EDUCATIONAL DEPARTMENT.

NOTE FILE.

G.N. 928 Fl
19.3.13

Legislative Department.

27

The Hon'ble Mr. K.P. Raman Menon:-

Revenue & Educational Departments.

16. (a) What is the Panchama population in Malabar (b) in South Canara ?

(b) Are there any schools solely devoted to the education of Panchama boys and girls? If so will the Government be pleased to mention the names of such schools with the strength of each?

(c) Are any Panchama boys attending schools in which caste Hindu boys are being educated?

vide linked file

page 909/Vol II

Educational Department.

24

Clause (a) of the question is being dealt with in the Revenue Department.

2. Clause (b).-

Clauses (b) and (c) of the question are in general terms, though reading with clause (a) it may be inferred that the statistics are required only in respect of Malabar and South Canara. Statistics for districts separately are not available. Tables 116 to 118 on page 89 of Vol. II of the last quinquennial report give the number of institutions for the Presidency chiefly intended for panchama and their total strength. By schools "solely" devoted to education of Panchama boys and girls the Additional Members apparently refers to the schools in the tables above referred to.

3. Information as to the names of the schools and the strength of each is not also available.

It is for consideration whether information should be called for from the Director. In question No.4 asked at the meeting of 18th Feby. 1913, statistics regarding the education of Tiyyas and Panchamas of Malabar and South Canara were asked for by the same Additional Member; and the Government stated that they were not in possession of the statistics desired. Orders are solicited as to whether a similar answer may now be given.

vide linked file.

4. Clause (c)

From a comparison of table No.119, which gives particulars of Panchama scholars in

page 909 Vol. II

all

25 b

all public schools, with code No.117, which gives figures for ~~institutions~~ institutions chiefly intended for Panchamas, it appears that there are Panchama pupils studying in schools not specially intended for them. For example, the former table shows 1257 pupils in secondary schools, while the latter gives the number as only 169. It cannot however, be definitely stated whether caste Hindu boys (study) in those schools along with the Panchama children. In this case also it is for consideration whether information should be called for from the Director.

22/3/13

I believe that the local fund and Municipal administration reports give separate particulars of Panchama schools and the attendance thereat. If so, particulars might be given for the two districts of Kolaba & S. Canara which is exactly what the Hon'ble Member wants, but it would hardly be any use doing so, for the tables in the Quinquennial report show that in the whole Presidency only one school in six is under board management.

If the D.P.I. has the figures ready available, we might ask him to give them.

22/3/13 D.P.I. wd.

Office of the Dr. of Pub. Instr.

Dp 27/3

(b) The Hon'ble Member will be furnished with copies of the lists of Recognized Elementary Schools in the Districts of Malabar and South Canara.

The lists show among other things the names of the schools, the form of management, the standards and the total number of pupils in each school, and indicate which schools are chiefly intended for panchamas or any other particular class of the Community.

on the 31st March 1913

(c) It is not uncommon for [Hindu] panchama pupils to attend schools in which caste Hindu boys are being educated but the Govt. have no detailed information.

P.
26.3.13.

28

The question and answer as finally approved are as follows:—

Panchama education in Malabar and South Canara.

Question 28. (*a*) What is the Panchama population (i) in Malabar, (ii) in South Canara?

(*b*) Are there any schools solely devoted to the education of Panchama boys and girls? If so, will the Government be pleased to mention the names of such schools with the strength of each?

(*c*) Are any Panchama boys attending schools in which caste Hindu boys are being educated?

Answer 28—

(*a*) According to the census of 1911 the castes generally regarded as coming under the term "Panchama" numbered 262,712 in Malabar and 113,596 in South Canara.

(*b*) The Honourable Member will be furnished with copies of the lists of recognized elementary schools in the districts of Malabar and South Canara. The lists show among other things the names of the schools, the form of management, the standards and the total number of pupils in each school on the 31st March 1912 and indicate which schools are chiefly intended for Panchamas or any other particular class of the community.

(*c*) It is not uncommon for Panchama pupils to attend schools in which caste Hindu boys are being educated, but the Government have no detailed information.

A draft order according the papers is submitted for approval
