G.O. No. 140, Educational, dated 19th February 1912.

ABSTRACT.—Stating that the application from the Syndicate of the University of Madras for a grant towards the construction of a building for the University Library will be considered in connection with the budget for 1912-1913.

Order—No. 59, Educational, dated 24th January 1913.

The Government are pleased to sanction the payment to the University of Madras of a sum of Rs. 1.24 lakhs towards the construction of a University library on the following conditions:—

- (i) that pending Government approval of detailed plan and estimates the amount is funded by the University, and
- (ii) that no part of it is diverted to other objects.

(Proposed by the Director of Public Instruction.)

Revised estimate, 1912-13.—The budget provision for the current year is made up of—

G.O. No. 503, Educational, dated 2nd September 1909. (a) the usual Rs. 500 for the maintenance of Johnston of Carnsalloch Scholarship; and

(b) the special allotment of 1.50 lakhs made by this Government on the recommendation of the Finance Committee of 1912 for the construction of a University Library and the preparation of a Tamil Lexicon.

Out of this 20 lakh has been given for travelling allowance of Fellows and 06 for the cost in the current year of preparing the Tamil Lexicon. The balance (1.24 lakhs) will not be utilized as plans and estimates for the University Library are not yet ready, and the site has not yet been selected.

This may be done on the condition similar to that prescribed by India with regard to the imperial grant, viz., that the money should only be expended after the objects have been approved by Government.

C.R.

And that in the meantime the money is funded so that the University may obtain the interest on it.

A.G.C.—8-12-12.

The Accountant-General may be told to put it into the revised estimate and Educational to take action for the payment of the sum.

C.R.—5-12-12.

A.G.C.—8-12-12.

The Educational department make no suggestion as to whether provision should be made next year, but remark, that the amount (1.24 lakhs) may be paid to the University in advance. For orders whether the amount may be paid for investment—*Cf.* Honourable Member's note, dated 4th August 1912, on page 4 of Notes to G.O. No. 795, Educational, dated the 29th August 1912.

30. *Hostels*.—The following additions will have to be made on account of hostels :—

	Revised 1912-13. LAKHS.	Budget 1913-14. LAKHS.
(1) Grant (4.50) made by the Government of India in 1912-13 for expenditure in 1912-13 and 1913-14.	2.25	2.25

(3) Provision made by the Government in the Budget for 1912-13 under 45. Civil Works—Public Works Department for Georgetown Hostel accommodation.	1.50	Nil.
	4.71	3.21

As it is not known how much will appear under 45. Civil Works—Public Works Department and as the bulk of the amounts will appear under the present minor head "Grants-in-Aid," submitted that the full amounts may be shown under this minor head.

C.R.

Eight lakhs recurring grant for education.—The question has to be considered whether the 8 lakhs recurring grant from 1912-13 has been or is likely to be fully utilized. (It is probable that this recurring grant will be supplemented by a further recurring assignment from Imperial).

An extract from these notes, may, it is submitted, be separately sent to Educational for favour of scrutiny and remarks.

The Hon'ble Mr. Ramachandra Rao has made certain suggestions for additional expenditure under Education and the question is under consideration in the Educational department. If it be decided later on to incur expenditure on any of those items provision therefor may then be included in the budget.

If the suggestions in the foregoing paragraphs be accepted, the total figures will stand :—

V. GOPALAKRISHNAN—29-11-12.

The foregoing notes have, I think, succeeded in straightening out this somewhat complex budget.

Chief Secretary might perhaps like to see the following figures, which enable an idea, to be formed at one view, of the great increase of recurring expenditure from provincial funds into which we have been drawn by India's new "forward" policy in the matter of education :—

	LAKHS.	
+ 1.17 special non-recurring grant given on the recommendation of the Finance Committee.	1900-01 (actuals)	18.54 } Increase over the actuals of 1911-12.
1.75 special grant given by the Government of India.	1910-11 (")	39.86
	1911-12 (") + (45.66-2.92).	42.74
	1912-13 (revised)	69.61 } plus 26.87.
2.92	1913-14 (budget)	65.00 } plus 22.26.

