Madras.

Sir,

With reference to your letter No. 317 dated 9th February 1903, I <sup>am</sup> directed to forward herewith for favourable consideration a petition from certain military pensioners at Madras, asking that they may not be disturbed from occupying the houses they are at present living in.

2. The General Officer Commanding the Division desires me to say that, after 25 years of occupation of the site and 10 years since the last letter on the subject was written, it would be a very great hardship on these deserving people to shift them again. I am to explain that these pensioners are poor and helpless and consideration should, as far as possible, be shown <sup>to</sup> them on this account.

I have the honour to be,

Sir,

Your obedient servant,

OOTACAMUND.

Respected Sir,

With reference to your letter No. C/4722 dated 30th March 1903 to the address of the President, Corporation of Madras, we the undermentioned poor Pensioners most respectfully beg to lay before your honor our grievances for your kind consideration and favor of disposal.

It is a known fact that the land which was kindly granted to us when orders were issued to move from Rayapuram Lines in Survey No. 33, Tiruvettiyur High Road, has been occupied by us for the last 25 years. Now we came to understand that the Corporation of Madras is making arrangements to shift us to the place which we do not know and if our statement is correct.

We earnestly request that early steps may be kindly taken to defer the proposal for the present, as we could not get a place in the Municipal limits like the one now we have been occupying.

For which act of kindness and charity we shall ever pray.

We beg to remain,  
Respected Sir,  
Your most obedient Servants,

From P. L. Moore, Esq., C.I.E., J.C.S.,  
President, Corporation of Madras,

To The Secretary to the Government of Madras.

Local and Municipal Department.

Sir,

With reference to Government Memorandum No. 2024-2 M, dated 25th April 1913, I have the honour to submit the following report for the information of Government -

2. In G.O.No.621, Rev. dated 3rd September 1888, the Government approved the recommendation of the Board of Revenue that the land, bearing old survey No.33 of Tondiarpet - corresponding to R.S.No.1796/1 of Tondiarpet - and

(H)

2.  
and measuring 1 cawnie, 20 grounds and 400 sq.ft. be granted to the Municipality for accommodating the Military pensioners, who were evicted from the Regimental lines at Royapuram on sanitary grounds. The land was assigned to the Corporation subject to the following conditions:-

- (1) That the Corporation pay to Government an annual ground-rent of Re.1 a ground and retain control over the occupiers,
- (2) That, if the land were required by Government at any time, the occupier should quit on three months' notice without any claim to compensation for the huts &c., which might have been erected thereon,
- (3) That the President undertakes to see to the laying out and conservancy of the huts.

The pensioners were then permitted to occupy the new site, subject to condition (2) above.

3. Subsequently in April 1902, the Deputy Collector of Madras requested the President of the Corporation to give the pensioners three months' notice to quit the lines, with reference to the G.O. quoted above, as it was proposed to acquire the land for the construction of an engine-shed for the East Coast and Madras Railway. A notice was accordingly issued to them on 13th May 1902, on which they appealed to the Military authorities, protesting against their removal. The Government, to whom the matter was referred for orders, stated that, if the site be ultimately required for the said purpose, it would not be possible for them to avoid enforcing the express conditions subject to which the petitioners occupied the land - vide letter No.317, dated 9th February 1903, Revenue Department. Thereupon the Deputy Adjutant General, Madras Command, in forwarding a copy of this communication to the President, desired the Corporation to select another site for the proposed engine-shed, if that could possibly be done. The Deputy Collector was then requested to select a different site in consultation with the Engineer of the Madras Railway. The subject appears

to

12  
3.  
11  
to have been under correspondence for a long time and was eventually dropped. The petitioners were thus left undisturbed.

4. The present petition from the Military pensioners is presumably with reference to the recent proposal of Government sanctioned in G.O.No.776, Educational, dated 24th August 1912, to establish a Technical Trade School in North Madras to provide for instruction in tanning and mechanical engineering. A site has been selected for the school near the washermanpet Railway station and the site Committee has also approved of it. The Sanitary Commissioner has raised objections thereto on the sanitary ground that a tannery should not be allowed within Municipal limits and the matter is under the consideration of Government in the Educational Department. Should the Government ultimately decide upon the selection of this site and the Superintendent of Industrial Education require the use of the whole site for the purposes of the school and tannery, then I think a portion of the lines occupied by the petitioners should be resumed and the condition under which their original occupation was permitted, namely, vacating the site on three months' notice without any claim for compensation, should be enforced. If, however, the Superintendent of Industrial Education could dispense with the portion of the land actually occupied by the pensioners, they could be left undisturbed.

5. The enclosures received with the Government Memorandum are returned.

I have the honour to be,  
Sir,  
Your most obedient servant,

  
President.

it seems that the life now in issue

2. It is not clear for what purpose the ministry requires the site. The President of the Corporation who was refused to in connection with the leather school site has not made mention of any minul purpose for which the land might be needed.

3. Another petition from the Ayuntamiento - i. e. of military pensioners, which ~~was~~ had been under reference to the D.P.I has now been returned to him with his remarks. It may be observed that this petition definitely states that the land ~~was~~ is proposed for industrial purposes.

Please see the President's report at pages 10 to 12 of current file - the question of the resumption of the site now occupied by the petitioners depends on the decision that may be arrived at as to the site for the Technical Trade School and the extent of land required for it. The President's report may be forwarded up to the Revenue Department at whose instance it was called for, through the Educational Department, which may be in a position to state whether any decision has been come to in regard to the site for the proposed school.
