GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper :—

Letter—from FRANCIS DEWSBURY, Esq., B.A., LL.B., Registrar, University of Madras.

To—the Secretary to Government, Educational Department.

Dated—Senate House, the 20th March 1913.

No.—1321.

I have the honour, by direction of the Syndicate, to submit under Regulation 376 (d) for disposal by His Excellency the Governor in Council, the accompanying application from the American College, Madura, for affiliation in group (v), History and Economics, of the courses for the B.A. degree examination under the new regulations, together with copies of the proceedings of the Syndicate and the Senate on the subject, and of the report submitted by the Syndicate to the Senate.

At its adjourned meeting held on Saturday the 8th March 1913, the Senate recorded its opinion that the affiliation may be granted by Government.

ENCLOSURES.

(1)

Extracts from the minutes of the Syndicate in connection with the application from the American College, Madura, for affiliation in group (v), History and Economics, of the B.A. degree courses under the new regulations.

Dated 1st October 1912.

Read letter, dated 13th September 1912, from the Principal, American College, Madura, applying for the affiliation of the college in group (v), History and Economics, of the B.A. degree courses, to take effect from 1st July 1913.

Read also letter, dated 19th September 1912, from the same applying for the affiliation of the college in group (ii-A) of the B.A. degree courses to take effect from July 1914, together with the reports of the affiliation committee thereon.

Resolved that the reports of the affiliation committee be adopted and that Mr. E. W. Middlemast, the Rev. E. M. Macphail and Mr. J. G. Tait be appointed a commission to conduct the local inquiry in connection with the application for the affiliation of the college in group (v) of the B.A. degree courses, and that consideration of the further application for affiliation in group (ii-A) be deferred.

Dated 26th October 1912.

Read letter, dated 26th October 1912, from Mr. E. W. Middlemast stating that Mr. J. G. Tait has resigned his appointment as a member of the commission appointed to conduct the local inquiry in connection with the application of the American College, Madura, for the affiliation of the college in group (v), History and Economics, for the B.A. degree courses, and recommending the appointment of Mr. Mark Hunter as a member of the commission in the place of Mr. Tait.

Resolved that the recommendation be accepted and that Mr. Mark Hunter be appointed a member of the commission in place of Mr. Tait.

Dated 3rd December 1912.

Considered the report of the commission appointed to conduct the local inquiry at the American College, Madura, in connection with the application for the affiliation of that college in group (v) of the B.A. degree courses.

Resolved that the report of the commission be adopted and that it be a recommendation to the Senate to record its opinion that the affiliation applied for may be granted by Government.

(2)

Extract from the Minutes of the meeting of the Senate held on 8th March 1913.

The Rev. G. Pittendrigh proposed and Mr. J. P. Cotelingam seconded: "That the Senate record its opinion that the application from the American College, Madura, for affiliation in group (v), History and Economics, of the courses for the B.A. degree examination may be granted by Government."

Carried.

(3)

Report of the Syndicate upon the application from the American College, Madura, for the affiliation of the college in group (v), History and Economics, of the B.A. degree courses.

The Syndicate reports the following correspondence relative to this application :—

Letter—from the Principal, the American College, Madura.

To—the Registrar, University of Madras.

Dated—the 13th September 1912.

No.—19.

Under instructions from the council of management, and in fulfilment of a long-standing purpose of the college, I have the honour to apply for the affiliation of the American College, Madura, in group (v), History and Economics, of the B.A. degree (Pass) course of the Madras University, to take effect from the first of July 1913.

Referring to the rules for the affiliation of Colleges in the calendar of the Madras University, I have the honour to state as follows :—

1. *Management*—The college is managed by a council constituted as follows :—

Rev. W. M. Zumbro, M.A., Principal.	} Ex-officio, being European members of the staff.
Rev. W. W. Wallace, M.A., Associate Principal.	
J. W. Stanley, Esq., B.A., Lecturer in Natural Science.	
L. Curtis Guise, Esq., M.A., Lecturer in History.	
Rev. J. P. Jones, D.D.	} Elected by the Madura Mission.
Rev. J. X. Miller, M.A.	
Rev. J. S. Chandler, M.A.	} Indian members elected by the staff.
Mr. Peter Issac, B.A., L.T.	
Rev. Chinniah Eames.	

The action of the council is subject to review by the members of the American Madras Mission and again by the American Board of Commissioners for Foreign Missions in America, under whose auspices the college is conducted.