The figure for 1911-1912 excludes 1.25 lakhs on construction of school buildings shown under 45. CIVIL WORKS.
The figure for 1912-13 excludes 2.90 lakhs for construction of school buildings shown under 45. CIVIL WORKS.

2. The increases in the current year (26.87) and in the ensuing year (22.26) over the actuals of 1911-1912 may be roughly classified as under :—

	Revised 1912-13.	Budget 1913-14.
(i) Non-recurring expenditure	12.05	2.45
(ii) Recurring—		
(a) From assignments made by the Government of India	10.00	10.00
(b) Balance—from Provincial revenues	4.82	9.81
Total ..	26.87	22.26

C. REILLY—5-12-12.

In Educational letter No. 612, dated 2nd September 1911, we said that "an annual increment of 2 lakhs might without risk be regarded as obligatory." This annual increment to educational expenditure was for elementary education alone and other branches of education, notably training schools and female education, must necessarily demand a considerable increase in funds. The undertaking given in Educational letter of 2nd September 1911 accounts for 4 lakhs out of 9.81 increase in Provincial expenditure in 1913-14 over the actuals of 1911-12 and heavy as the total advance I do not think it is excessive, or that we need grudge the money, having in view the vital importance of education, so long as we have the money and are satisfied that it is being properly spent. It is the last point on which we want more information. The Director of Public Instruction ought to be able now to submit a comprehensive scheme showing the lines on which educational outlay, especially on elementary education, is being conducted. The advance under subsidies to local bodies from 2.94 lakhs in 1911-12 to 9.70 in the budget estimate

There will be no difficulty about this. It is of course really an advance edition of the 1912-13 administration report. Perhaps it would help Financial best for the Director of Public Instruction to provide specific material for the Financial statements.

L. DAVIDSON—14-12-12.

for 1913-14 is heavy enough to justify our demanding a detailed programme and as Dr. Bourne has now had nearly nine months to work this out, it should be ready. This may be taken up separately with Educational.

A. G. CARDEW—8-12-12.

Extracts forwarded to the Educational Department.

C. REILLY—12-12-12.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

The statement on page 2 prepared by the Financial Department has been checked. It has been mainly based on the distribution of the Imperial grant as worked out by the Director of Public Instruction. The statement calls for the following remarks:—

(i) *Item (2).*—The figure “22” under budget for 1913-14 against girls’ schools should be “23” as shown below:—

	RS.
22-E. } Secondary girls’ school, Vizagapatam	19,375
22-H. }	
22-E. Muhammadan girls’ school, Ellore	1,134
22-F. Widows’ hostel, Presidency training school for Mistresses. .. .	840
22-H. Widows’ scholarships	1,440
Total	22,789

(ii) *Item (3).*—The figure 1.08 under “probable expenditure of 1912-13” against increased stipends to students in training schools, does not include the amount of Rs. 4,135 which the Director of Public Instruction’s statement suggested should be added to the head under “petty construction and repairs.” The necessity for this inclusion has not been explained; nor has it been provided in the revised estimate submitted by the Director of Public Instruction. Apparently for this reason, this amount has been omitted from the statement in issue prepared by Financial.

The Rs. 4,135 is an addition based, I believe, on much later and more accurate information than was available when the revised estimate was prepared in October. I expect it is right. Ask Director of Public Instruction separately.

L. DAVIDSON—6-1-13.

(iii) *Item (4).*—Though a sum of Rs. 34,000 has been sanctioned for sessional schools in the current year, no amount has been entered for this purpose under the head “probable expenditure 1912-13.” This is apparently because the amount was taken out of the provision of Rs. 45,000 made in the current year’s budget from Provincial funds. This may be accepted.

