GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers :—

I

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., Acting Director of Public Instruction, Madras.
To—the Secretary to Government, Local and Municipal Department.
Dated—the 31st May 1911.
No.—Ref. on Cur. 2410.

In submitting herewith a letter from the President, District Board, Tinnevely, received through the Superintendent of Industrial Education, Madras, I have the honour to state that the request of the District Board to allot special scholarships for Tinnevely boys seems reasonable. On receipt of the President's letter I requested the Superintendent of Industrial Education to draw up a scheme for the award of scholarships of the aggregate value of Rs. 20 per mensem. The Superintendent has informed me that such a scheme should be prepared only after the proposals for reorganizing industrial education at Madura have been dealt with by Government. If Government approve of the President's proposal I shall, if necessary, submit a scheme for the award of special scholarships to Tinnevely boys attending the Technical Institute, Madura.

2. The President's proposal regarding the utilization of the interest on the Jubilee Endowment fund may be approved.

ENCLOSURE.

Letter—from the Hon'ble Mr. A. CHATTERTON, Superintendent of Industrial Education, Madras.
To—the Director of Public Instruction.
Dated—the 7th April 1911.
No.—340 I.

I have the honour to forward the accompanying letter with enclosures from the President of the District Board, Tinnevely. In accepting the suggestion of mine that they should utilise the interest on a sum of Rs. 4,956-8-0 for the granting of a scholarship to a Tinnevely boy to attend the Madura Technical Institute, they ask Government will provide two more scholarships of about Rs. 10 per mensem to enable two more boys to be sent to the Madura Technical Institute. The request is a reasonable one and I recommend that it may be granted, or at any rate brought up for consideration when the proposals for the reorganisation of the Technical School at Madura are under consideration.

Sub-enclosures.

(1)

Letter—from R. W. D. E. ASHE, Esq., I.C.S., President, District Board, Tinnevely.
To—the Secretary to Government, Revenue Department.
Dated—the 4th April 1911.
No.—Ref. A. on Cur. 128.

I have the honour to inform you that the Secretary of the Jubilee Committee of 1887, Tinnevely district, handed over to this District Board in the year 1899, a sum of Rs. 4,956-8-0 being the balance of the Jubilee fund. The District Board in its resolution No. 4, dated 9th July 1897 (copy enclosed) agreed to keep it separate, invest the same in Government Promissory

Notes and utilize the interest thereof on scholarships and prizes in connection with the Industrial Section of the Board Technical Institute, Tinnevely. Till 1st April 1910, when the institute was transferred to Government, the Board was awarding scholarships to the amount of more than Rs. 178 per annum, the amount realized as interest on the investment. The Director of Industries, Madras, has now suggested that, as the institute is to be closed from 1st April 1911, the interest might be utilized to grant scholarships to Tinnevely boys to attend the Madura Technical Institute and the District Board has approved of his proposal in its resolution No. 8, dated 25th March 1911.

2. In this connection, I submit that when handing over the Technical Institute at Tinnevely to Government in the last year, the District Board requested the Government in its resolution No. 9, dated 26th February 1910, read in G.O. No. 736, Revenue, dated 8th March 1910, to consider the advisability, in the event of their closing the institute, of providing two or more scholarships of about Rs. 10 per mensem in some other Technical Institute for pupils who are natives of this district, as the Board was surrendering to Government a property valued at about Rs. 4,500. Now that the Government have, in their order Mis. No. 117, Educational, dated 28th February 1911, decided to close the Tinnevely Institute on 31st March 1911, the District Board wishes to draw the attention of Government to its resolution of the 26th February 1910 and trusts that two scholarships will be provided by Government in accordance with that resolution. I have the honour therefore to request that Government will be pleased to provide two scholarships for the Tinnevely boys in addition to the one from the interest of the Jubilee fund.

(2)

Proceedings of the District Board, Tinnevely, dated 25th March 1911.

PRESENT:

Ex-officio.

1. R. W. D. E. Ashe, Esq., I.C.S., Collector and President.
2. A. Mc. G. C. Tampoe, Esq., I.C.S., Divisional Officer, Sernadēvi.
3. A. R. Cox, Esq., I.C.S., Divisional Officer, Tuticorin.
4. M.R. Ry. T. N. Ramachandra Rao Avargal, Divisional Officer, Tinnevely.

Officials nominated.

5. M.R. Ry. A. Rajabadar Mudaliyar Avargal, Treasury Deputy Collector.

Non-officials nominated.

6. M.R. Ry. S. N. V. Rajachar Avargal, Estate Collector, Uttumalai.
7. „ Suna Pana Ponnappa Nadar Avargal.
8. „ A. Krishnama Raja Avargal.
9. The Hon'ble Mr. S. T. Shunmukham Pillai.
10. M.R. Ry. V. S. Martandam Pillai Avargal.
11. „ R. Subba Aiyar Avargal.

Elected.

12. M.R. Ry. P. Venkatasami Mudaliyar Avargal, Tahsildar, Srivaikuntam.
13. Roshan Mia Abji Mia Sahib Bahadur.
14. M.R. Ry. S. T. Ponnambalanatha Mudaliyar Avargal.
15. „ V. R. Venkatarama Aiyar Avargal.
16. „ A. Periyanyakham Avargal.
17. „ W. S. Krishna Aiyar Avargal.
18. „ Chavadi Tirumalaikozhundu Pillai Avargal.
19. „ T. N. Sivasubramanya Tevar Tirthapathi Avargal.
20. „ K. S. Ramachandra Aiyar Avargal.

