Letter—from M.R.Ry. A. V. GOPALACHARIAR Avargal, M.A., B.L., Correspondent, the High school, Srirangam.

To—the Director of Public Instruction, Madras (through the Inspector of Schools, VI Circle).

Dated—the 23rd October 1912.

With reference to your Proceedings No. 5381, dated 16th August 1911, sanctioning a building grant of Rs. 10,000 for the high school, Srirangam, I beg to submit that the estimated cost of the building is Rs. 36,000. Under the altered rules of the Grant-in-Aid Code, the school would be eligible for a half grant of Rs. 18,000. I request that the balance of Rs. 8,000 may be sanctioned under the new rules. The amount, if sanctioned, will be utilized in increasing the accommodation by the construction of a wing on the top floor. This will give us an additional four rooms and their estimated cost comes to about Rs. 8,000. The necessity for the additional accommodation is also great. From my original application, dated 25th August 1910, No. 29, it will be clear that for lack of funds only half the accommodation was provided by constructing the ground floor, but the foundation was designed strong enough to bear a super-structure. There are now 20 classes to be provided for, while the ground floor which is now under construction, can accommodate only 12 classes, as the two big end rooms at the corners are to be utilized for library and practical work in science. As funds become available the remaining wings and the central portion of the top floor will be constructed thus giving the full complement of necessary accommodation.

I, therefore, earnestly request that you will be good enough to sanction the balance of half grant of Rs. 8,000 as prayed for.

I herewith submit a rough sketch of the proposed extension which is marked in red. If this is approved, I shall submit a detailed plan and estimates in duplicate.

R.C. No. 8606/12, dated 3rd January 1913.

Submitted to Government and recommended that, as a special case, a grant of Rs. 8,000 may be sanctioned in addition to the amount sanctioned for the school in G.O. No. 518, Educational, dated 31st July 1911, so as to enable the management to start the upper storey. The management would have been eligible for a half grant of Rs. 18,065 for the lower storey alone if their application had been submitted a little later under the revised rules.

2. The plans and estimates are enclosed.

A. G. BOURNE,
Director of Public Instruction.

III

Note by the Chief Engineer, Public Works Department, dated 10th April 1913, No. 3211 C.

The Director of Public Instruction submits through the Educational Department a detailed estimate amounting to Rs. 8,000 and three plans in connection with a grant-in-aid towards the cost of constructing four rooms on the first floor of the high school building, Srirangam.

2. The plans and estimates have been scrutinized in the Chief Engineer's office and the following alterations have been made:—

(1) Reducing the span of the girders supporting the roof over first floor from 25' 9" to 25' 0" by constructing masonry pilasters as shown in green on plan No. 2.

(2) Increasing the sections of girders intended to support the proposed first floor from 16" × 6" at 62 lb. to 18" × 7" at 75 lb. If the girders 16" × 6" × 62 lb. have not already been ordered the Chief Engineer recommends that girders 18" × 7" × 75 lb. should also be used for the roof of the upper storey.

(3) Substituting teakwood posts 4" × 4" with stone bases for 2" dr. iron pipes for supporting the roof over verandah.

(4) Reducing the verandah bresssummers from 5" × 7" to 4" × 7" and verandah wall purlins from 4" × 6" to 3" × 4".

(5) Providing a rolled steel girder 7" × 4" at 16 lb. for supporting the roof over stairs.

3. By these alterations the amount of the estimate has been increased from Rs. 8,000 to Rs. 8,200.

4. The arrangement of the staircase is not satisfactory and the details of the stairs are not correctly shown on plan No. 3. The portion of the terrace floor between points marked X and Y should be removed for securing sufficient headway over the landing.

5. The rates for "Mangalore tiled sunshades" and "terrace roofing" seem to be low.

6. The Superintending Engineer should satisfy himself that the foundations and walls of ground floor are strong enough to carry an upper storey.

7. With these remarks the estimate as altered by the Chief Engineer amounting to Rs. 8,200 is recommended for approval as supplemental to the estimate amounting to Rs. 36,130 connected with G.O. No. 518, Educational, dated 31st July 1911.

C. A. SMITH,
Secretary to Government, P.W.D.

Order—No. 363, Educational, dated 24th April 1913.

The amount of the grant sanctioned in G.O. No. 518, Educational, dated 31st July 1911, towards the cost of constructing a building for the high school at Srirangam will, as a special case, be raised from Rs. 10,000 to Rs. 18,000 on the understanding that the entire excess amount is devoted to the extensions to the school buildings now proposed. The additional grant will be subject to the conditions, that in carrying out the extensions the suggestions of the Chief Engineer in his note read above are adopted and that all the conditions prescribed in the Grant-in-Aid Code have been duly complied with in respect of the extensions. On these conditions being fulfilled the grant will be paid as funds become available.

The amount of the estimate for the construction of a building for the Srirangam high school, as originally submitted was Rs. 36,130. Article 51 of the Grant-in-Aid Code as then stood admitted only of a one-third grant and even that was ordinarily limited by Government to a maximum of Rs. 10,000. Accordingly in G.O. No. 518, Educational, dated 31st July 1911, the grant to the Srirangam school was limited to Rs. 10,000. Since then, however, the Government have done away with the practice of limiting the grant to Rs. 10,000 and have also revised the Grant-in-Aid Code. Article 54 of the Code, as revised, admits of a half grant. The Srirangam school authorities now apply for an additional grant (Rs. 8,000) equal to the difference between the amount now payable (Rs. 18,000)* and the amount already sanctioned (Rs. 10,000). The Director of Public

Instruction recommends the application, as a special case. Submitted that the Director of Public Instruction's recommendation may be accepted. The additional grant is to be spent on further extensions, which could not be originally proposed for want of funds. The total cost of the original buildings and extensions amounts to Rs. 44,330 (36,130+8,200). Against this the Government would be giving only a grant of Rs. 18,000 if the present proposal is approved.

INSTRUCTIONS FOR THE
SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b¹) For rules regarding printing of notes, see the rules in G.O., No. 1220, Public, dated 30th November 1900.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, but only the first time when they appear on the left side, the initials alone being printed later.
