Cuo. 954 m from the Cae. Bahi, no 124

dy 9. 11. 12.
 " " Collector of Bhauru. no 1540
 dy 8-2-13.

(B) With reference to p. 1759 m of 25th
 October 1911, the Chairman, Municipal

(Y) Council, Bahi submits the plans &
 estimates amounting to Rs 7950 for
 the ^{Highway} Elementary School building & applies

for a grant of Rs 2000 requested for
 the acquisition of the site. The
 estimates as revised by the Superintending

Engineer amount to Rs 8300. From the
 last sentence of the Chairman's letter
 it would appear that the cost of construction
 of the School, should ^{also} be met from

Provincial funds. The Council therefore
 requests ^{grat} a grant of Rs 10,300. The financial
 condition of the Council is no doubt

Rs 2000
 + Rs 8300
 10,300

not satisfactory. The budget for 1913-14 as revised under the order of the Dy. Secretary only closes with a balance of Rs 2850 or ^{3.5}~~7.5~~ per cent of the estimated ordinary receipts. The Educational Department may be asked whether any grant can be given to the Council on account of the school building or for the acquisition of the building site in the current or next year.

K. K. M.

19.2.13.

It is not quite clear from the papers before us that the Council intends to house both the Hindu and the Panchama elementary schools in the same building. It is unlikely that such an arrangement will be made - Even assuming that the two schools are located in one and the same building the outlay of Rs 10,300 proposed for an elementary school building seems to be excessive. The remarks of the D.P. I may be invited on this point and also as to whether he can make any and, if so, what allotment for this work from the funds at his disposal.

19/2/13

Ask the Council whether it is able to house both schools in the building & the strength of each school. etc.

20.2.13

Submitted that information is available in the Office as to the strength of each school on the 31st March 1912. The Hindu Elementary School had 259 pupils on its rolls and the Panchama School 75 on that date. The former school contains five standards including the fourth. 2. As regards the location of either or both the schools in the proposed building the Chairman's letter and the Council's resolution are silent on the point. But from the description of the plans and estimates ~~given~~ read in the ~~preamble to the~~ resolution it appears that the building is for the Hindu school alone.

If it is considered necessary to obtain more definite information on this point ^{also} as to the present strength of the two schools, the draft memo: Submitted below may issue.

B
21/2/13

Let
24.2.13