Read letter from the Director of Industries, Madras, stating that the Technical Institute at Tinnevely is likely to be closed from 1st April 1911 and suggesting that the interest of the Jubilee fund may be utilized towards scholarships for the Tinnevely boys at the Madura Institute.

Read also District Board's resolution No. 9, dated 26th February 1910, suggesting to Government for consideration the advisability in the event of closing the institute of providing two or more scholarships of Rs. 10 per mensem in some other Technical school for Tinnevely boys in view of the Board surrendering to Government property worth Rs. 4,500.

Resolution No. 8.—The Board is willing to use the interest of the Jubilee fund as suggested, but would draw the attention of Government and of the Director to its resolution No. 9, dated 26th February 1910, and trusts that two scholarships will be provided in accordance with that resolution as well as one from the interest of the Jubilee fund.

13. " Shunmukham Pillai Avargal.
14. " Somasundram Pillai Avargal.
15. " P. N. Venkatachalam Aiyar Avargal.
16. " S. Palaniyandi Mudaliyar Avargal.
17. " R. Subba Aiyar Avargal.
18. " Anavaratham Pillai Avargal, Manager, Uttumalai Estate.

Read letter, dated 23rd June 1897, from M.R.Ry. M. R. Ramakrishna Aiyar Avargal, Secretary to the Committee of the Jubilee of 1887 requesting to obtain the views of the Board on certain points mentioned in connection with handing over to the Board by the Jubilee Committee of certain amount for being utilized in the technical institute of the Board.

Resolution No. 4.—The Board will be glad if the Jubilee fund is handed over to it and will undertake to keep it separate from its general assets and to invest it in Government Promissory Notes, and is prepared to spend the interest on scholarships and prizes in connection with the industrial section of the Board's training school, such scholarships or prizes to be called Jubilee scholarships or prizes. It considers that the third condition proposed by M.R.Ry. M. R. Ramakrishna Aiyar Avargal is unnecessary.

II

Memorandum No. 1300-1/11, Educational, dated 30th August 1912.

With reference to his letter R.C. No. 2410, dated 31st May 1911, submitting a letter from the President, District Board, Tinnevely, requesting the grant of special scholarships for Tinnevely boys attending the Madura Technical Institute, the Director of Public Instruction is informed that, orders having been passed on the proposals for the reorganization of the institute, the Government now desire to take the question of these scholarships into consideration. They are anxious to meet the wishes of the District Board, if the grant of scholarships will not create an inconvenient precedent, and also to permit the Board to utilize the interest from the Jubilee fund now at their disposal for a similar object. The Director is accordingly requested to submit definite proposals for the award of such scholarships, indicating the amount and the subjects for which they should be allotted. Presumably they should be assigned for work of the same class as that formerly carried on at the Tinnevely institute, and not for weaving or dyeing.

L. DAVIDSON,
Ag. Secretary to Government.

To the Director of Public Instruction.

III

Letter—from the Hon'ble Sir ALFRED GIBBS BOURNE, D.Sc., F.R.S., K.C.I.E.,
Director of Public Instruction, Madras.

To—the Secretary to Government, Educational Department.

Dated—the 23rd January 1913.

No.—Ref. on Cur. 2410/11.

With reference to Memorandum No. 1300-1/11, Educational, dated 30th August 1912, requesting the submission of definite proposals for the award of scholarships to Tinnevely boys attending the Madura Technical Institute and subsequent reminders thereon, dated 23rd November 1912 and 7th January 1913, I have the honour to state that the President, District Board, Tinnevely, who has been consulted on the subject by the Superintendent of Industrial Education has informed the latter officer that the subject will be discussed at the District Board meeting to be held on 25th January 1913 and its resolutions communicated in due course.

IV

Letter—from the Hon'ble Sir ALFRED GIBBS BOURNE, D.Sc., F.R.S., K.C.I.E.,
Director of Public Instruction, Madras.

To—the Secretary to Government, Educational Department.

Dated—the 14th February 1913.

No.—Ref. on Cur. 2410/11.

With reference to Memorandum No. 1300-1/11, Educational, dated 30th August 1912, requesting the submission of definite proposals for the award of scholarships to Tinnevely boys attending the Madura Technical Institute and subsequent reminders thereon, dated 23rd November 1912 and 7th January 1913, and in continuation of my letter R.C. No. 2410/11, dated 23rd January 1913, I have the honour to submit the proposals of the District Board, Tinnevely, with the comments of the Superintendent of Industrial Education thereon and to state that, as things are at present, I agree with the President of the District Board and would suggest that Government might undertake to co-operate with the Board as suggested in sending a boy to the Bombay Victoria Technical Institute as soon as possible. By the time his course is nearing its end we may hope that the Madura Technical Institute will be working in its developed form and the Tinnevely District Board will more clearly see the advantage of having scholarships to it for Tinnevely boys.

ENCLOSURES.

(1)

Letter—from K. T. B. TRESSLER, Esq., Acting Superintendent of Industrial Education, Madras.

To—the Director of Public Instruction.

Dated—the 10th February 1913.

No.—1266 I.

In enclosing herewith a file of papers received today from the President, District Board, Tinnevely, I have the honour to state as previously explained, that I cannot recommend a subscription by Government for the purpose of sending a Tinnevely boy to Bombay. For one thing I see no reason why we should encourage pupils to look for their education outside this Presidency: for another I do not regard the training provided at the Victoria Technical Institute, Bombay, as at all satisfactory. It is no doubt of a different character to that which would be provided at the Madura Technical Institute, but if the District Board wait a little I can under the proposed scheme reserve a state apprenticeship or two for them and this kind of training would be very much superior to that provided at Bombay.

