Nandyal Municipal Council ..	2,000
Total ..	11,80,437

The Director of Public Instruction has separately reported that except item (i) above, all the demands have been investigated in each case. The Finance Committee have recommended the provision of 4-12 lakhs for elementary school buildings in local areas for disbursement in 1913-14.

FINANCIAL DEPARTMENT.

Of the 4-71 referred to in Local and Municipal Secretary's note above, 96 has been retained in the Revised estimate for 1912-13, leaving 3-75, which Honourable Member agreeing with the Chief Secretary, considered might be provided for the construction of elementary school buildings. The Accountant-General may be asked by telephone to provide this sum in the revised estimate for 1912-13

under "45. Civil Works—Civil." The total expenditure on elementary school buildings will then be (2-91 + 3-75 or) 6-66 in the current year against 1-25 in 1911-12 and 4-12 in 1913-14.

C. REILLY—29-1-13.

I agree.

A. G. CARDEW—29-1-13.

Draft telephonic message to the Accountant-General is submitted for approval.

[Telephone message despatched to the Accountant-General on 29th January 1913.]

The total reserve with Financial is at present only 1-40 lakhs, but by the 15th * Latest date for surrender of funds—February several surrenders of grants paragraph 211 of the Treasury Manual. will be forthcoming and an additional allotment may then be sanctioned.

In the meanwhile the Educational Department may be requested to issue an order sanctioning a subsidy of 3-75 lakhs to local bodies for the construction of elementary school buildings. On receipt of the Educational Department proceedings in Financial, an order may issue sanctioning allotment of funds.

V.G.K.—31-1-13.

C. REILLY—31-1-13.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

In selecting objects for the distribution of the subsidy of 3-75 lakhs, it is submitted that the proposals of the Director of Public Instruction in his three letters No. 2729, dated 8th October 1912, and letter dated 18th October 1912, aggregating Rs. 3,31,070 may be given preference. Please see item (ii) on page 4 *supra*. [Item (i) has not yet been earmarked.] This leaves a balance of Rs. 43,980 to be distributed.

Towards this, a selection has to be made from items (iii) to (v) on page 4 *supra*. The Director of Public Instruction recommended grants in those cases "if and when funds are available". Of these individual applications from the Kumbakonam (Rs. 10,000), Bezawada (Rs. 8,000) and Nandyal (Rs. 2,000) municipal councils have been received by Government. If preference is to be given to these cases, there will be left a balance of only Rs. 23,930.

This has to be distributed among the local bodies referred to in the subsequent list of the Director of Public Instruction's on pages 4 and 5 of the Government Order. [Item (iii), viz., Rs. 3,79,367—Rs. 10,000, Kumbakonam referred to above, or Rs. 3,69,367.]

Submitted that the Director of Public Instruction may be requested u.o. to suggest distribution for the balance of Rs. 23,930.

C. RAMANUJACHARI—13-2-13.

Yes please: perhaps he will kindly say at the same time if he endorses the proposal in this note to give Rs. 20,000 to Kumbakonam, Bezawada and Nandyal: which seem to be the only individual cases actually before Government.

L. DAVIDSON—15-2-13.

To the Director of Public Instruction.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

The proposals for the distribution of Rs. 20,000 to Kumbakōnam, Bezwada and Nandyal are satisfactory. The balance may be distributed thus :—

	Rs.

Aroot, South	2,000
Canara, South	3,330

All these amounts (total Rs. 43,930) may be added to the amounts mentioned in my letters and II printed in G.O. No. 58, Educational, dated 22nd January 1913. The entire sum Rs. 3,75,000 will then have been accounted for.
