READ—the following papers :—

I

Ref. on Cur. No. 6926/12, dated 8th January 1913.

Submitted to Government and recommended that a half-grant on the proposed expenditure, viz., Rs. 11,280, may be sanctioned to be paid as funds become available.

2. The necessity for the proposed extension will become clear from the remarks on page 9 of the application.

A. G. BOURNE,
Director of Public Instruction.

II

Note by the Chief Engineer, Public Works Department, dated 21st February 1913, No. 1675-C.

The Director of Public Instruction submits through the Educational Department an estimate amounting to Rs. 11,280 and two plans in connection with a grant-in-aid towards the cost of the extension of the Voorhee's College building at Vellore.

2. The plans and estimate have been scrutinized in the Chief Engineer's office and the sizes and disposition of the rolled steel girders and wooden joists supporting the roofs have been altered wherever necessary as shown in green in the plan and estimate.

3. By these alterations the amount of the estimate has been increased from Rs. 11,280 to Rs. 11,600.

4. There is not room for dog-legged stairs in the little compartment allotted to them. A circular newel stair would be better if the stairs cannot be placed elsewhere, e.g., on verandah.

5. The masonry columns in verandah should be provided with bond stones to the full diameter of the columns at about every 3' 6" in height.

6. The Superintending Engineer should satisfy himself about the suitability of the foundations.

7. With these remarks the estimate as altered by the Chief Engineer amounting to Rs. 11,600 is recommended for sanction.

C. A. SMITH,
Chief Engineer.

Order—No. 181, Educational, dated 27th February 1913.

(2) that all the conditions prescribed in the Grant-in-Aid Code have been duly complied with.
