Papers of other departments to be returned.

Department.	Number.	Date.	Original (=O.) or spare copy (=S.C.)	Date of return.

Note by the Chief Engr, P.W.D.

The revised scale sanctioned by the Secretary of State for India for the Drawing sections of ^{the} P.W. offices includes 24 upper subts. It is now proposed to appoint against 23 of these affts, the men ^{named} in ^{the} accompanying ^{statement} ~~list~~, who are already permanently employed in the dept. as draftsmen and who, ^{though they} have not passed the upper subts test of the College of Engineering, are efficient in their work. The statement gives particulars as to their age, qualifications, service and ~~their~~ salary. The Chief Engineer recommends that sanction of Govt may be ~~off~~ obtained to their exemption from ^{the} examination rules ~~in order to~~ for their afft. as upper subts.

Para 7 of
GO 1185W/12.6.13
R

STATEMENT showing draftsmen holding permanent appointments in the I Circle with particulars required in Chief Engineer's Memorandum No. 295-D, dated 6th June 1913, to be brought on the upper and lower subordinate establishments.

Serial number	Name.	Qualifications.	Age.	Length and particulars of service.	Present salary.	Recommendation of the Executive Engineer.	Recommendation of the Superintendent Engineer.
1	M.R.Ry. M. Kanakasabhai Mudaliyar, first grade.	1. Draftsman's test, first class. 2. Surveying and levelling (intermediate). 3. Mensuration. 4. Book-keeping 5. Commercial correspondence.	43 years	20 years, 3 months, of which 1 year and 3 months temporary at the beginning.	Rs. 130	Working in the Circle office	An excellent head draftsman who has been and is giving thorough satisfaction in what must be one of the heaviest, if not the heaviest, Circle Drawing sections in the Presidency. In view of the pay he is already drawing he is strongly recommended for a first-grade supervisor's post.
2	M.R.Ry. A. Parvatesam Pantulu, second grade.	Draftsman's test, second class.	37½ years.	17 years and 3 months, of which 1 year and 8 months temporary and for the last 6 years as draftsman, second grade.	70	A very neat and intelligent draftsman who has slaved at his work which has been no light task during the last two to three years. He is exceptionally hard-working and does not work mechanically but uses his brains to their best advantage. I can very strongly recommend him for one of the upper subordinates' posts. I think I cannot do better than enclose copies of his previous testimonials which will endorse what I have said above. He is physically fit for out-door duty and he understands surveying and levelling.	I quite agree with the Executive Engineer, and strongly recommend him for an upper subordinate's post.

11											circle	Date of 1st app. to this post	Total service	Remarks by the Super.					
Name	Designation	Post when appointed	Age	Years	Circle office.	Rs.	Draftsman, first grade (100-3-130).	Do.	70	Kistna Eastern division	35½	Draftsman, first class (metalist), Applied Mechanics, first class, first in the Presidency. Surveying and Levelling, second class, first in the Presidency. Geometrical Drawing, Elementary grade, first class. Hydraulics and Irrigation works, Elementary. Earth-work and Road-making. Mensuration.	21st Feb. 1888.	30th Nov. 1889.	4th Jan. 1908.	Y. M. D. 25 4 10		Is quite efficient as Circle head draftsman and up to the average, I think. Recommended for the Upper Subordinate cadre. After 25 years' service, cannot be expected to do executive work.	
WS 3	M.R.Ry. Y. Vallabharayudu Nayudu.			43½		115													
WS 4	M.R.Ry. S. Nāyāyanamurti.			36½		70		Do.		Kistna Eastern division						4th Oct. 1904.	14 2 26		An exceptionally good man and might rise to be head draftsman of a Circle office. Recommended for the Upper Subordinate cadre. Will naturally be more useful as a draftsman than as an executive subordinate.

No. W., AUGUST 1913.

Has acted as Municipal Engineer, Madure. Is recommended as an overseer, first grade, on Rs. 100.

