READ—the following papers :—

I

Letter—from the Principal, St. Aloysius' College, Mangalore.
To—the Director of Public Instruction, Madras.
Dated—the 16th December 1912.
No.—243.

With reference to my application for aid towards hostel accommodation, dated 12th September 1912, and your Proceedings No. 2935/12, dated 19th November 1912, I have the honour to submit herewith the detailed plans and estimates called for. They were prepared by Mr. A. E. C. Vas, retired Sub-Engineer, second grade, Madras Public Works Department.

You will note that the estimates for items (2), (3), (4), (5) of my application (*i.e.*, items B-1, B-2, B-3, B-4 of the detailed estimate enclosed herewith) have been raised by the Engineer thus bringing up the grand total to Rs. 13,880 in place of the original estimate of Rs. 13,300.

The plan of the compound which we propose to enclose by a wall was submitted in duplicate with my application for grant on the 20th April 1912.

ENCLOSURE.

Name of the school or college.	The total estimated cost of the proposed hostel.	The total amount which the management is prepared to contribute.	Whether the management has the contribution ready and, if not, when it will be ready.	When the detailed estimates and plans already called for may be expected.

Compound wall .. 200 Total estimate .. 13,880	One half of the total cost, <i>i.e.</i> , Rs. 6,940.	The management is prepared to raise a loan from the moneys as soon as the grant is sanctioned. The building will have to be begun immediately so as to have it ready for occupation at the beginning of the next scholastic year (June 1913).	The detailed estimates and plans are enclosed herewith.

Ref. on Cur. No. 2935/12, dated 27th December 1912.

Submitted to Government and recommended that a half grant on Rs. 13,880 may be sanctioned.

A. G. BOURNE,
 Director of Public Instruction.

Note by the Chief Engineer, Public Works Department, No. 1676-C., dated 21st February 1913.

The Director of Public Instruction submits through the Educational Department estimates amounting to Rs. 13,880 and three plans in connection with a grant-in-aid towards the cost of providing hostel accommodation to the St. Aloysius' College, Mangalore.

II. The particulars of the estimates submitted are as follows :—

	RS.
(1) Boarding House (double storeyed)	11,650
(2) Bath rooms (10 No.)	750
(3) Latrine (8 seats)	500
(4) Compound wall	200
(5) Well (9' 0" diameter)	780
Total	13,880

III. The plans and estimates have been scrutinized in the Chief Engineer's office and the following alterations have been made :—

(1) Increasing the number of rolled steel girders and trusses supporting the first floor and roof respectively of the hostel building from 7 to 8.

(2) Altering the rolled steel joists supporting the verandah of the first floor of the hostel from 9" x 4" @ 21 lb. (17 No.) to 7" x 4" @ 16 lb. (9 No.).

(3) Altering the scantlings of roof timbers as figured in green on the plans and estimates.

(4) Increasing the amount provided for unforeseen works from Rs. 270 to Rs. 398.

(5) Providing wooden posts 4" x 4" and bressummers 3" x 5" for supporting the verandah roof of bath rooms instead of horizontal pieces 2" x 3" jutting out from the walls as shown in the plan submitted.

IV. The total amount of the estimate remains unaffected by these alterations.

V. Under the head of "Terrace flooring" for the first floor in the main hall and verandah in the estimate provision is made for brick on edge, 3" concrete and 3 courses of flat tiles and "woodwork" is included. For a span of ten feet the timber joists should be $2\frac{1}{2}$ x 8 spaced 1' 6" apart; one of the timbers mentioned in Circular 2040-C, dated 27th April 1909, as applicable to Table 1 of Circular 234-C of 9th January 1908 should be used.

The rate allowed in the estimate (Rs. 50) per 100 sq. ft. for this item appears to be very low.

VI. The estimate makes provision for two masonry staircases, but their position and construction is not shown upon the plans.

VII. It is recommended that the eight-seated latrine should be based upon type-design C.A. 209/1909 (S.112-A) issued with Proceedings of the Sanitary Board No. 338/S, dated 29th September 1911.

VIII. It is doubtful if the mud compound wall 6' 0" high with stone coping can be constructed at Rs. 3 per lineal yard.

IX. The Superintending Engineer should satisfy himself about the suitability of the foundations.

X. With these remarks the estimates aggregating Rs. 13,880 as altered by the Chief Engineer are recommended for sanction.

Order—No. 182, Educational, dated 27th February 1913.

The Government are pleased to sanction a grant not exceeding one-half of the actual expenditure nor Rs. 6,940 towards the cost of providing hostel accommodation to the St. Aloysius' College, Mangalore, subject to the following conditions:—

(1) that in carrying out the work the suggestions of the Chief Engineer in his note read above are adopted; and

(2) that all the conditions prescribed in the Grant-in-Aid Code have been duly complied with.

2. On the above conditions being fulfilled the grant will be paid as funds become available.
