The Secretary to the Government of Madras,
Educational Department.

Sir,

I beg to bring to your kind consideration the following few lines:-

I was a student of Secondary School Leaving Certificate course in Wesley College, Royapet, Madras, during 1912-1913 and appeared for S.S.L.C. Public Examination held in the same College in March 1913 for English subject.

In May last, my S.S.L.C. was returned to the College with the percentage of 26 in English subject entered in it.

At seeing such a poor result, I was filled with horror and surprise and could not account for such. In the class, I was a very bright student and all teachers of mine have expected that I would get at least minimum percentage in English. Considering the efficient way in which I answered the English papers in the said Examination and the high expectations my teachers have had of me, it seems to me quite incredible that my percentage of marks could have been so low. I strongly suspect that there must have been considerable miscarriage either in tabulation of the marks or in valuation of the answer books. I, several times, drew the attention of the Secretary, S.S.L.C. Board of the supposed injustice occurred and begged him to investigate into the office records if the marks in my particular case had been judicious. No reply or anything of the kind has met my entreaties. I have even

addressed

addressed to the Director of Public Instruction on the matter.

I, under the circumstances, appeal to the benign Government which has taken upon itself the noble duty of dispensing justice to all citizens of India that are afflicted with some wrong or other, to just bring its influence to bear upon educational department to investigate into the office records and even into my answer books if the marking had judiciously been done.

I may add here that it is nearly two months since the results have been published and any quick correspondence to the Educational authorities on the matter would greatly help my cause and render, I believe, the justice desired.

I beg to remain,

Sir,

Your most obedient servant,
