| What steps have been taken to procure the services of a passed candidate and with what result. | The post was advertised in the Fort St. George Gazette Madras, Mail, Madras Times, and the Hindu with the result that 13 likely applicants out of over 100 applications, were selected and interviewed. (Vide this office letter S.225 S.E.V dated 10th December 1912 and the Superintending Engineer's Office Order No. 1548 G dated 13-12-12.)                                                                                                                                                                    |
| Recommendation of the Head of the Department.                                                  | As stated above 13 probable applicants were selected from a large number of applicants and these were personally interviewed. Of these 13, only two had the necessary examination qualifications, one of them proved of little use when interviewed and the other had not had sufficient experience. The applicant selected was distinctly the best of them all and was consequently chosen. The entire selection was carried out by myself and Mr. Milner personally. I can most strongly recommend the exemption. |