(iv) *Item (5).*—The amount entered against stipendiary grants under the “budget for 1913-14” is 0.9. In the Director of Public Instruction’s statement, a sum of Rs. 7,700 is shown with a footnote that Rs. 1,100 should be added to it. The Civil Budget Estimate, page 144, provides for an additional grant of only Rs. 7,700. Either this amount has to be increased to 0.9 or the figure in the statement in issue, which is only an extract from the Civil Budget Estimate should be cut down to Rs. 7,700.

The budget ought to be increased to 0.9.

L. DAVIDSON—6-1-13.

(v) *Total.*—It is not likely that the estimate for the current year will be fully realized under every head. There are already indications of some minor lapses. Thus the expenditure on scholarships for girls—10 lakh—will amount in 1912-13 to only 0.08. Please see G.O. No. 1037, Educational, dated 28th November 1912, and no expenditure is to be incurred on account of the new girls’ high school at Vizagapatam in the current year, as it is to be opened only from 1st March next.

(vi) *Classification of items.*—In the items classified as “recurring” occur (a) “Sessional schools”—item No. 4—and (b) the expenditure connected with the training of an extra batch of teachers included in item (3)—increased stipends to students in training schools,—both of which are of non-recurring character. Though outlay on account of these objects may have to be repeated for a few years in the commencement, it need not, necessarily, be counted as a recurring liability of a permanent nature.

G.O. No. 491, Educational, dated 1st June 1912.

The actual schools are not permanent, but similar institutions are likely to exist on a temporary basis for sometime to come. It is on the safe side to treat the outlay as recurring.

L. DAVIDSON—6-1-13.

2. With reference to the Financial note on page 1 *ante*, a draft order sanctioning the payment of the sum of 1.24 to the University is submitted for approval. It may now issue.

L. DAVIDSON—6-1-13.

3. As regards the Financial note on page 3 above, the Director of Public Instruction has submitted a note to be utilized for the preparation of the draft financial statement. A copy of this has already been forwarded to the Financial Department with the corrections subsequently made by the Director of Public Instruction therein. Revised proofs thereof are also submitted below.

L. DAVIDSON—6-1-13.

C. RAMANUJACHARI—5-1-13.

The Director of Public Instruction’s two notes represent the outcome of prolonged discussion with me. We both examined the case in detail and the Director’s remarks on the financial statement are intended to bring out those points which are regarded as important by the administrative department.

L. DAVIDSON—6-1-13.

FINANCIAL DEPARTMENT.

The Educational Department have put up a draft order sanctioning the payment to the Madras University of a sum of 1.24 lakhs towards the construction of a University Library.* This sum will be met from the current year’s budget grant of 1.50 under 22. EDUCATION—UNIVERSITY.

Cf. marginal note on page 1 ante.

Submitted that a sentence to this effect may be added when the draft order is communicated to the Accountant-General by Financial.

C. REILLY.

2. *Statement showing the expenditure in 1912-13 and 1913-14 on objects for which the Imperial recurring grant of 8 lakhs (now 8.25) is intended.*—It was calculated by this department that the expenditure in 1912-13 would be about 8.66 lakhs and that in 1913-14 about 10.28 lakhs. The Educational Department point out that the figure for 1913-14 should be slightly increased by Rs. 1,000 to 10.29 lakhs.

3. In regard to charges on account of “Sessional schools” and the training of extra batch of teachers in training schools, the outlay was taken as recurring in the statement prepared by this department. The Educational Secretary accepts this view as these charges will be repeated for some years to come.

the revised estimate for 1912-13 and budget for 1913-14 provide for an increase of Rs. 7,700 over the current year's budget. The extra cost is however Rs. 8,800—vide G.O. No. 378, Educational, dated 2nd May 1912 (pages 3 and 4) and this figure has been included in the statement prepared by this department. The Educational Department propose that the Accountant-General should be asked to raise the revised for 1912-13 and budget for 1913-14 by Rs. 1,100 in the second edition of the Civil Budget Estimate.
