GOVERNMENT OF MADRAS.
EDUCATIONAL DEPARTMENT.

READ—the following papers :—

I

G.O. No. 3, Educational, dated 4th January 1912.

ABSTRACT.—Sanctioning a building grant not exceeding Rs. 6,466 towards the cost of constructing a building for the use of the Roman Catholic Girls' School, Royapetta, Madras.

II

Letter—from the Hon'ble Sir ALFRED GIBBS BOURNE, D.Sc., F.R.S., K.C.I.E.,
Director of Public Instruction.
To—the Secretary to Government, Educational Department.
Dated—Madras, the 28th May 1913.
No.—R.C. 2839/13.

In G.O. No. 3, Educational, dated 4th January 1912, a two-thirds grant not exceeding Rs. 6,466 has been sanctioned towards the cost of constructing a building for the use of the Roman Catholic girls' school, Royapetta, Madras. The building is nearing completion. The management now propose to construct two lavatories, a kitchen, a gate-keeper's lodge and a compound wall, etc., at an estimated cost of Rs. 7,650 and have submitted the enclosed plans and estimates in duplicate, and they request that at least a two-thirds grant be sanctioned. I have the honour to recommend that, under article 57 of the Code of Regulations for European schools, a grant not exceeding two-thirds of the total cost may be sanctioned as a special case, subject to the scrutiny of the plans and estimates by the Public Works Department.

III

Note by the Chief Engineer, Public Works Department, No. 525-D.,
dated 17th July 1913.

The Director of Public Instruction submits, through the Educational Department, four plans in duplicate, and estimates amounting to Rs. 7,650 for constructing lavatories, kitchen, gate-keeper's lodge and compound wall for the Roman Catholic European girls' school at Royapetta, Madras.

The amounts of the estimates are noted below :—

	RS.
1. Two lavatories at Rs. 1,500 each	3,000
2. Kitchen	700
3. Gate-keeper's lodge	472
4. Passage	113
5. Compound wall and gate	2,636
6. Stoneware pipes for taking down drain water	729
Total	7,650

The plans and estimates have been scrutinised in the Chief Engineer's office and the scantlings of the roof timbers of the several buildings found to be correct, but in the design for the kitchen it is recommended that buttresses be constructed as marked in red on the plan to counterbalance the thrust of the arch over the fire place.

The Superintending Engineer should satisfy himself as to the suitability of the foundations provided.

With the above remarks, the estimates amounting to Rs. 7,650 are recommended for sanction.

C. A. SMITH,
Chief Engineer, P.W.D.

Order—No. 675, Educational, dated 22nd July 1913.

Under article 57 of the Code of Regulations for European schools the Government are pleased to sanction an additional grant not exceeding two-thirds of the actual expenditure, nor Rs. 5,100, towards the cost of construction of additional buildings in connection with the Roman Catholic girls' school, Royapetta, Madras, subject to the following conditions :—

(1) that in carrying out the work the suggestions of the Chief Engineer in his note read above are adopted; and

(2) that all the conditions prescribed in the Code of Regulations for European schools have been duly complied with.

2. On the above conditions being fulfilled the grant will be paid as funds become available.