2. Further I regard a stipend of Rs. 30 per mensem as unnecessarily extravagant. Learning a trade should not to my mind be turned into a remunerative form of employment. If a pupil has to be bribed to learn a trade he had much better turn his hand to something else. I consider Rs. 15 per mensem, an entirely adequate allowance.

(2)

Note for the District Board, dated 16th January 1913.

The Secretary of the Jubilee Committee of 1887, Tinnevely district, handed over to this Board in the year 1899, a sum of Rs. 4,956-8-0 being the balance of the Jubilee fund. The District Board, in its resolution No. 4, dated 9th July 1897, agreed to keep it separate, invest the same in Government Promissory notes and to utilize the interest thereof on scholarships and prizes in connection with the Industrial section of the Board Technical Institute, Tinnevely. Till 1st April 1910, when the institute was transferred to Government, the Board was awarding scholarships to the amount of more than Rs. 178 *per annum*; the amount realized as interest on the investment. No scholarship was paid from 1st April 1910, as the Government shortly after taking the management of the institute considered the desirability of closing it and finally closed it on 31st March 1911. Hence the District Board on the suggestion of the Director of Industries, resolved in its resolution No. 8, dated 25th March 1911, to utilize the interest in granting scholarships to Tinnevely boys at the Madura Technical Institute. Subsequently on the recommendation of the Principal, Victoria Jubilee Technical Institute, Bombay, the District Board in its resolution No. 21, dated 25th November 1911, resolved to grant from the interest of the fund (which accrued from 1st April 1910) a scholarship of Rs. 25 *per mensem* tenable for two years commencing from January 1912 to one A. K. Subramanya Aiyar—a native of this district and reading in the mechanical engineering class of the Victoria Technical Institute, Bombay. From the above it will be seen that the interest of the fund will be available for grant to any other individual from January 1914.

2. When handing over the Board Technical Institute to Government on 1st April 1910, the District Board surrendered to Government the tools and plant, raw materials and Board requested the Government in its resolution No. 9, dated 26th February 1910, to consider the advisability, in the event of their closing the institute, of providing two or more scholarships of about Rs. 10 *per mensem* in some other Technical Institute for pupils who are natives of this district. As Government in G.O. Mis. No. 117, Educational, dated 28th February 1911, decided to close the institute on 31st March 1911, the District Board resolved to draw the attention of Government to its resolution of the 26th February 1910. The letter to Government on this resolution which was addressed *through the Superintendent of Technical Education*, was not forwarded to Government by the Superintendent with his recommendation—as he considered that a scheme for the award of scholarships for Tinnevely boys should be prepared only after the proposals for reorganizing industrial education at Madura had been dealt with by Government. Thus the matter was kept over for consideration till now.

3. Now Government have generally approved of the scheme for the Madura Institute and the Superintendent of Industrial Education suggests that scholarships from the interest of the Jubilee Fund may be awarded biennially as shown in the margin and enquires whether this would meet with the approval of the Board. He also observes as follows in his letter to the Director of Public Instruction:—“If the District Board set aside a certain amount for ‘Industrial Education, the contribution of an equal amount by Government would appear logically justifiable. If the income under the Jubilee Fund is not permanently assigned to the Madura Technical Institute I do not think that there is any reason for special concession, if it is, there seems to be no objection to its being augmented by an approximately equal contribution by Government. In the Proceedings of the Director of Public Instruction Ref. on ‘Cur. No. 2410/11, dated 11th May 1911, it would appear that a Government contribution of ‘Rs. 20 *per mensem* is contemplated.”

4. It is considered that it would be better to devote Rs. 30 *per mensem* to the Technical Education of one boy in a good institute like that at Bombay, than to spend the same amount in sending small boys to learn elementary carpentry or other such art at the Madura Technical Institute. The bazaar carpenter does his work fairly and I doubt if the small boy who goes to Madura acquires a skill which is appreciably greater. Bombay turns out the skilled mechanic. A sum of Rs. 30 *per mensem* is certainly not too much for a pupil undergoing training in Bombay. The stipend in the case of the pupil now undergoing training was fixed at Rs. 25 *per month* as no more was available from the income of the Jubilee Fund. Similar scholarships have been instituted by other district boards in the Bombay Institute—as for instance the Kistna District Board and they carry a monthly stipend of Rs. 30. It is therefore proposed that the annual income from the Jubilee Fund, viz., Rs. 178 should be utilized for a scholarship to a Tinnevely boy at the Bombay Institute if Government in consideration of the District Board's surrendering to Government with the Board's Technical Institute property valued at Rs. 4,500 will give the Board Rs. 182 *per annum* to make up a stipend of Rs. 30 *per mensem*.

(3)

Proceedings of the District Board, Tinnevely, dated 25th January 1913.

Read the President's note suggesting that the annual interest of the Jubilee fund, viz., Rs. 178 may be devoted for awarding scholarship to a Tinnevely boy at the Bombay Victoria Technical Institute, if the Government in consideration of the District Board's surrendering to Government with the Board's Technical Institute at Tinnevely property valued at Rs. 4,500, will give the Board Rs. 182 *per annum* to make up the stipend of a student, viz., Rs. 30 *per mensem*.

Resolution No. 19.—Government to be addressed accordingly.

J. C. MOLONY,
President.

Communicated to the Superintendent of Technical Education, Madras, with reference to his letter No. 1266 I, dated 27th November 1912, with copy of the President's note to the Board.

