Communicating to the Director of Public Instruction letter from the Government of India allotting a grant of 6.80 lakhs to this Presidency for the improvement and expansion of education.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper:—

Letter—from the Hon'ble Mr. H. SHARP, C.I.E., Joint Secretary to the Government of India, Department of Education.

To—the Secretary to the Government of Madras, Educational Department.

Dated—Delhi, the 25th March 1913.

No.—520-C.D. (Education).

In continuation of Finance Department letter No. 257-F, dated the 2nd March 1913, I am directed to state that the Government of India have decided to make a recurring grant of Rs. 55,00,000 for the improvement and expansion of education, and to facilitate the carrying out of the policy enunciated in the Government of India (Education Department) resolution No. 301-C.D., dated the 21st February 1913. This grant will take effect from the 1st April 1913. A sum of six lakhs has been held in reserve for the present to meet undeclared requirements such as proposals for the development of Oriental studies and Muhammadan education and the balance of 49 lakhs allotted for the following objects:—

Universities.	Secondary education.
Primary education.	Technical and special schools.
Girls' education.	Manual training.
Colleges and training institutions.	European education.

As regards the last item, I am to say that the attention of the Government of India has recently been drawn to the needs of schools for the children of railway employees and they trust it may be found possible to allot some funds for their improvement. The Local Government will be separately addressed regarding the education of Muhammadans, to which the Government of India attach great importance. The Government of India, however, do not desire to delay any existing schemes and they have no doubt that Local Governments in distributing grants will make provision for special Muhammadan institutions.

2. The grant for Universities is intended to provide for the creation of new Universities and a new type of teaching and residential University—a reform to which the Government of India attach great importance. Money for this object is being given only where schemes are under consideration. Improvements which may in future be sanctioned for services may be partially met out of the grant for colleges and secondary schools.

3. The Government of India while making this grant for special objects do not desire to tie down Local Governments too rigorously to particular heads, provided there is a general conformity to policy, and will consider favourably applications for transfer of sums from one educational head to another subject to this general provision.

4. With a view to popularising the knowledge of scientific agriculture in the country, I am to suggest, for the consideration of His Excellency the Governor in Council, the advisability of giving out of this grant scholarships tenable by the sons of landholders and zamindars in the Provincial Agricultural Colleges.

5. This grant has been distributed to provinces on the lines indicated in paragraph 4 of this Department's letter No. 507-C.D., dated the 25th March 1913. The amount allotted to the Madras Presidency is—

	RS.
Primary education	3,50,000
Girls' education	87,000
Colleges and training institutions	30,000
Secondary education	1,35,000
Technical and special education	9,000
Manual training	12,000
European education	57,000
Total	6,80,000

6. I am to request that, with the permission of His Excellency the Governor in Council, the Director of Public Instruction may indicate the manner in which this grant has been expended in his annual reports and more especially in quinquennial reports.

Order—No. 408, Educational, dated 3rd May 1913.

The letter from the Government of India will be communicated to the Director of Public Instruction for information and guidance, and he will be requested to submit at his earliest convenience proposals for the utilization of the grant. On the subject of granting scholarships tenable by the sons of landholders and zamindars in the Agricultural College, a separate report should be submitted in consultation with the Director of Agriculture.