1st September 1905 to 2nd September 1907, Surveyor. 3rd September 1907 to 31st May 1908, Technical Superintendent, sub. *pro tem*. 1st June to 5th July 1908, Acting Technical Superintendent. 7th July to 5th August 1908, surveyor. 6th August 1908 to 12th May 1909, Technical Superintendent, sub. *pro tem*. 13th May to 27th June 1909, Acting Technical Superintendent. 28th June 1909 to 16th September 1911, Surveyor. 17th September 1911 to 31st March 1913, Madure Municipal Engineer. 1st April 1913 to date, Surveyor.

Remarks.

No. W., AUGUST 1913.

Has been head draftsman of Chief Engineer for Irrigation's office since 1899. The head draftsman of this office has considerable responsibilities and duties which require special qualifications to carry out, and it has long been recognised that the pay of Rs. 150 is insufficient for the post. The present incumbent has shown himself well fitted for the work which he has done in a thoroughly efficient manner. He has long and meritorious service of 32 years.

Has been Superintendent of the Statistical section of Chief Engineer for Irrigation's office since 1904. The Superintendent of the Statistical section is the head of an important branch of Chief Engineer for Irrigation's Technical section and as in the case of the head draftsman, he requires to be specially qualified for the post but hitherto his pay has only been that of a first-class draftsman which is quite inadequate. The present Superintendent has proved himself in every way fit for the post during the nine years he has been in it. He also has to the personal knowledge of Chief Engineer for Irrigation good general qualifications as a draftsman.

Office of Technical Super for Irrigation

Particulars of Service

Total Service

Qualifications

Age

Name

From 31st October to 30th November 1881—Acting draftsman on Rs. 50 in Chief Engineer for Irrigation's office. From 1st December 1881 to 28th February 1882—Acting draftsman on Rs. 35, D Project division. From 1st March 1882 to 20th August 1883—Permanent head draftsman on Rs. 50, D Project division. Attached to Chief Engineer for Irrigation's office on 20th August 1883 as supernumerary and transferred to Tank Restoration Scheme office with a lien on his permanent appointment in Chief Engineer for Irrigation's office. From 21st August 1883 to 1st March 1894—Sub-*pro tem* head draftsman on Rs. 80 to 100 in Tank Restoration Scheme Central office. From 1st March 1894 to 8th February 1899—Sub-*pro tem* head draftsman on Rs. 115 in Tank Restoration Scheme Central office. From 9th February 1899 to date—Permanent head draftsman on Rs. 150 in Chief Engineer for Irrigation's office.

From September 1894 to October 1895—Draftsman on Rs. 30 to 50 in Tank Restoration Scheme Central office. From October 1895 to March 1897—Head draftsman on Rs. 50 in Tank Restoration Scheme No. 111 Party. From March 1897 to May 1898—Draftsman, Chief Engineer for Irrigation's office. From May 1898 to September 1898—Acting Statistical clerk, Chief Engineer for Irrigation's office on Rs. 80. From September 1898 to September 1902—Draftsman on Rs. 70 in Chief Engineer for Irrigation's office. From September 1902 to April 1904—Head draftsman of Special Superintending Engineer's office on Rs. 100. From April up to date—Statistical clerk on Rs. 80. From June to August 1905 and August 1909 to September 1905—Acted as head draftsman, Chief Engineer for Irrigation's office on Rs. 150.