2. The enclosures received with his letter referred to above are returned herewith.

J. C. MOLONY,
President.

VI

Letter—from J. C. MOLONY, Esq., I.C.S., President, District Board, Tinnevely.

To—the Secretary to Government, Local and Municipal Department.

Dated—the 9th February 1913.

No.—Ref. on Cur. 346 of 1912.

I have the honour to submit the following for the favourable orders of Government.

2. A sum of Rs. 4,956-8-0 being the balance of the funds raised for the Victoria Jubilee celebrations was handed over to this District Board by the Victoria Jubilee Committee in the year 1899 and in accordance with the resolution of the Board No. 4, dated 9th July 1897, it was separately invested in Government promissory notes and the interest accruing therefrom (viz., Rs. 178) was spent in awarding scholarships to students in the District Board's Technical Institute till 1st April 1910, when the institute was taken over by Government.

3. As, soon after the transfer to Government, the closing of the institute itself was contemplated by Government and was taken up for consideration, the scholarships ceased to be paid from 1st April 1910.

4. At the time of the transfer, this District Board surrendered to Government tools and plant, raw materials, etc., of the institute valued at about Rs. 4,500. In view of this surrender this District Board requested Government in its resolution No. 9, dated 26th February 1910, disposed of in G.O. No. 736, Revenue, dated 8th March 1910, to consider the advisability in the event of the institute being closed of providing two or more scholarships of about Rs. 10 each *per mensem* in some other technical institute for pupils who were natives of this district.

5. Government in G.O. Mis. No. 117, Educational, dated 28th February 1911, decided to close the institute on 31st March 1911 and it was accordingly closed on 31st March 1911.

6. On 25th March 1911 this District Board resolved to utilize the interest accruing from the Victoria Jubilee Fund for granting scholarships to Tinnevely boys at the Madura Technical Institute and also resolved to draw the attention of Government to this Board's resolution of 26th February 1910 (referred to in paragraph 4 above); but the letter with reference to this resolution which had been addressed to Government through the Superintendent of Industrial Education does not appear to have been forwarded by him to Government as he apparently thought that the question could best be dealt with only after the reorganization of the Madura Technical Institute, which was then under consideration.

7. In the meanwhile one A. K. Subramanya Aiyar, a native of this district who was undergoing a course in the mechanical engineering class of the Victoria Jubilee Technical Institute, Bombay, applied to this District Board for a scholarship to enable

him to continue his course and on the recommendation of the Principal of the Bombay Institute this Board in its Resolution No. 21, dated 25th November 1911, resolved to utilize the interest of the Victoria Jubilee Fund which had accrued from 1st April 1910 up to the said date as well as that which would accrue thereafter until 1st January 1914 in awarding to the said pupil a scholarship of Rs. 25 per mensem for a period of two years commencing from the 1st January 1912.

8. The Superintendent of Industrial Education has now proposed a scheme of five scholarships ranging from Rs. 5 to Rs. 8 to be awarded biennially for five Tinnevely pupils who may undergo training in the Madura Technical Institute in carpentry or elementary mechanical engineering.

9. The District Board is of opinion, and I agree with it, that it would be decidedly better to award a scholarship of Rs. 30 per mensem for a pupil of this district to undergo training in advanced technical course in the Victoria Jubilee Technical Institute at Bombay than to award petty scholarships of the kind suggested by the Superintendent of Industrial Education. These petty scholarships in my opinion only aid small boys to acquire a degree of skill in carpentry or some such trade, not much greater than that possessed by the village artisan. An older boy, with some general education but at the same time one who intends to work with his hands and not to become a clerk, may, in such an institute as that of Bombay be turned into a skilled mechanic. And the object of the Board's expenditure on industrial education should be, I think, to produce the class of really efficient mechanic, which does not exist now, rather than to provide small boys with an easier, but probably not more profitable, apprenticeship than they can serve under the bazaar carpenter. A sum of Rs. 30 per mensem is not too much for a pupil undergoing training in Bombay. The stipend in the case of the pupil at present undergoing training was fixed at Rs. 25 per month as no more could be granted from the interest accruing on the Jubilee fund.

10. I understand that similar scholarships are awarded by other district boards.

11. A sum of Rs. 178, the interest accruing from the Jubilee fund at the disposal of this District Board, has to be supplemented by a sum of Rs. 182 per annum if a scholarship of Rs. 30 per mensem is to be instituted. The District Board has a claim upon Government for a grant of this latter sum in consideration of its surrender to Government of properties to the value of Rs. 4,500 (referred to in paragraph 4 above) belonging to its old Technical Institute since closed.

12. I therefore request that Government may be pleased to sanction the grant of Rs. 182 per annum from Provincial funds to supplement the income accruing from the Victoria Jubilee fund to enable this Board to institute a scholarship as above proposed.

13. I have communicated a copy of the District Board resolution No. 10, dated 25th January 1913, to the Superintendent of the Industrial Education.

14. Copies of the marginally-noted resolutions are submitted for reference as

ENCLOSURES.

(1)

Letter—from the Acting Superintendent of Industrial Education.
To—the Director of Public Instruction.
Dated—the 6th November 1912.
No.—1266 I.

In reply to Proceedings Ref. on Cur. No. 241/11, dated 6th September 1912, I have the honour to state that when the question of scholarships for Tinnevely boys first arose all that the Tinnevely District Board asked for was permission to endow scholarships at the Madura Technical Institute with the interest (amounting to Rs. 200 annually) on their "Jubilee fund." The number and value of scholarships is not stated.

