Educational Depate

The only reference which is
likely to be made to the post- of India
shortly about the Engineering College
is ~~in respect of~~ the provision of facilities
for teaching higher electrical engineer-
ing. This has only an indirect
bearing on the question of the new
Engineering College at Guindy. The
proposal is to introduce a modest
instalment of the measures which
would be suitable for the present
buildings. The machinery, which is

estimated to cost Rs 33,000⁴ will admit of removal to the new premises, and the cost thereof, though met at present from the Imperial grant, will be included in the general estimates of the new buildings.

The following draft reply is submitted for approval: —

in Your telegram 959 regarding Guindy Engineering College. Govt of India in Educational department will shortly be addressed on a subject ^{entirely} indirectly connected with scheme viz: provision in advance for teaching higher electrical engineering in present college buildings with staff and suitable apparatus transferable to new buildings. Estimated cost of latter, Rs. 33,000 to be included in the general estimates for new buildings." Stop.

Forgoing proposals would however be made in any case. No other communication will be addressed to Educational Department.

ORDER :- *no 400 ASD & 2-5-13*
Wine

The following telegram will be despatched to the
Government of India, Public Works Department:-

No.50. Your telegram 959 regarding Guindy Engineering College
Government of India in Educational Department will shortly
be addressed on a subject remotely connected with scheme,
viz., provision in advance for teaching higher electrical
engineering in present college buildings with staff and
suitable apparatus transferrable to new buildings. Esti-
mated cost of latter Rs.33,000 to be included in the general
estimates for new buildings. Stop. Foregoing proposals
would however be made in any case. No other communication
will be addressed to Educational Department.