1. Draftsman and Estimator, first class

General. 1. Matriculation Examination 2. Hand-writing test 3. Precise-writing Test 4. Account Test, Lower Technical. 5. Draftsman Test, first class 6. Surveying and Levelling (Intermediate) 7. Surveying and Levelling (Intermediate), 5. Applied Mechanics (Intermediate) 6. Hydraulics and Irrigation works (Intermediate). 7. Earthwork and road-making 8. Building materials and construction 9. Mensuration 10. building, drawing and estimating	19½	From 7th April 1894 to 7th April 1895—Assistant draftsman on Rs. 25 From 8th April 1895 to 23rd August 1899—Head draftsman on Rs. 40. No. 11 Tank Restoration Scheme Party. From 24th August 1899 to 23rd November 1899—Minor Irrigation overseer on Rs. 80, Timmervelly district. From 24th November 1899 to 21st July 1901—Head draftsman on Rs. 50, No. 2 Party, Tank Restoration Scheme. From 24th July 1901 to 2nd November 1901—Assistant draftsman on Rs. 50, Tank Restoration Scheme Central office From 3rd November 1901 to 13th June 1902—Head draftsman on Rs. 70, Lighthouse division. From 14th June 1902 to 1st September 1902—Draftsman on Rs. 70, Chief Engineer for Irrigation's office. From 2nd September 1902 to date—Draftsman on Rs. 80, Chief Engineer for Irrigation's office.	80	This draftsman has been on Rs. 80 for the last 11 years, the most he can get until there is a vacancy as C.E.I. or S.C. in either of which posts he would be tried as he is an intelligent competent draftsman and has efficiently carried out the duties of head draftsman, Ootacamund.
17 M.R. By. S. Purandara Rao.	38	General. 1. Matriculation Examination 2. Hand writing test Technical. 3. Draftsman, first class 4. Practical plane and solid geometry (Intermediate). 5. Earthwork and road making (Elementary) 6. Surveying and Levelling (Intermediate) 7. Hydraulics and Irrigation works (Elementary). 8. Applied Mechanics (Intermediate)	19	1 month—Clerk on Rs. 15 in the Kistna Northern division. 3 months—Draftsman on Rs. 35 in the Kistna Northern division. 4 months—Draftsman on Rs. 40, Buckingham Canal division. 9 months—Clerk on Rs. 40, Buckingham Canal division. 6 months—Clerk on Rs. 40, Buckingham Canal division. 1 year—Draftsman on Rs. 50, Cauvery Completion project. 8 months—Draftsman on Rs. 60, Cauvery Completion project. 1 year 3 months—Draftsman on Rs. 70, Cauvery Completion project. 3 years 7 months—Head draftsman on Rs. 50-70, Public Works Workshops (permanent). 10 years 7 months—Draftsman, Chief Engineer for Irrigation's office on Rs. 70.	70	Previous to coming to this office in which he has been over ten years on Rs. 70, this man was head draftsman of a Division office. The draftsman has done the work of senior draftsman in the current section satisfactorily and is deserving of promotion.
18 M.R. By. P. Dharmarajulu Nayudu.	46½	General. 1. Middle School Examination Technical. 2. Draftsman Test. 3. Applied Mechanics (Intermediate). 4. Freehand and Geometry. 5. Undergone the course required for the Preliminary Higher Examination in Surveying and Levelling at the Teachers' College.	23½	4 years, 10 months. Draftsman, Office of the Consulting Engineer for Railways, on Rs. 20-2-30. 5 months. Draftsman, Office of the Consulting Engineer for Railways, on Rs. 35. 1 year 3 months. Draftsman on Rs. 40, Office of the Chief Engineer for Irrigation. 9 years 9 months. Draftsman on Rs. 50, Office of the Chief Engineer for Irrigation. 6 years 11 months. Draftsman on Rs. 55-3-70, Office of the Chief Engineer for Irrigation.	70	This draftsman was selected in 1906 when the Tank Restoration Scheme Central office was abolished, for the post of Tank Restoration Scheme draftsman in Chief Engineer for Irrigation's office on Rs. 55-3-70. Though for the efficiency of the office it is advisable to keep this man on Tank Restoration Scheme work, as he has along experience of it, for which Rs. 70 is sufficient, it is considered that he is deserving of promotion as he is a good draftsman capable of taking up work in any other branch of the Technical section and should not be barred promotion on account of his having been made to specialise.
19 M. Balasubrayalu Chetti.	37½	General. 1. Middle School Examination Technical. 2. Draftsman Test. 3. Hydraulics and Irrigation works. 4. Applied Mechanics. 5. Surveying and Levelling. 6. Earthwork and Road-making. 7. Mensuration. 8. Practical Plane and solid Geometry. 9. Geometrical Drawing. 10. Freehand Model and Outline Drawing.	16	2 years 11 days. Temporary draftsman in Chief Engineer for Irrigation's office on Rs. 30. 6 years 10 months 15 days. Permanent draftsman on Rs. 30 in Chief Engineer for Irrigation's office. 6 years 11 months 19 days and to date. Permanent draftsman on Rs. 50 in Chief Engineer for Irrigation's office.	50	Has put in his whole service of 16 years in Chief Engineer for Irrigation's office. His promotion has been slower than it would have been if he had been in Circle, having been on Rs. 50 for the last 7 years, whereas in a circle he would have probably risen to be a head draftsman. At present he is the second man in the Statistical section and his work in this and the Current section has been perfectly satisfactory.
20. P.C. Gopalasami Naicker	34½	1. Draftsman's test (1st class) 2. Technical Examination, in Surveying & levelling, Earth work & road making, mensuration, topography, drawing, freehand and outline drawing, practical plane & solid geometry, mensuration, drawing.	16½	16½	150 in 125-57½ feet	Head draftsman, Special side
21. Sub. Sahay Sahib	40½	Exempted by Govt. from Examine. rules	23½	23½	125 in 75-57½ feet	Draftsman, 1st. grade.