2. In April 1911 the District Board apparently added a further request that Government should set aside two more scholarships of a value of Rs. 10 or so exclusively for Tinnevely boys and their letter was submitted by Mr. Chatterton to the Director of Public Instruction with his recommendation. The District Board's letter is not on my file.

3. Mr. Chatterton was then requested to submit proposals for the award of scholarships of a total value of Rs. 20 per mensem to Tinnevely boys. In his reply he suggested that the matter should lie over pending receipt of orders on the Madura proposals.

4. In December 1911 the District Board informed this office that the interest on the Jubilee fund had been utilized to award a two-year scholarship of Rs. 25 per mensem to a Tinnevely boy studying in Bombay, so that the fund interest will not be available until January 1914.

5. Regarding the question of precedent as affecting the award of special scholarships the claims that the Tinnevely District Board can put forward are the following:—

(1) That the technical school formerly conducted by them and taken over by Government has been closed.

(2) That their devoting a special fund to the furtherance of industrial education shows a practical interest in such education that is deserving of support.

These claims as stated may appear to warrant special treatment. On the other hand, it must be remembered that the Tinnevely Institute when taken over by Government was in a moribund condition and that it was closed only because its prospects were hopeless. Moreover, the amount available under the Jubilee fund has, at least temporarily, been devoted to other purposes, and if the District Board proposes to alienate it permanently the existence of this fund does not give them any claim to special consideration so far as the Madura Technical Institute is concerned.

6. On the whole, I am of opinion that the only reason for special treatment which will not create an inconvenient precedent is one based on contribution. If the District Board set aside a certain amount for industrial education, the contribution of an equal amount by Government would appear logically justifiable. If the income under the Jubilee fund is not permanently assigned to the Madura Technical Institute, I do not think that there is any reason for special concessions; if it is, there seems to be no objection to its being augmented by an approximately equal contribution by Government. The income under the Jubilee fund, I understand, amounts to nearly Rs. 200 per annum or, say, Rs. 16 per mensem. In the Proceedings of the Director of Public Instruction, Ref. on Cur. No. 2410/11, dated 11th May 1911, it would appear that a Government contribution of Rs. 20 per mensem is contemplated. Taking the two contributions together we may assume that a sum of Rs. 35 or so per mensem will be available.

7. The present standard rate of scholarships is as follows:—

	RS.
Scholarships tenable in C standard	1½
Do. D do.	2
Do. Elementary grade	3
Do. Intermediate grade	6
Do. Advanced grade	9

In the 'grades' pupils also receive payment for work done.

8. As it is impossible for boys to live away from their own homes for anything much less than Rs. 5 per mensem, this should be the minimum value of a special scholarship. On the other hand, I think it undesirable to introduce a second scale of scholarships and would therefore suggest that the stipends of special scholarships be fixed at Rs. 5 plus the usual scholarship allowance. The scholarship would, in my opinion, be tenable for five years and should be awarded only in those subjects that were formerly taught in the Tinnevely Technical Institute, viz., carpentry and mechanical engineering. The value of each scholarship thus works out at Rs. 5, 5, 6-8, 7 and 8, respectively, for each year of the five, and the funds at our disposal would therefore admit of one scholarship being awarded annually, five boys being under instruction at the same time. The monthly expenditure thus amounts to Rs. 32-8 per mensem.

9. It is a matter for consideration whether free board and lodging should not be given in lieu of the Rs. 5 allowance and indeed it seems to me that the whole question of special scholarship might with advantage be allowed to lie over until something is definitely known regarding the future policy in respect of industrial education. If my proposals submitted six months ago are accepted in whole or in part, radical changes will have to be made and in view of this contingency, it would appear undesirable now to formulate any definite conditions of award for the special scholarships under discussion. If, however, a definite scheme is now required, I would suggest the following:—

Out of the income accruing from the Tinnevely Jubilee fund, one scholarship will annually be awarded to a boy whose native place is situated in the Tinnevely district subject to the following conditions:

(i) The scholarship will be tenable at the Madura Technical Institute for a period of five years.

(ii) Scholarships will be awarded in carpentry or any of the branches of mechanical engineering taught in the Madura Technical Institute. The scholarships will run from the 1st April of each year and applications must be received before 1st March.

(iii) The age of the candidate must not exceed 14 years at the time of award.

(iv) The value of the scholarships will be as follows:—

	Rs.
First year	5
Second year	5
Third year	6½
Fourth year	7
Fifth year	8

(v) The scholarships will ordinarily be awarded to members of the artisan castes whose families are already engaged in the trade the candidate wishes to take up.

(vi) Preference will be given to boys possessing some previous training.

(vii) Scholarships are liable to withdrawal or cancellation on the ground of irregularity in attendance, misconduct or any other offence that may, in the opinion of the Superintendent, render the continued attendance of the candidate at the institution undesirable.

Minor clauses may be added where circumstances demand, but the above paragraphs substantially embody my proposals.

(2)

Proceedings of the District Board, Tinnevely, dated 26th February 1910.

PRESENT:

Ex-officio.

1. R. Ashe, Esq., I.C.S., Divisional Officer, Sattur, and presiding member.

Read letter, dated 6th November 1911, from the Principal of the Victoria Jubilee Technical Institute, Bombay, recommending the application of A. K. Subramanya Aiyar for a scholarship of Rs. 35 a month from the District Board of Tinnevely to enable him to undergo a two years' course in the mechanical engineering at the above Institute.

And President's note proposing to grant a scholarship from the interest of the Jubilee fund.

