G.O., No. 265

DATED 29.3.13.

[Despatch Abstract.]

Petition Informing T. Manikamma that the Govt are not prepared to order the discharge of her son from the Reformatory School, Chingleput.

587. C.No. 5248
20.2.13.

No. 1 Karuppannan Street, G.T.,
Madras, 18th February 1913.

To

The Chief Secretary to Government,

Judicial Department,

Fort Saint George.

Honored Sir,

My son Balasubramaniam was associating with bad characters and was committing pilferings. I myself complained against him and he was sent to be confined in the Reformatory school at Chingleput on or about 12th March 1907, while he was there, I learnt that he has become subject to epileptic fits during the last one year or two months, and gets the fits 4 or 5 times a day, both during the day time and nights.

2. If his birth certificate be referred to, he ought to have been released having already reached his age of discretion. By reason of the incurable nature of the disease he is suffering from and the non-availment in the Reformatory of the help which such patients would inevitably require during their unconscious state, I pray that the Government will be pleased to direct his discharge under Section 14 of India Act. VIII of 1897 with such safeguards, if necessary, as are contemplated in Section 31 of the Reformatory Schools Act.

I beg to remain,

Honored Sir,

Your most obedient servant,

Sir,

In returning herewith the petition of Velacheri Manickamma, referred to me for remarks with endorsement No. 548-1 Educational, dated 28th February 1913, regarding the discharge of her son Balasubrahmanyam from the Reformatory school, Chingleput, I have the honour to submit the subjoined extract from the letter of the Superintendent of the school, No. 808 P., dated 11th March 1913.

"(1) That according to the Magistrate's finding, the boy will not reach his 18th year until 8th March 1917. He was sent for 7 years and will be discharged in the ordinary course on the 8th March 1915. I am not aware of the precise amount of value as evidence of the 'certificate' referred

to, but should consider that it was not high."

"and (2) The boys' condition as regards the number of fits which he gets is improving and if it can be avoided I am strongly opposed to letting him go until I am quite satisfied that he is suffering from epilepsy and that, his disease is incurable."

I commend the Superintendent's observations to Government.

I have the honour to be,
