GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers:—

I

Letter—from the Hon'ble Sir ALFRED GIBBS BOURNE, D.Sc., F.R.S., K.C.I.B.,
Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—the 20th March 1913.

No.—Ref. on Cur. 8942/12.

I have the honour to submit an application for building grant for the Ganapathi Secondary School, Mangalore, together with the plans and estimates, and to recommend that a half grant on Rs. 25,518 may be sanctioned to be paid as funds become available.

Permission to purchase the site at a cost of Rs. 7,100 without prejudice to the question of aid was granted by me in anticipation of the sanction of Government.

II

Note by the Chief Engineer, Public Works Department, dated 2nd May 1913.

The Director of Public Instruction submits through the Educational department detailed estimates amounting to Rs. 18,418 and three plans in connection with a grant-in-aid towards the cost of constructing the Ganapathi Secondary School building at Mangalore, South Canara district.

I. The particulars of the estimates are—

	RS.
(1) Main building	17,260
(2) Latrine of two seats	92
(3) Urinals	179
(4) Compound wall	887
Total	18,418

II. The plans and estimates have been scrutinised in the Chief Engineer's office and the sizes of the roof timbers have been altered where found necessary as figured in green in the plans and estimates; and two trusses have been provided instead of three to support the roof of the carriage porch.

The total amount of the estimates remains unaffected by these alterations.

III. It is recommended that flat tiles or ceiling tiles may be provided underneath the Mangalore tiles of the roof.

IV. The verandah pillars are shown as square in plan and specified in estimate to be constructed with bricks 9" in diameter. They should be 1' 1½" in diameter or 1' 1½" square.

V. The timber to be used for roofs, doors and windows is not specified in the estimate. Teak, Sal, Irumbogum, Ainee, Karamarudu or Jarrah should be adopted.

VI. The Superintending Engineer should satisfy himself as to the suitability of the foundations.

VII. With these remarks the estimates aggregating Rs. 18,418 are recommended for approval (excluding Rs. 7,100, towards the cost of site for the purchase of which separate permission has been granted by the Director of Public Instruction in anticipation of sanction of Government).

C. A. SMITH,
Chief Engineer, Public Works Department.

Order—No. 416, Educational, dated 7th May 1913.

The Government are pleased to sanction a grant not exceeding one-half the actual expenditure, nor Rs. 12,759 towards the cost of construction of a building for the Ganapathi Secondary School, Mangalore, subject to the following conditions:—

(1) that in carrying out the work the suggestions of the Chief Engineer in his note read above are adopted; and

(2) that all the conditions prescribed in the Grant-in-Aid Code have been duly complied with.

2. On the above conditions being fulfilled the grant will be paid as funds become available.

3. The Government approve the action of the Director of Public Instruction in permitting the school authorities to purchase the site in anticipation of the sanction of Government to the grant.

(True Extract.)