Resolution No. 21.—Resolved that a scholarship of Rs. 25 *per mensem* be paid from the interest of the Victoria Jubilee Endowment fund to A. K. Subramanya Aiyar, son of M.R.Ry. A. R. Krishna Aiyar, Vannarpet, Tinnevely, through the Principal of the Victoria Jubilee Technical Institute, Bombay, the scholarship being tenable during his course in the said Institute for two years commencing from the 1st January 1912, and that an agreement be taken from A. K. Subramanya Aiyar binding him to continue his course to the end and failing this to refund the money paid him.

Order—No. 356, Educational, dated 23rd April 1913.

In the circumstances explained the Government are pleased to accept the recommendation of the Director of Public Instruction in his letter Ref. on C. No. 2410, dated 14th February 1913, that a Provincial grant supplementary to the interest from the Jubilee fund be paid to the District Board of Tinnevely in order to enable it to award a scholarship of the value of Rs. 30 *per mensem* to a Tinnevely student willing to undergo a course of instruction at the Victoria Jubilee Technical Institute, Bombay. They accordingly sanction a grant of Rs. 182 *per annum* to the District Board for the purpose for a period not exceeding three years.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O. No. 356, EDUCATIONAL,
DATED 23RD APRIL 1913.

[SUBJECT.—*Requesting Government to provide two scholarships for the Tinnevelly boys attending the Madura Technical Institute in addition to the one from the interest of the Jubilee fund.*]

LOCAL AND MUNICIPAL DEPARTMENT.

From the President, District Board, Tinnevelly, dated 4th April 1911, No. 128.

The Technical Institute at Madura is under Government management from 1st April 1910. Submitted that the present current may therefore be transferred u.o. to the Educational Department for disposal. It may, however, be noted that a petition from the parents and guardians of the students of the Technical Institute, Tinnevelly, requesting its retention was forwarded u.o. to the Educational Department on 20th April 1911.

C.V.K.—2-6-11.

A. HANUMANTA RAO—2-6-11.

L. DAVIDSON—5-6-11.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

In G.O. No. 117, Educational, dated 28th February 1911, the Tinnevelly Technical Institute was ordered to be closed with effect from the 1st April 1911. In April last the inhabitants of Tinnevelly petitioned against the closing of the institute and this petition was referred to the Director of Public Instruction under Endorsement No. 913-1, Educational, dated 9th May 1911. The Director of Public Instruction's reply on this has not yet been received. In these circumstances the present current may lie over till the Director of Public Instruction's reply is received.

T.K.—19-6-11.

K. RANGASWAMI AIYANGAR—20-6-11.

Remind.

M. S. MASCARENHAS—20-6-11.

The Director of Public Instruction's reply has since been received and is dealt with in the linked file. The Government have there decided not to reconsider their decision to abolish the Technical Institute, Tinnevelly. There appears to be no objection to the acceptance of the proposal of the District Board of Tinnevelly to institute a scholarship for a Tinnevelly boy at the Madura Technical Institute, from the interest of the Jubilee fund. As regards the request that two scholarships should be provided by Government for

Tinnevelly boys at the Madura Institute, it is submitted that in the scheme for the reorganization of the Madura Technical Institute, it has been proposed to institute a number of scholarships. The question of ear-marking two of these scholarships for the Tinnevelly boys or of instituting two special scholarships, outside the scheme, for them, may be considered after orders have been passed on the proposals regarding the reorganization of the Technical Institute, Madura.

K. RANGASWAMI AIYANGAR—22-6-11.

Yes. I think there is a good case for special reservation, given suitable candidates, of scholarships to the approximate annual amount of the interest on the value of the property which the district board made over to Government. The sum should be carefully worked out.

Submitted.

L. DAVIDSON—23-6-11.

This file has been lying over along with the papers relating to the reorganization of the Madura Technical Institute.

In their Resolution No. 9, dated 26th February 1910, consenting to hand over the Tinnevelly Technical Institute to Government, the District Board, Tinnevelly, requested Government to consider the advisability of providing two or more scholarships of about Rs. 10 *per mensem* in some other technical institute for pupils who are natives of the Tinnevelly district in consideration of the Board's surrendering to Government property worth about Rs. 4,500. With reference to the Secretary's remarks at A above it is submitted

The figure was taken from a verification made at the time. It was approximately accurate.

L. DAVIDSON.

4,500 at $3\frac{1}{2}$ per cent. will be about Rs. 160

A mere request—for consideration.

L.D.

The question of the reorganization of the Madura Technical Institute is under consideration separately. In the meantime, it is submitted that the Director of Public Instruction may be asked to ascertain and report what properties were handed over to Government and what their estimated value was.

R. SUNDARAM AIYAR—4-1-12.

There is no need to pursue these details any further. The district board incurred a good deal of outlay on the institute and when it was closed voluntarily made over to Government stock and plant worth Rs. 4,000 or Rs. 5,000. It asked—as a favour and in consideration of past expenditure and its consent to run the risk of their being no institute in the district—for a promise of two or more scholarships. The exact money equivalent on the $3\frac{1}{2}$ per cent. basis is about Rs. 13 *per mensem*.

What should be done in the way of scholarship is matter for discussion when the Madura Technical Institute's future is settled? There need then be no difficulty about making some *close* Tinnevelly scholarships awardable on the nomination of the President, District Board.

Meanwhile the file must lie over.

L. DAVIDSON—6-1-12.

Orders have been passed on the reorganization of the Madura Technical Institute—*vide* G.O. No. 647, Educational, dated 18th July 1912. The question of granting some scholarships to Tinnevelly boys may now be taken up for consideration.

