READ—the following papers :—

I

Letter—from the Hon'ble Sir ALFRED GIBBS BOURNE, D.Sc., F.R.S., K.C.I.E.,
Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 22nd September 1913.

No.—Ref. on Cur. 7098 of 1911.

In their order No. 35, Educational, dated 17th January 1912, Government were pleased to sanction a two-thirds grant not exceeding Rs. 8,006 towards the cost of

Enclosures.

1. Plan of proposed extension of new buildings (in triplicate).
2. Site plan (in duplicate).
3. A rough sketch showing how the whole block will be utilized (in duplicate).
4. Abstract estimate for Rs. 15,475 (in duplicate).
5. Detailed estimate.
6. A short history of the institution.
7. A financial statement.
8. A statement showing the strength.

certain extensions to the buildings occupied by St. Joseph's European Convent Girls' High school, Calicut. The management now propose to demolish the old High school building and to

rebuild it with an upper storey and to demolish the old primary school building. They have submitted the enclosed plans and estimates amounting to Rs. 15,475 and apply for a half grant. The Inspector supports the application and I have the honour to recommend that a grant not exceeding half of the total cost may be sanctioned under article 57 of the Code of Regulations for European Schools. A short history of the institution and statements showing the financial position and the strength of the school are submitted herewith.

2. If sanctioned, the grant may be paid when funds are available and on all the conditions of the Code of Regulations for European Schools being fulfilled.

II

Note by the Chief Engineer, Public Works Department, No. 8225-C., dated 4th November 1913.

The Director of Public Instruction submits for sanction, through the Educational Department, three plans and estimate amounting to Rs. 15,475 for additions to the St. Joseph's Convent Girls' school at Calicut.

II. The plans and estimates have been scrutinized in the Chief Engineer's office and certain alterations have been effected in the scantlings of the first floor girders consequent on substituting Madras terrace over teak joists instead of jack arch floor provided in the estimate.

III. The abutments of the end arches to the right of the extensions have been made 3' 6" wide to counteract the thrust of the arches as shown in green on the plan.

IV. In the staircase the well is incorrectly shown and has been altered in green on the plans. There does not appear to be sufficient headway for an entrance under these stairs and a more convenient position should be found for the steps up to plinth.

V. The plans and estimates have not been countersigned by the Director of Public Instruction.

VI. With the above remarks the estimate as altered in the Chief Engineer's office, amounting to Rs. 15,850, is recommended for sanction.

S. D. PEARS,
Chief Engineer, P.W.D.
