To the Secretary to the Government of *Madras*,

S i r,

With reference to G.O. No. 349 Educational, dated 24th April 1912 approving my proposal to issue during 1912-13 a botanical bulletin edited by Mr. Fyson of the Presidency College, I have the honour to request that sanction of Government may be obtained for issuing 12 more numbers without further charge during the current official year.

*2. 12 numbers to be
free of cost to school.*

2. Last year the line blocks for the bulletin were prepared by the Madras Survey Office and the printing was done at the Government Press. But the Superintendent, Madras Survey, now reports that the Photo-Litho Section of his office is very much in arrears and suggests that the work may be done elsewhere. The Government Press also evidently finds it difficult

to prepare the litho press quickly. I request therefore that sanction for getting the line blocks done by Messrs Wiele and Klien and the letter press by Messrs Addison & Co., may also be obtained. It is probable that by this arrangement the bulletins will be issued much more promptly. Nor will the cost be high, as the charges for issuing 500 copies of each of the proposed 12 bulletins by private agencies are estimated at only Rs. 280/-.

3. The cost can be met from the allotment under 22. I. Education -- Miscellaneous - Miscellaneous in the current year's budget.

I have the honour to be,

S i r,

Your most obedient servant,

C. K. S. S. S.

for Director of Public Instruction.

There seems to be some confusion in the
Director's letter about the "litho press". As the
blocks are to be made by the photo-zincography
process by a firm of photographers, there will
be no lithography to be done, and I do
not anticipate any difficulty in getting
our small jobs like these quickly. They will
be printed at Mount Road Press, at a
total cost for printing and paper of Rs 63.
Our blocks should cost less than Rs 100 so
there will be a considerable saving by
having the work done at the Government
Press