2 Under the reorganization sanctioned in G.O. No. 647, Educational, dated 18th July 1912, there are to be in the Madura Technical Institute technical classes in weaving and dyeing; industrial classes for weavers, carpenters and blacksmiths and

an elementary mechanical engineering class. In the technical classes monthly fees are to be levied and no *scholarships* are to be granted. In the industrial classes, pupils are to be apprenticed and given a small monthly stipend of one rupee for every year they are in the school. Nothing has been settled about the mechanical engineering class; it is probable that some stipends may be given but no scholarships. Thus no scholarships are to be awarded in the Madura Technical Institute and consequently none can be reserved for Tinnevelly boys.

Please see paragraph 10 of Mr. Chatterton's report on page 13 of G.O. No. 647, Educational, dated 18th July 1912, paragraph 3 of the Government Order and paragraph 7 of Secretary's note on page 21, and paragraph 6 of His Excellency's note on page 34 of the notes therewith.

C.R.—23-8-12.

ships. Thus no scholarships are to be awarded in the Madura Technical Institute and consequently none can be reserved for Tinnevelly boys.

3. In his letter, dated 31st May 1911, the Director of Public Instruction states that a scheme for the award of scholarships to Tinnevelly boys can be framed after the reorganization of the Madura Institute has been settled. It is for consideration whether the Director of Public Instruction may be requested to draw up and submit a scheme for the approval of Government.

4. It will be observed that orders have also to be passed on the proposal of the Tinnevelly District Board to utilize the interest of the Jubilee fund on scholarships to Tinnevelly boys attending the Madura Technical Institute.

T.K.—20-8-12.

Please see the Secretary's note on page 2 *supra*. Though no scholarships are to be attached at present to the Madura Institute, it is submitted that the case of

Subject to Director of Public Instruction's detailed proposals.

L. DAVIDSON.

Tinnevelly may be treated as special and two scholarships may be created, the Director of Public Instruction being asked to submit definite proposals in this regard. The Board's request to utilize the interest of the Jubilee fund on similar scholarships may also be approved.

C. RAMANUJACHARI—23-8-12.

I think this is the right plan; the scholarships ought to be assigned for work of the same class as that formerly carried on at the Tinnevelly Institute. I would not allow them for weaving or dyeing. It is for the Director of Public Instruction to advise as to the amount and the subject. Please address him on the matter by official memorandum saying Government desire to meet the wishes of the District Board if the grant of scholarships will not create an inconvenient precedent.

L. DAVIDSON—24-8-12.

A draft official memorandum to the Director of Public Instruction is submitted for approval. If approved, it may be sent to the Financial Department for acceptance.

T.K.—26-8-12.

C. RAMANUJACHARI—26-8-12.

This is merely a call for proposals and therefore need not go to Financial, but His Excellency the Governor should see before issue.

L. DAVIDSON—28-8-12.

I approve.

M. H[AMMICK]—29-8-12.

[Memorandum No. 1300-1/11, dated 30th August 1912.]

From the Director of Public Instruction, dated 23rd January 1913,
No. 2410/11.

The Director of Public Instruction in his letter of the 23rd January 1913 states that the subject will be discussed at the District Board's meeting to be held on 25th

January 1913 and that its resolutions would be communicated in due course. Submitted that this file may lie over pending the receipt of the Director of Public Instruction's promised report.

N.V.R.—29-1-13.

C. RAMANUJACHARI—31-1-13.

C. S. ANANTARAMA AIYAR—31-1-13.

From the Director of Public Instruction, dated 14th February 1913,
R.O.C. No. 2410/11.

From the President, District Board, Tinnevely, dated 9th February 1913,
Ref. on C. No. 346.

The District Board of Tinnevely is not in favour of the proposal to institute special scholarships for Tinnevely boys attending the Madura Technical Institute. It however desires to award a single scholarship of Rs. 30 *per mensem* to a Tinnevely boy to enable him to undergo a course of study at the Victoria Jubilee Technical Institute, Bombay, and accordingly requests that Government may make a contribution towards this scholarship. The Director of Public Instruction is in favour of adopting the suggestion of the District Board temporarily, *i.e.*, till the time when "the Madura Technical Institute will be working in its developed form" when the "Tinnevely District Board will more clearly see the advantage of having scholarships 'to it for Tinnevely boys.'" The Superintendent of Industrial Education (Mr. Tressler) does not approve of the proposal of the District Board for the reasons explained in paragraph 1 of his letter. It is for consideration whether the suggestion of the District Board may be accepted.

2. As regards the rate of the scholarship, *viz.*, Rs. 30 *per mensem*, Mr. Tressler thinks that "learning a trade should not be turned into a remunerative form of 'employment' and hence considers that the rate proposed is 'unnecessarily extravagant.'" It is for consideration whether Mr. Tressler's view should be accepted.

G.O. No. 187 L., dated 31st January 1908. The Guntūr District Board has awarded a scholarship of Rs. 35 *per mensem* to a qualified student to enable him to undergo a course of instruction in mechanical engineering and textile fabrics at the Bombay Institute.

3. The amount which the Tinnevely District Board desires that Government should contribute is Rs. 182 *per annum*. The annual interest on the value of the property which the District Board has made over to Government at $3\frac{1}{2}$ per cent. comes to about Rs. 160.

S.K.—26-2-13.