2. *Staff—English*.—W. M. Zumbro, M.A., Principal, Instructor in English Language and Literature; A.B. Leander Clark College, 1888; M.A., University of Michigan, 1889; B.D., Yale University, 1893; student in Teachers' College, Columbia University, 1906-07; joined staff, 1894.

W. W. Wallace, M.A., Associate Principal, Instructor in English Language and Literature; A.B. Hamilton College, 1891; B.D. Yale University, 1896; M.A., Yale University, 1898; Instructor in Jaffna College, Ceylon, 1889 to 1893; joined staff, 1897.

Science.—J. W. Stanley, B.A., Instructor in Natural Science; A.B., Friends' University, 1910; joined staff, 1911.

S. Mahadeva Aiyar, B.A., L.T., Instructor in Mathematics; A.B., Madras University, 1893 (2nd class); L.T., Madras University, 1897; joined staff, 1893.

N. Ramaswamy Aiyar, B.A., L.T., Instructor in Physical Science; B.A., Madras University, 1902 (2nd class); L.T., Madras University, 1905; Assistant Master, Municipal High School, Dindigul, 1903; Assistant Master, American Mission High School, Pasmalai, 1904 to 1909; joined staff, 1909.

History—

Mr. P. H. Anantarama Aiyar, B.A., a first-class graduate of the Madras University (1907) is Lecturer in History doing work in the intermediate classes. Mr. Anantarama Aiyar was Assistant Lecturer of History in the Noble College, Masulipatam, during the years 1908 and 1909 and joined the staff of the American College in 1910.

Mr. Peter Isaac, B.A., L.T., is Instructor in Logic for the intermediate classes. He is a graduate of the Madras University (1890) and joined the staff of the American College in 1890, since which time he has been on the staff of this institution.

Mr. L. Curtis Guise, M.A., was appointed to the staff of the American College early in the year 1911 and after doing some additional graduate work at Oxford University joined the staff of the American College in Madras in March 1912. The following is a record of the work done in colleges and universities by Mr. Guise in preparation for work as Professor of History in this institution:—

His undergraduate work was done in the University of Kansas, at Lawrence, Kansas, United States of America where he graduated A.B. in June, 1910. His work in History included the following:—

A detailed library course in European History from the fifth century to the present time.

A general course in English History with considerable use of source material.

A very detailed course in American History covering the entire period. For this course a large library was generously used.

A brief course on the teaching of History.

He also pursued a course on Constitutional Law in the United States of America and another on International Law.

In all thirty per cent of the work required for graduation was done in the History department.

In the allied subjects he pursued general courses both in Economics and Sociology.

He did graduate work in the University of Michigan at Ann Arbor, Michigan, United States of America where he took the M.A. degree in June 1911, his work at the University of Michigan included the following:—

A course on the development of the judiciary in the United States of America.

A detailed library course on modern European History beginning with the seventeenth century.

A thorough seminary course on historical method.

A paper was prepared on the Seminole Indians in Southern United States of America in the years 1812 to 1815, and a critical comment was also written on Henry Adams' and Edward Cannings' volumes of United States History.

He prepared a thesis on the part played by Holland in the American Revolutionary War.

During the year 1910-11 he was an assistant in the department of History in the University of Michigan and covered with a class a general course in European History from the third to the seventeenth century.

During the Michaelmas term of 1911 and the Hilary term of 1912 he was in attendance at the University of Oxford, and took the following courses:—

Courses in English History under J. A. R. Marriot (Worc.); M. W. Patterson (Trin.); F. J. Haverfield (Bras.); C. G. Robertson (All S.); A. Hassall (Ch. Ch.); C. H. Firth (Oriel); C. W. C. Oman (All S.); A. L. Smith (Ball). Courses in Economics under H. A. L. Fisher (New); L. L. Price (Oriel). Courses in the Napoleonic Period under L. G. W. Legg (New); H. A. L. Fisher (New). The History of British India under C. T. Atkinson (Exeter).

At present the English work in the college is done by the Principal, the Associate Principal, Mr. J. W. Stanley, and a small part by Mr. Peter Isaac, B.A., L.T. It is expected that an additional Professor for English work will be sent out to join the college by July 1913.

3. *Buildings*.—It is proposed that for the year 1913-14, the present college building will accommodate the junior B.A. class in History, using the Intermediate History class lecture room for History, also, the Intermediate English class lecture rooms for English. It is

expected, however, that by July 1914, when there will be a senior B.A. class a new science hall for which plans and estimate are nearly completed will be ready for use when all the science work at present accommodated in the present college hall will be moved to the new science hall giving ample accommodation for the B.A. English and History classes in the present building.