(Don't see how it could
be imposed without running all the
guarance. But should it be draft
or that they recruited for employment
as drafts men only?

W/11

Please vide statement
in the current file.

* Except no. 13
(page 3 of 4)

Submitted that as the candidates recom-
mended for exemption are all employed
in the drawing sections ~~and drafts men~~ and have apparently
not had any experience in out-door
work, it is not likely that they will be
transferred for ~~exec~~ executive work.
The Chief Engineer's note (p. 194) speaks only of their qualifications as drafts men.
Still, it would, perhaps, be better to
specify that the exemption sanction
is only in respect of their employ-
ment as draftsmen ~~to make matters clear~~
~~possible and of each and every one~~
The words "for employment ^{in the drawing} ~~in the drawing~~
sections of the Public Works Department" is ac-
cordingly added to the draft. If approved,
the draft order may, perhaps, be sent
to P.W.D for acceptance or remarks.

PUBLIC WORKS
6/10.11.13

D.W.
W

It does not seem desirable to impose the restriction proposed by the Educational Dept., viz, to limit the employment of the men to the drawing section, ^{because} the main object of the reorganisation ^{is} ~~being~~ to improve the efficiency of that section by making the men employed ^{in the drawing office} ~~there~~ interchangeable with those ⁱⁿ ~~of~~ the -- executive branch - Vide sub para (3) of para 6 on page 20 of G.O.No.1185 W dated 12-6-13. This policy may be adopted even in the case of the existing men in any case in which such a course may be recommended by the Suptg.Engineer, the discretion being left with the Chief Engineer to accept ^{or not} ~~or not~~ such a recommendation.

It seems therefore that the words "for employment in the drawing section of the Public Works Department" ^{should} ~~be~~ be omitted from the draft.

TBN

Submitted Educational may be asked to omit the words "for employment in the drawing section".

W.M.
18.11.13.

W.

The effect of leaving the above word, in the order will be to prevent Supt. Engineers from employing many of these draughtsmen on out-of-door work. Few, if any, of them are qualified for out-of-door work & it will therefore rarely happen that

PUBLIC WORKS DEPARTMENT.

any harm will come of the S.E.'s action
being there fettered, but as there
seems no particular object in so
fettering it, & as it might reasonably
be convenient to send a draughtsman
out, perhaps Ed! would not object
to the omission of the word.