Please see the Secretary's note at A on page 3 *supra*. From a financial point of view the proposal would seem preferable assuming that Government are under obligation to provide specially for the Tinnevely students. The latter seems to have been admitted in a way. The question therefore restricts itself to the manner in which such obligation should be discharged. From the suggestion to limit the contemplated scholarships only to the work formerly carried on at the Tinnevely Institute, it would appear that it was not intended to admit the liability *absolutely*, but within certain limitations. Mr. Tressler's arguments against a scholarship at Bombay Institute are not apparently considered by the Director of Public Instruction as unconvincing. It may perhaps be better, in the circumstances, to approve the proposal of the District Board as a temporary measure, to be reconsidered after a specified period, by which time the Madura Institute may have developed itself.

C. RAMANUJACHARI—3-3-13.

The District Board has been offered facilities at the Madura Technical Institute similar to, but probably even now better than, those procurable at the abolished institute in Tinnevely. I do not think Government need or should subsidize technical students in Bombay because the Tinnevely District Board (or its President) is carried away by the idea that technical scholarships are preferable to industrial

stipends. I expect Mr. Tressler is about right in his idea that the proposed Rs. 30 scholarship will be looked on by the recipient as a livelihood in itself. I think Government should express regret that it cannot co-operate in this scheme.

L. DAVIDSON—4-3-13.

I agree with the views of Director of Public Instruction.

P[ENTLAND]—6-3-13.

Draft so and mark draft to Financial.

L. DAVIDSON—7-3-13.

A draft order is submitted for approval. If approved, it may be sent to the Local and Municipal and Financial Departments for acceptance.

2. The amount of grant will apparently be found by the Director of Public Instruction from the Educational budget.

S.K.—11-3-13.

C. RAMANUJACHARI—15-3-13.

I have added words to the draft limiting the grant to three years. Apparently the District Board contemplates a two year scholarship; *at least* three years will be necessary, I should say.

L. DAVIDSON—17-3-13.

To the Local and Municipal } Department.
To the Financial }

LOCAL AND MUNICIPAL DEPARTMENT.

Submitted that the draft order may be accepted and the file passed on to Financial u.o.

N.R.—19-3-13.

K. V. VISVANATHA AIYAR—20-3-13.

Yes: please.

L. DAVIDSON—21-3-13.

To the Financial Department.

FINANCIAL DEPARTMENT.

It is proposed to accept the recommendation of the Director of Public Instruction to sanction a Provincial grant of Rs. 182 *per annum* for a period not exceeding three years to the District Board, Tinnevely, so as to enable it to award a scholarship of the value of Rs. 30 *per mensem* to a Tinnevely student willing to undergo a course of training at the Victoria Jubilee Technical Institute, Bombay. The proposal has been accepted by His Excellency the Governor.

2. The claim of the District Board for a Provincial grant is based on the ground that when the Technical Institute of Tinnevely was taken over by Government, the District Board made over to Government the stock and plant valued at Rs. 4,500. The interest on this sum at $3\frac{1}{2}$ per cent. is Rs. 157 $\frac{1}{2}$ *per annum*. Against this, the District Board asks for a grant of Rs. 182 *per annum*. Attention is solicited to the letter of the Superintendent of Industrial Education, No. 1266 I., dated 10th February 1913, where he states that a stipend of Rs. 30 *per mensem* is unnecessarily extravagant. The stipend of the pupil now undergoing training at

Bombay which is paid from the interest on the Jubilee fund is Rs. 25 *per mensem*. It is submitted that a stipend of Rs. 25 *per mensem* seems sufficient. The Provincial grant in that case will be only Rs. (152 — 60 =) 122 *per annum*.

Orders are solicited.

T.A.S.—1-4-13.

T.H.R.—1-4-13.

The suggestion is put to Local and Municipal, and the decision as to whether it be adopted or the original proposal is left to them.

C. REILLY—2-4-13.

To the Local and Municipal Department.

LOCAL AND MUNICIPAL DEPARTMENT.

The Financial Department suggest for consideration the propriety of reducing the amount of stipend from Rs. 30 to Rs. 25 *per mensem*.

In his note, dated 4th March 1913, the Secretary expressed the opinion that "Mr. Tressler was about right in his idea that the proposed Rs. 30 scholarship would be looked on by the recipient as a livelihood in itself." The Director of Public Instruction had accepted the District Board's proposal to give a scholarship of Rs. 30 and His Excellency agreed with the Director of Public Instruction. It may be noted here that the Godavari and Guntur District Boards have paid stipends of Rs. 30 and Rs. 35, respectively, to enable students to undergo training in the Victoria Technical Institute, Bombay.

Pages 6 and 7 of G.O. No. 1135 L., dated 20th August 1907 and G.O. No. 187 L., dated 31st January 1908.

It is for orders in these circumstances whether the decision to allow the Tinnevely District Board to grant a scholarship of Rs. 30 may be adhered to.

N.R.—8-4-13.

K. V. VISVANATHA AIYAR—8-4-13.

The draft is in Educational and originally merely came to Local and Municipal for acceptance. Local and Municipal accepted. The decision on the point raised above is surely for Educational.

T. E. MOIR—9-4-13.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

Submitted that this department has already decided to accept the proposal of

That a scholarship of the value of only Rs. 25 is now being paid by the Tinnevely Board is explained by the fact that the amount available does not admit of paying more, though a higher scale is desirable.

C.R.—21-4-13.

it does not appear to be necessary to reduce the amount of the scholarship from Rs. 30 to Rs. 25.

2. The draft order which has already been approved by the Secretary may therefore, it is submitted, now issue.

S.K.—19-4-13.

C. RAMANUJACHARI—21-4-13.

Yes.
