Educational ~~Department~~ Department.

S i r,

With reference to G. O. No. 143 Educational, dated 17th February 1913 ordering the translation and circulation of copies of a 'Lesson on Malaria' prepared by the Sanitary Commissioner, I have the honour to state that, if it is the intention of Government that a very wide circulation should be given to the pamphlet, only gratis circulation by officers of Government can ensure this.

If the Government are disposed to adopt this method of distribution, I request that orders may be issued regarding the number of copies that will be required to meet other than immediately educational needs.

I request the favour of early orders as the revised proofs of the vernacular translations are ready for despatch to the Press.

I have the honour to be,

Sir,

Your most obedient servant,

SUBJECT.

Printing of copies of "Lesson on malaria"

Submitted that as and the pamphlet on malaria has been or would have been widely circulated under fo. No. 841. L. dated 23<sup>rd</sup> June 11, there seems to be no necessity to again to circulate a similar pamphlet. The intention in fo. No. 143. Ed. of 17.2.13 does not appear to have been to give the pamphlet dealt with therein the same wide circulation as that in fo. No. 841. L. of 23.6.11. It would be enough if the circulation were confined only to educational institutions. It is for consideration whether the D.P.D. may be informed accordingly. A small margin of reasonable margin for sale may be allowed. Subject to approval a draft order is submitted below.