It is the purpose of the management that as soon as the work on the new science hall has progressed far enough to warrant it, an application will be made for affiliation with the Madras University in B.A. group (i), Mathematics (Pass) course, and group (ii-A) Physical Science (Pass) course. A special Professor for Physics is already reported by the American Board, and it is expected that after spending a year in English Universities he will join the staff of the American College in 1913.

It is estimated roughly that the new science hall will cost from Rs. 60,000 to Rs. 65,000, money for which, as also for equipment, was provided by a friend in America during the year 1911.

Application is made for affiliation in History to begin in 1913 without waiting for the completion of the science hall, so that introduction of B.A. work in the college may be gradual.

With reference to hostel accommodation for students not residing with their parents or guardians, there is an incomplete hostel building on the college grounds accommodating at present forty students. In addition to this a new building very near the college just completed is at present rented by the college for hostel purposes. This accommodates twenty students.

Further, plans and estimates for the completion of the hostel building on the college ground have been sent in to Government for approval and sanction of grant, the building when completed to accommodate something over seventy students and it is hoped to complete this building before July 1913.

It is, therefore, expected that the college will be able to accommodate either in its own building or in buildings rented by it and under its control accommodation for all students not residing with their parents or guardians.

4. *Library*.—A copy of the catalogue of the college library as published in 1910 is herewith enclosed. A list of the books added in History and English since that time is also enclosed. The first supplement to the catalogue is now in the press. A further list of books proposed to be added to the library to provide for the B.A. work in History and English is being prepared and will be forwarded later.

5. *Provision for the residence of the Principal and some members of the staff*.—A bungalow which is to be the residence of the Principal is just completed on the college grounds and it is expected that this will be occupied during this month.

Further, the management has secured additional land near the college where it is proposed as soon as funds are available to erect quarters for some of the Indian members of the staff.

6. *Financial Resources of the College*.—(a) *Plan*.—The college grounds are located to the north of the Vaigai river in Tallakulam, Madras, and comprise 18.45 acres of land. The property has on the northern boundary the People's Park of Madras, on the eastern boundary new offices being erected by Government, on the south a public street, on the west a public street, and a little beyond to the west Government has recently acquired land for the purpose of constructing new Civil Courts and other Government offices. The land devoted to college purposes is estimated at present to be worth about Rs. 60,000.

The present college hall is a new building completed in 1909 at a cost of Rs. 48,690. The building is of brick, two storeys high and is 152 feet long by 61 feet wide.

The students' hostel is also a new building partially completed in 1909 at a cost of Rs. 15,075. As it stands this building is 152 feet long by 30 feet wide and is one storey high.

The new bungalow just completed on the college grounds has cost something over Rs. 15,000.

The plant used by the school department connected with the college is not included here, as that is located in a different part of the town about a mile and a half distant from the college, the college buildings and grounds being devoted exclusively to college purposes.

(b) *Income*.—In addition to the income from fees and Government grants the college receives each year from the American Board of Commissioners for Foreign Missions about Rs. 10,300 towards current expenditure and Rs. 13,600 on the salaries of the American members of the staff, a total of Rs. 23,900. It is expected that this will be increased from time to time as need increases.

(c) *Endowment*.—The American Board of Commissioners for Foreign Missions has at present nearly completed the raising of a general endowment fund of two million dollars for the endowment of its higher educational work in various countries. It is from this endowment that the income from the American Board referred to above is provided. The endowment is thus not definitely assigned to the American College but the income is distributed by the Board among

different institutions according to the needs of the same. It is further known that certain sums of money are designated for the college by friends in their wills. The amount is not known at present.

In addition to these there are some small endowment funds the income of which is devoted to scholarships. A list of these scholarships is enclosed herewith.

7. *Field from which the College may be expected to draw students.*—Hitherto the only first-grade college in India, south of Trichinopoly, is the Maharaja's College at Trivandrum. There are in Madura two second-grade colleges, the Madura College and the American College. At present there are in the American College forty-one students in the Senior Intermediate class and eighty-eight in the Junior Intermediate class, with a similar number in the classes of the Madura College. Moreover there are two second-grade colleges in Tinnevely, the Hindu College, and the C.M.S. College, and it may fairly be expected that a number of students from these colleges passing the Intermediate Examination of the Madras University and proceeding to the B.A. Degree Course would prefer to study in Madura were a satisfactory college provided here.

