DATED 21-4-1913..

[Despatch Abstract.]

Provincial Educational Service Informing the
Chief Commissioner of Coorg that the Govt has
no objection to his proposal to include the post of assistant
inspector of schools in Coorg in the cadre of the Madras District

C. 87/Esf

17. 3. 13

No. 750

FROM

P. B. Warburton, Esq., I. C. S.,

SECRETARY TO THE CHIEF COMMISSIONER OF COORG.

TO

The Secretary to the Government of Madras,

Educational Department.

Dated, Bangalore, 15 March 1913.

SIR,

I am directed to address the Government of Madras on the subject of placing the elementary schools in Coorg in charge of an officer of the Madras Provincial Educational Service.

2. The Coorg Primary Schools are at present under an officer in the subordinate graded service of the Madras Presidency (now styled the District Assistant Inspector). The responsibility of this officer has latterly increased and is likely to undergo considerable further increase in the near future. At present he controls more or less an expenditure of about Rs. 35,000/- and, when effect has been given to proposals now under consideration, he will control an expenditure of nearly double that amount.

3. There are only half a dozen aided schools in Coorg: all the other institutions being either Government, Local Fund or Municipal, and the Assistant Inspector is in entire charge of them.

the educational work in the province was by no means as heavy and responsible as it is now. The number of schools has greatly increased and the supervision of a large body of teachers in pensionable service appears to involve -- greater responsibility than an Assistant Inspector with the status which the subordinate service confers upon him should be ordinarily called upon to undertake. The preparation of the Salary and Contingent Bills, the maintenance of a large number of service registers, the submission of proposals for transfers and promotions, (which are not as a matter of fact susceptible of effective check at the hands of any other officer), and the resulting correspondence, is considerable.

4. The District Board and the Municipalities in Coorg have latterly taken in hand schools for instruction in Weaving, Carpentry and Tailoring: these are also under the management of the Assistant Inspector. Coorg has no separate agency for the inspection and control of girls' schools and Muhammadan schools as in the Madras Presidency, where, it is understood, work of the above nature, especially the supervision of the industrial schools and the maintenance of accounts, &c. in connection with them, does not ordinarily form part of the duties of an Assistant Inspector, though a fair proportion of these officers are in the Provincial Service.

5. In view also of the local conditions of Coorg, the appointment of an officer who draws salary and allowances on an increased scale is desirable. Mercara resembles other hill stations in Southern India in respect to cost of living and the scarcity of house accommodation. The difficulty of travelling entails a larger expenditure than in the plains where conveyances are cheap and the country to be traversed is easy. A large proportion of the -- schools in Coorg are situated away from -- and can be

inspecting officer, to supervise efficiently all the schools has not only to maintain a horse but also other conveyances for himself and camp equipment.

6. In the circumstances the Chief Commissioner is strongly of opinion that the appointment of Assistant - Inspector of Schools in Coorg should be included in the Madras Provincial Service, an appointment being added to the last or ninth grade for the purpose. The proposal has the support of the Director of ~~the~~ Public Instruction, and, if the Government of Madras see no objection, a recommendation will be made to the Government of India. I am to request the favour of an early reply.

I have the honour to be,

Sir,

Your most obedient servant,

M. S. Arundel