There are in the Madura and Ramanad districts ten high schools and in the Tinnevely district fourteen high schools. It would seem, therefore, that the establishing of a first-grade college in Madura would be to the advantage of a large number of students and in the best interests of education.

8. *Fees.*—At present the fees charged by the American College in the Intermediate classes are Rs. 60 per year if paid in eight instalments and Rs. 60 if paid in two instalments in advance, this being the same rate of fees as that charged in the Madura College. It is proposed to raise the fees for the Intermediate classes beginning with July 1913, to Rs. 72 per year if paid in eight instalments and Rs. 68 per year if paid in advance in two instalments.

It is also proposed to charge for the full B.A. Course Rs. 84 if paid in eight instalments and Rs. 80 if paid in advance in two instalments, this being the rate of fees charged for the B.A. Course in the two colleges at Trichinopoly.

As heretofore the College Management undertakes in case of transfer of management or change of teaching staff to report the same to the Syndicate. A copy of a college circular published in 1911 giving some further information with reference to the college is also enclosed herewith.

- (1) Copy of college catalogue (1910).
- (2) List of books added for English and History, since the publication of the catalogue.
- (3) List of endowed scholarships.
- (4) Copy of college circular published in 1911.

Letter—from F. DEWSBURY, Esq., B.A., LL.B., Registrar, University of Madras.
To—the Principal, the American College, Madura.
Dated—the 5th October 1912.
No.—3787.

With reference to your letters, dated September 13 and 19, 1912, applying for the affiliation of the college in Groups (v) and (ii-A) respectively in the B.A. Degree Courses, I have the honour to inform you that the Syndicate has appointed Mr. E. W. Middlemast, Rev. E. M. Macphail and Mr. J. G. Tait as a Commission to conduct the local inquiry required under section 21 (2) (a) of the Indian Universities Act, 1904, with respect to the first of these applications. The Syndicate will await the report of this Commission before arranging for the inquiry in connection with the second application. Mr. Middlemast is being requested to arrange for the visit to the college on some date convenient to the Commission and the college authorities.

Letter—from the Registrar, University of Madras.
To—Messrs. E. W. MIDDLEMAST, E. M. MACPHAIL and J. G. TAIT.
Dated—the 5th October 1912.
No.—3788.

I have the honour to inform you that applications, dated September 13 and 19, 1912, respectively, have been received by the Syndicate from the Principal, the American College, Madura, applying for the affiliation of that college—

- (1) in Group (v)—History and Economics—of the B.A. Degree Courses, to take effect from July 1913;
- (2) in Group (ii-A) of the same courses, to take effect from July 1914.

The Syndicate has resolved that a local inquiry shall be made under section 21 (2) (a) of the Indian Universities Act, 1904, to consider in the first instance the former application for affiliation in Group (v), and has appointed Mr. E. W. Middlemast, Rev. E. M. Macphail and Mr. J. G. Tait as a Commission to conduct the inquiry.

2. In view of the fact that the American College, Madura, is at present affiliated only in the Intermediate Courses, the scope of the inquiry to be made should include not only the question of the provision proposed for teaching History and Economics for the Degree, but also the whole question of the necessity for an additional first-grade college in South India, the financial resources of the college and the provision which is to be made for the teaching of English.

3. The Syndicate will await the report of this Commission before proceeding to a detailed investigation into the arrangements proposed for teaching the subjects of Group (ii-A) of the B.A. Degree Courses.

The applications and enclosures with the connected correspondence are forwarded in original to Mr. E. W. Middlemast, who is requested to arrange for the visit to the college on a date convenient to the Commission and the college authorities. The Principal of the college is being informed of the appointment of this Commission.

I have the honour to request that you will intimate to me whether you are prepared to accept the appointment on this Commission.

Letter—from J. G. TAIT, Esq., M.A.
To—the Registrar, University of Madras.
Dated—the 28th October 1912.

I have the honour to request that the Syndicate will be so kind as to permit me to withdraw my acceptance of a place on the Commission of inquiry appointed to visit the American College, Madura.

As the new English Professor who was expected here after the Dusserah holidays has not arrived, I am unable to leave the Central College at present.

Letter—from the Registrar, University of Madras.
To—MARK HUNTER, Esq., M.A.
Dated—the 28th October 1912.
No.—4094.

In connection with an application received from the American College, Madura, for the affiliation of the college in Group (v)—History and Economics—of the B.A. Degree Course, the Syndicate appointed a Commission consisting of Mr. E. W. Middlemast, the Rev. E. M. Macphail and Mr. J. G. Tait to conduct the local inquiry under section 21 (2) of the Indian Universities Act, 1904. Mr. Tait, who at first accepted the appointment, having now expressed his inability to serve on the Commission, the Syndicate requests you to be so good as to take his place on the Commission.

It is understood that you are willing to accept the appointment. A copy of the letter sent to the members of the Commission originally appointed is enclosed.

Letter—from the Registrar, University of Madras.
To—the Principal, American College, Madura.
Dated—the 30th October 1912.
No.—4123.

With reference to my letter No. 3787, dated the 5th instant, I have the honour to inform you that Mr. J. G. Tait having expressed his inability to serve on the Commission appointed to conduct the local inquiry in connection with your application for affiliation of the college in Group (v) of the B.A. Degree Course, the Syndicate has appointed Mr. Mark Hunter, M.A., to take his place on the Commission.

Report of the Commission appointed by the Syndicate to conduct a local inquiry at the American College, Madura.

We have the honour to report that, under instructions from the Syndicate, we held a local inquiry in connection with the application for affiliation of the American College, Madura, in the English Language and Literature and History and Economics Courses for the Bachelor of

Arts Degree. We visited the college on November 8 and 9, 1912. We inspected the college and hostel buildings and interviewed the Principal and staff. As the result of our inquiry we have the honour to report as follows :—

(a) *Management.*—The college is under the management of a regularly constituted body—the College Council—on which the staff is adequately represented. The action of the Council is subject to review by the members of the American Madura Mission, and again by the American Board of Commissioners for Foreign Missions in America under whose auspices the college is conducted.

(b) *Tenure of office and qualifications of staff.*—(1) *Tenure of office.*—The American members of the staff are appointed by the Board in America, and their tenure of office is generally for life. The Indian members of the staff are appointed by the College Council, and their appointment is terminable at the end of the academical year on a month's notice being given by either party.

(2) *Qualifications.*—(i) *English.*—The rears at present two American graduates teaching English and a third is to be appointed as well as a well-qualified Indian graduate. This provision will be adequate. (ii) *History.*—The History staff at present consists of an American graduate with special qualifications in History and an Indian graduate (first class in History). This will be adequate for the first year, but it is desirable that another qualified Indian assistant should be appointed when the full B.A. course in History is begun, and this the management undertake to do.

(c) *Accommodation.*—(1) *Lecture-rooms.*—The lecture-rooms consist of four rooms 20' x 30', one room 20' x 20' and one room 20' x 40', and in addition there is a large hall upstairs, stretching the whole length of the building, part of which is utilized at present as a class-room, and part as a reading-room and library. At present two rooms 20' x 30', the room 20' x 20' and the room 20' x 40' are occupied by the science department. If, as is intended, a separate building for the science department is erected the lecture-rooms will be adequate for English and History and for providing accommodation for the staff. As a strictly temporary measure space can without much difficulty be found for a small Junior B.A. class in English and History for one year. It is imperative that a separate building for Science should be taken in hand at once so as to be completed by July 1914.

(2) *Hostel.*—The college already possesses a hostel which accommodates forty students, and twenty more students are located in a rented building near the college. The management propose to build an upper storey which will more than double the accommodation in the hostel. The college makes proper provision for the residency of the students.

(d) *Library.*—The present library is inadequate for a college teaching B.A. courses in English and History. The management recognize this fact and are prepared to expend a sum of Rs. 6,000 in making the additions that are now necessary for conducting B.A. courses in English and History. They also propose to spend a sum of Rs. 1,000 annually on the library and reading-room.

There is ample accommodation for a combined library and reading-room in the college hall. The management are prepared to supply such additional furniture as is necessary for the conduct of regular library work.

(f) The Principal lives in a house in the college compound.

(g) *Financial arrangements.*—The salaries of all the American members of the staff, including any, that may be appointed in the future are paid by the Board in America. All other expenditure including the salaries of the Indian members of the staff is met from the college funds. These funds are derived from three sources: (1) a grant from the American Board; (2) fees; (3) Government grants. The income received from the American Board in the form of salaries and grants is derived from an endowment of nearly two million dollars which the American Board of Commissioners for Foreign Missions has raised for the endowment of its higher educational work in various countries, and is thus not dependent on subscriptions raised from year to year. At our request the management drew up for us a provisional budget estimate for 1914-15 which may be taken as an estimate of the receipts and expenditure annually recurring. The amount of fee income is based on a modest estimate of the probable strength of the different classes, and the sum estimated as grant-in-aid is the amount actually drawn at present. The estimate for expenditure makes adequate provision for salaries and the upkeep of the college in all departments. We are of opinion that the financial resources of the college are such as to make due provision for its continued maintenance. (See appendix.)

(h) There is no college teaching the courses for the Bachelor of Arts degree nearer than those in Trichinopoly and Trivandrum and the importance of Madura as the second city in the Presidency makes the establishment of such a college there not inappropriate.

(i) The college proposes to charge the same fees in the B.A. classes as are charged in the Trichinopoly colleges.

We are of opinion that the Syndicate may recommend the affiliation of the college in the English Language and Literature and History and Economics courses for the Bachelor of Arts degree.

E. W. MIDDLEMAST.
E. MONTEITH MACPHAIL.
MARK HUNTER.

11th November 1912.

APPENDIX.

THE AMERICAN COLLEGE, MADURA.

Provisional budget estimate for the year 1914-15 presented to the University Commission, 9th November 1912.

Explanation.—The estimate is prepared on the supposition that the College will provide for the following:—

Intermediate course	..	..	..	Group i.
Do.	..	..	..	Group ii.
Do.	..	..	..	Group iii (Ancient History, Modern History and Logic).

B.A. Course, History (third and fourth years).

The budget is for the college department only.

The estimate provides for the current expenses only.

A separate statement is presented showing additions made and proposed to be made to library, furniture and science apparatus.

Salaries of all the American members of the staff are provided by the Home Board out of the income of a general higher Educational endowment fund. The salary of the American members includes allowances. Allowances are made for children and a single man receives half the salary of a married man. The Home Board does not give any increment of salary.

The annual grant from the Home Board for the current expenses is also largely provided out of the general endowment fund. The distribution between college and high school is made in proportion to the total cost of each department.

The salaries of the Indian members of the staff are met out of the current funds of the college.

The rate of fee income is estimated at the rate proposed to be charged from July 1913 on the supposition that all students pay in two instalments.

The teaching grant from Government is estimated on the supposition that the same grant will be received for 1914-15 as has been received during 1912-13. The grant is distributed between college and school on the basis of the total cost of each department.

Teaching grant (sixty per cent. to college; forty per cent. to school)	4,080	
Furniture, apparatus, etc., half grant on expenditure .	1,400	
		5,480
Endowments		400
Total		42,668

Statement showing apparatus, books and furniture provided during the two years 1911-12 and 1912-13.

	1911-12.	1912-13.
	RS.	RS.
Library	1,324	800
Science apparatus	3,987	1,500
Furniture	1,808	1,205
Total	7,119	3,505

For the greater part of these purchases a half grant has been received from Government.

In addition to this a gas plant has recently been installed costing as follows:—

	RS.
House	1,845
Apparatus, pipes, etc.	10,612
Total	12,457

For the installation of this plant Government has given a half grant towards the cost of the building and a third grant towards the cost of the apparatus.

It is expected that if affiliation in B.A. History is granted the college will be able to provide in the near future up to Rs. 6,000 for additional books. It is expected that the college will also be able to provide sufficient chairs and tables to accommodate up to 100 students in the library at any one time, and such shelf-room as may be needed for the additional books.

The above report was considered by the Syndicate on November 12, 1912, and adopted. The Syndicate resolved that it be a recommendation to the Senate that the application for affiliation in Group (v) (History and Economics) of the B.A. Degree courses may be granted by Government.

FRANCIS DEWBURY,
Registrar.

Order—No. 292, Educational, dated 8th April 1913.

Under section 21, sub-section (4) of the Indian Universities Act, 1904, the Governor in Council is pleased to sanction the further affiliation to the University of Madras of the American College, Madura, in Group (v)—History and Economics—of the B.A. Degree (pass) course.

INSTRUCTIONS FOR THE
SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b) For rules regarding printing of notes, see the rules in G.O., No. 1220, Public, dated 30th November 1900.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Deputy Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Deputy Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.

A
Please send proof in triplicate. The papers have been carefully edited.

B
Proof returned corrected. Please strike off and send number of copies as indicated.

Type may be released after usual interval at once.

C
As the matter is clear manuscript and has been carefully edited, (b) proof need not be sent. Please print and supply number of copies as indicated.

Type may be released after usual interval.
